**KEENE STATE COLLEGE
NUTRITION MINOR**

The Nutrition Minor is a coherent group of courses which provide a more thorough knowledge of nutrition for those students who wish to complement course work in major areas such as safety studies, physical education, management, psychology or sociology.

Courses in BIO and CHEM used for the minor may be used to fulfill the Sciences/Mathematics component (D) of the General Education requirements.

*BIO 100: Human Biology	___	_3_
