**KEENE STATE COLLEGE
APPLIED COMPUTER SCIENCE MINOR**

The growth of computer usage in society is expected to continue unabated for the foreseeable future. Well-educated as well as well-trained people will be needed. This minor enables liberal arts and sciences and professional studies students to add a career option to their baccalaureate programs.

A maximum of 9 credits used to complete major requirements may also be used to complete requirements for the minor. Courses taken for the minor may also be used to satisfy General Education requirements.
