Requirements.

KEENE STATE COLLEGE
FRENCH MINOR

Courses taken for the minor **may** also be used to fulfill the Arts and Humanities component (B) of the General Education requirements.

The French minor serves the needs of students planning to acquire an active command of French while majoring in another subject. Natural combinations are French with Management, Computer Science, Industrial Chemistry or Industrial Technology.

New students will be assigned to the proper course on the basis of placement interviews with the Modern Language faculty. In general, however, students who have had no prior instruction or experience with a language should register for 101. Students with one or two years of successful high school study should register for 102. Students with three or more years should register for 201. Exceptions to these guidelines will be granted only by the Modern Language faculty.

ML 101: The World of Language	___	_3_
