To Whom It May Concern:

Your website posting for an **Entry Level Publicist** would be an ideal beginning to my career in television. With my degree in communication and journalism, I have all the qualifications that NESN needs to offer superb coverage of Boston Bruins hockey.

While studying communication and journalism at Keene State College, I worked with the campus television news station. This gave me the experience of interviewing, script writing and editing. It also gave me knowledge in all of the crew functions. Working in a team as well as a loosely structured environment, I have succeeded in achieving great coverage for the college's sports teams. My coverage was featured in the local city newspaper, *The Keene Sentinel* as well as the college's weekly paper, *The Equinox*.

I have immediate availability and can be reached at 603 555-1555 or jsmith2009@gmail.com Thank you for reviewing my attached resume and for your consideration.

Sincerely,

Joe Smith
