Any change in the items contained in the Student Handbook will be published in the appropriate campus media.

All students are responsible for acquainting themselves with the contents of the Student Handbook. If questions arise, do not hesitate to call the Dean of Students Office for clarification or assistance (358-2842).

Student Code of Conduct

Revised August 2016

Authority

The responsibility for the College Conduct System lies with the following individuals:

The **Vice President for Student Affairs and Enrollment Management** has ultimate authority over the College Conduct System, including interpretation of policies and the system's procedures.

The **Dean of Student's Office** provides oversight for the day to day operations of the Student Conduct Office and, in accordance with College policy, approves the Code of Conduct.

The **Director of Student Conduct** is charged with providing comprehensive leadership, management, and vision for the Student Conduct Office. She/he sets the tone and direction for the office and develops the conduct codes, adjudication systems, related procedures, trainings, and coordinates all nominations to the Hearing Board. The Director is responsible for the overall coordination of the processes used to administer the Student Code of Conduct, including interpretations of policies and the system's procedures.

The **Coordinator of Student Conduct** is the professional staff member responsible for case management and primarily focuses on residential students who are accused of violating the Code of Conduct. Additionally, she or he serves as the primary Hearing Officer for cases where separation from the College is a possible outcome. The Coordinator also leads annual trainings for hearing board members.

Hearing Officers are individuals who, through their job responsibilities or authorization by the Director of Student Conduct, initiate action on possible violations to the Code of Conduct. The Hearing Officer may hear or otherwise resolve student misconduct.

Hearing Board Members are faculty, staff, and students who have been trained to hear and act on student conduct violations.

Definitions

The following terms are used throughout the Student Code of Conduct. "College" throughout this document refers to Keene State College.

A Policy is a written regulation of the College, including, but not limited to, those found in the [Undergraduate and Graduate Catalog](#), Student Handbook, the [Terms and Conditions of the Residence Hall Contract](#) (pdf), the [College Parking and Motor Vehicle Policies](#), and the complete list available in the [policies](#) section of our web site.

Throughout this document, reference is made to a number of individuals who are involved in the College Conduct System.

Good Samaritan Policy (GSP)

The Keene State College community recognizes that the health and wellness of students are of the utmost priority. When alcohol and/or drug use creates medical or safety emergencies, potential for college disciplinary action may deter students from seeking assistance for themselves or others. The Good Samaritan policy was developed to support students to act with their own and others' health and safety as the primary concern. This policy applies only to College policy and does not prevent action by local or State authorities. Keene State College does not condone underage drinking, the over-consumption of alcohol, or the use of drugs. The policy exists to encourage students who find themselves in life-threatening situations with alcohol and/or drugs to call for help. The Good Samaritan Policy is enacted by the Director of Student Conduct or his/her designee upon review of the situation.

This Good Samaritan policy grants immunity from punitive disciplinary action to students who seek medical attention for themselves and/or other students in alcohol or drug-related incidents. This policy does not grant immunities for other violations such as distribution of a controlled substance, disorderly conduct, vandalism, assault, etc. Students who are granted immunity under the policy may still be required to complete alcohol and/or drug education activities, assessments, and/or treatment. Failure to meet these requirements will result in application of the disciplinary actions. In incidents of alleged sexual misconduct, the college's focus will be on addressing the sexual assault and not on the lesser policy violations that may be discovered or disclosed.

Keene State College does not have the authority to dispose of and/or grant legal immunity for controlled substances, and will contact KPD whenever necessary.

Conduct Expectations & Policies (Violations)

As members of the College community, students and their organizations have an obligation to know and abide by the Student Code of Conduct. Through its policies and regulations, the College has identified the behavioral expectations it has for its students. The College expects that students will behave in a mature and responsible manner at all times. Students who fail to do so will be referred to the College's Student Conduct System.

Residential students are expected to know and abide by the Terms and Conditions of the Residence Hall Contract. Any violation of these policies and regulations will be considered a breach of the contract and may lead to disciplinary action and/or removal from on-campus housing.

Students living in residence halls are responsible for all events and/or behaviors that take place in their room/suite/apartment. If a resident is uncomfortable with what is taking place (e.g., drinking, noise, too many guests, etc.), the College expects students to address policy violations with their peers, set expectations that are mutually acceptable, and uphold the expectations of the College. If this is not possible, the student is obligated to leave, get a Resident Assistant or call Campus Safety.

College conduct proceedings may be instituted against a student who is subject to prosecution for violation of law in any judicial venue without regard to the pendency or outcome of the judicial proceedings when the conduct alleged is also a violation of the Student Code of Conduct.

Violations, particularly those associated with alcohol and controlled substance use, which occur during the Orientation period will be sanctioned more severely than those occurring during the academic year.

The Student Conduct Office will address violations of the following list of policies. College policies are described in detail elsewhere in the Student Handbook. This list is intended, therefore, to be illustrative and not exhaustive.

Keene State College students are expected to abide by and comply with each of the following:

Responding to Violations of College Policy (Sanctions)

Reports of any alleged policy violation should be given to the Department of Campus Safety, Residential Life Staff, or another College Official, normally within 30 days of either the incident taking place or knowledge of the incident becoming available. Extension of this time period may be granted at the discretion of the Student Conduct Office.

Upon receipt of a report, the Student Conduct Office will review the materials and determine what College policies may have been violated, and the manner in which the infraction will be addressed. These alleged policy violations become the charges which will be brought by the College against the Responding Party through the Conduct System.

In the case of an alleged violation by a student or student organization of any of the College's policies regarding sexual misconduct incidents, the College will follow the procedures outlined in the [Sexual Misconduct Policy](#) section of the Student Handbook.

Interim Suspension:

Interim suspension will only be issued upon the direction of the Dean of Students or his/her designee.

In certain circumstances a student or student organization may be suspended or face restrictions in activities prior to a hearing. This might occur in an effort to ensure the health, safety, or well-being of members of the College community or to preserve College property; to ensure the suspended student's physical and emotional safety and well-being; or to prevent the disruption of, or interference with, the normal operations of the College.

When a student or student organization is placed on interim suspension, the student will receive requisite notice and a hearing will be scheduled as soon as is practical.

A student placed on Interim Suspension is not permitted access to the College campus or to participate in any College sponsored or supervised activities, including classes. If there is an administrative need to be on campus, the student must submit a written request to the Dean of Students office including the exact date, time, and reason for such request. A student placed on interim suspension is ineligible to register for or attend classes at any other USNH institution while the charge remains pending.

Educational Letter

Electronic educational letters address quiet hours and health & safety issues. These letters are noted in a student's conduct record and may be used in determining appropriate sanctions for future violations.

The student or student organization has the right to request a hearing to discuss the charges. Contact must be made with the College official who sent the educational letter within five business days of receipt of the letter, otherwise the matter will be considered resolved and the student/organization will be required to fulfill the specified expectations or directions.

College Adjudication Procedures

Students accused of violating College policy will be summoned to an administrative hearing with a hearing officer. In situations involving suspension or expulsion level violations, students will typically be summoned to a hearing board.

It is important to note that the rules of process, procedure, and/or evidence that are applicable to civil and criminal cases do not apply to College hearings.

Administrative Hearing

When it is determined that an incident may involve policy violations that must be addressed through an administrative hearing, the Hearing Officer will contact all the students alleged to be involved in the policy violation. This contact, via e-mail to the College-issued e-mail account, will include:

- The policies the student is alleged to have violated;
- A date, time and location for the student to meet with the hearing officer;
- A copy of relevant written materials that constitute evidence of the violation (audio and video materials are the property of the College; copies will not be sent to the Responding Party but will be available for review with the Hearing Officer up to 24 hours prior to the scheduled hearing or hearing board by appointment);
- A web link to the student's rights in the conduct process.

Students have the option to:

- A. Take responsibility for the violation(s) they have been charged with; or
- B. Indicate they are not responsible for some or all of the violations they are charged with.

Students generally have no less than two but no more than 20 days for the administrative hearing to occur. In cases where circumstances prevent the hearing being scheduled within this time frame, for example, during the start or end of the semester and during examination periods and summer session, the timeframe may be waived or extended at the discretion of the Director of Student Conduct or her/his designee. **In addition, a student charged with a violation(s) may waive the minimum two-day period.**

Students with pending criminal charges may request a delay in the hearing until the conclusion of their legal case. The Director of Student Conduct will determine whether to grant or deny the request. Please note that this request is only granted in certain circumstances.

Hearing Board

The Keene State College Office of Student conduct will convene a hearing board for the purpose of adjudicating an alleged incident of a suspension or expulsion level policy violation involving students. The hearing will provide a fair, impartial, and equitable process that respects the rights of all participants. The Board will determine if a policy violation occurred using a preponderance of the evidence standard - namely, that it is more likely than not that the student or student organization has committed the violation as charged.

Composition of the Hearing Board

The Hearing Board shall be composed of College faculty, staff, and student members who are trained annually on student conduct issues, investigations, and hearing practices. In each hearing, the Board shall be comprised of three members of the College community and a fourth member who serves as the Hearing Chairperson (typically a staff member of the Student Conduct Office or designee) who is charged with conducting the hearing. Each Hearing Board typically will have one student member, two faculty/staff members, and a non-voting Chairperson. During certain times of the year having a student member may not be feasible (e.g. during the start or end of the semester, during examination periods and summer session, as well as other times deemed necessary due to calendar, personnel, and/or other special consideration). Student Hearing Board Members must be in good disciplinary standing, have completed one semester of courses at Keene State College (unless otherwise approved by the Director of Student Conduct), and attend mandatory trainings. In cases where a Hearing Board member feels she or he is unable to hear a particular case without prejudice, the member will voluntarily remove himself or herself from that hearing.

There are times (e.g., during the start or end of the semester, during examination periods and summer session, as well as other times deemed necessary due to calendar, personnel, and/or other special consideration, or when a student has received a warning that being found responsible for a particular violation will result in a suspension/expulsion) when constitution of a board will not be practical. At such times, the Board may not include a student member or the Director of Student Conduct or his/her designee will adjudicate the case in lieu of a board. Additionally the Responding Party may request to the Director of Student Conduct an Administrative Hearing in lieu of a Board when she/he is taking responsibility for the violations he/she has been charged with. The Director or his/her designee will determine whether or not to grant this request

At the hearing board, the following individuals may be present:

- Hearing Chairperson (typically a staff member from the Office of Student Conduct or designee);
- Three Hearing Board members;
- Reporting party;
- Responding party;
- Advisor for the Reporting and/or Responding party (if applicable);

If concurrent criminal or civil charges have been filed in association with the incident then the student may have a non-College-

related attorney present at the hearing as a non-participating observer;

- Witnesses- only while providing relevant information).

The Hearing Chairperson ensures:

- All parties are introduced;
- The rights of the parties involved are acknowledged;
- Each party involved hears and accepts the “Expectation of Truth Statement”;
- All alleged conduct code violations are read;
- Investigation report is presented;
- The Responding Party is provided an opportunity to state that she/he is responsible, not responsible, or declines to make a statement, for each alleged conduct code charge;
- Each party and witness has an opportunity to be heard and to submit relevant questions for consideration;
- That each party have the chance to describe any mitigating factors relevant to this situation;
- That each party is provided the opportunity to provide a closing statement to the Hearing Board.

If either party wishes to do so, they may provide a written impact statement to the hearing chairperson. If the responding party is found responsible, the chairperson will share the impact statements with the hearing board members as part of the sanctioning conversation.

All hearing board proceedings are audio recorded by the Student Conduct Office, but recordings are not permitted by other parties.

If any individual should become disruptive during the hearing, including witnesses and advisors, the Hearing Chairperson retains the discretion to remove that individual from the hearing.

Students with disabilities are encouraged to disclose their disability and request accommodations to the Hearing Officer prior to the hearing if they feel that knowledge of such could affect decisions made in the hearing. If the student is not registered with KSC's Office of Disability Services (ODS) then the student should contact ODS immediately and provide appropriate documentation. The Office of Disability Services will establish eligibility and verify requested accommodations. Undocumented/undisclosed claims of disability cannot be considered during or after the hearing process is complete.

Witnesses

Witnesses must have direct knowledge of the incident being adjudicated. Both the Reporting Party and the Responding Party may present witnesses. It is the obligation of the student who wants the witness to attend the hearing to notify them of the date, time, and location of the hearing. Additionally, a student must notify the Student Conduct Office at least 24 hours prior to the hearing who they intend to call as a witness.

Please note that character witnesses are not allowed to provide statements during a hearing.

Hearing Board Deliberations

At the conclusion of the Hearing Board, all parties will be dismissed from the proceedings and the Hearing Board will deliberate privately to determine the Responding Party's responsibility for the alleged conduct code violation(s). All decisions require a majority vote from the Hearing Board members.

If the Responding Party is found responsible, the hearing board will recommend appropriate sanctions based on the severity of the violation, that student's conduct history, and case precedent. During the sanctioning phase of deliberations, the Hearing Chairperson will:

- Disclose the Responding Party's past student conduct history, if any;
- Provide sanction parameters, as defined by this policy for the applicable violations of the code of conduct.

If the Responding Party is found not responsible, there is no discussion of sanctions and the official proceeding concludes.

Once a recommendation is made, the Hearing Chairperson will submit the recommendation for sanction for review to the Director of Student Conduct or his/her designee.

Both the Reporting Party and the Responding Party will be informed of the hearing outcome, in writing, concurrently. The final outcome letter will set forth the name of the Responding Party; the violation(s) of policy for which the accused student was found responsible, if any; any essential findings supporting the decision of responsibility; and the sanction(s) imposed, if any.

Suspension Level Violations

Alleged commission of the following violations may result in interim suspension. Being found responsible for violating these policies may

result in Disciplinary Suspension or Disciplinary Expulsion from the College.

Please note that the following list is not all inclusive:

1. Distribution or evidence of intent to illegally distribute drugs or alcohol.
2. Possession or evidence of use of illegal drugs other than marijuana.
3. Instigating a riot or other disruption as described in the disorderly, disruptive or indecent behavior policy.
4. Arson or attempted arson.
5. Driving under the influence of alcohol or controlled substances.
6. Physical altercation with public safety (i.e. Police, Fire, emergency response personnel, Campus Safety) or College Officials.
7. Infliction of physical harm or threatening/endangering others.
8. Sexual misconduct as outlined in the sexual misconduct policy.
9. Intentionally causing a false fire alarm.
10. Committing or planning to commit discrimination or discriminatory harassment.
11. Committing or planning to commit hazing.
12. Repeated violations of college policy.

Statement of Rights for Involved Parties

In keeping with the mission and values of Keene State College, all hearings shall afford students the important rights identified below:

- A fair, impartial, and equitable process that respects the rights of all participants;
- Be treated with respect by College officials;
- Written and timely notice of charges and hearing absent extenuating or extraordinary circumstances;
- Be presumed not responsible until found responsible by a preponderance of evidence;
- Have an advisor with them throughout the resolution process
If concurrent criminal or civil charges have been filed in association with the incident then the student may have a non-College-related attorney present at the hearing as a non-participating observer;
- Review all relevant documentary evidence regarding the allegation including the investigative report, at least two (2) days prior to a student conduct hearing;
- Have unrelated past behavior excluded from the hearing;
- Choose not to present evidence or speak on their own behalf. A decision will still be rendered based on the information that is presented at the hearing;
- Make an impact statement and to have that statement considered in determining sanctions;
- Be informed, in writing, promptly of the outcome, pending all appeals;
- To appeal the decision and/or the sanction imposed based on specific grounds.

Advisors

Information for Advisors

The advisor in a student conduct process may be anyone of the student's choosing as long as s/he is a current member of the College community. Advisors are not permitted to speak during the proceeding, though s/he may confer and speak privately to the advisee. The advisor may not be included in the list of witnesses; s/he may only function in the capacity of an advisor.

In cases where an alleged violation(s) of the Sexual Misconduct Policy are being adjudicated, any party may have an advisor of choice. These advisors must still follow the Code of Conduct throughout the process.

When selecting an advisor, students should remember that the advisor may not be fully aware of the student conduct process and is probably not an expert in conduct proceedings. All advisors are expected to review the Code of Conduct and abide by College policies throughout the process.

The advisor should assist the advisee with the following:

1. Review and understand the alleged violation(s) and the student conduct process;
2. Prepare the student to share their side of what occurred in the alleged incident;
3. Think of questions to ask the witness(es) called to present information at the hearing;
4. Take notes during the hearing;
5. Suggest additional questions to ask witnesses and the other party based on their statements;
6. Help keep the advisee calm and in control;
7. Provide moral support to the advisee prior to and during the proceeding.

Please note that while advisors may contact the Student Conduct Office to discuss general process questions and their role as an advisor, the Student Conduct Office is not permitted to discuss the specifics of a case.

A student may also ask an advisor for help in preparing a letter of appeal, should the student choose to appeal the hearing outcome.

If concurrent criminal or civil charges have been filed in association with the incident then the student may have a non-College-related attorney present at the hearing as a non-participating observer but not as the student's advisor.

List of Advisors

College Sanctions

A student or student organization found responsible for violating the Code of Conduct will be sanctioned based on the specific violation(s). Factors such as past conduct action will be taken into consideration when sanctions are imposed.

Since students and student organizations have the right to appeal (based on specific criteria - see [Appeals](#) section), sanctions will generally not be implemented until the appeal process has been exhausted. However, in cases where the health, safety, or well-being of a particular student or the College community is threatened, the Director of Student Conduct may authorize immediate implementation of any sanctions and offer to expedite the review. She or he may also authorize immediate implementation of the sanction(s) during the final examination period.

The following list identifies the range of sanctions that may be imposed on a student or student organization, either individually or in combination. The list is not all-inclusive; it provides a sample of the types of sanctions that may be issued.

a. Official Warning: A documented warning that unacceptable behavior has occurred. Further similar behavior or another violation of the Code of Conduct may result in more serious action.

b. Educational Sanction: Any of a broad range of assigned sanctions meant to help the student learn from and reflect on their behaviors as a member of the KSC community.

c. Restitution: This sanction requires a student to provide an appropriate monetary or material replacement for the loss, damage, or injury caused as a result of the misconduct. In situations where restitution cannot be billed directly to a student's account at the Student Accounts Office, a hold will be placed on their account by the Dean of Students Office pending proof of payment of, or acceptable payment plan for, the restitution approved by the College official who issued the sanction of restitution.

d. Disciplinary Restriction (DR): Disciplinary Restriction limits and/or reduces the privileges of a student or student organization. a DR normally lasts for a specific period of time, although some conditions may remain in effect permanently. Additionally, a DR is a sanction level at which the Dean of Student's Office will report information in response to reference checks or referrals.

While this list is not all-inclusive, examples of conditions of DR are:

- loss of guest privileges;
- re-assignment to another residential facility;
- being banned from specific College facilities;
- being denied the privilege of posting materials in College facilities;
- being denied the ability to schedule and hold events in College facilities;
- an indication that if specific violations occur again, a student will be banned from all on campus residential facilities;
- being denied the ability to select a housing assignment or type of housing for the following academic year;
- being removed from College housing;
- an indication that if specific violations occur again a student or student organization will be suspended, expelled, or deactivated.

e. College Probation (CP): Restricts or alters the relationship between a student and Keene State College placing the student out of good standing with the College. CP normally lasts for a specific period of time, although some conditions may remain in effect permanently. Being placed on College Probation may affect a student's ability to participate in study abroad and alternative spring break programs. Additionally, CP is a sanction level at which the Dean of Student's Office will report information in response to reference checks or referrals.

It is important to note that students who violate policy while on CP will receive a higher level sanction. This may include being suspended for at least one semester from the College.

f. Deferred Suspension: The loss of the privilege to attend Keene State College for a period of time may be deferred. This means the suspension would not be enforced immediately pending specific actions or conditions imposed upon the student being fulfilled. Any violation of those conditions or failure to act will result in enforcement of the suspension and it may also result in further disciplinary action.

g. Disciplinary Suspension: The loss of the privilege of attending Keene State College for a specified period of time, normally not less than one semester or more than two years. During the period of suspension, the student is not eligible for a statement of "good standing." A suspended student is banned from campus and may not attend classes or attend or participate in any College function during this period. Suspended students may petition the Dean of Students to be allowed on campus for administrative reasons. ___A notation of "Disciplinary Suspension" is entered on the student's transcript. Students suspended for a semester or more must apply to the Director of Admissions for formal readmission to the College. When suspended, the student is ineligible to register for or attend classes at any University System of New Hampshire (USNH) institution for the duration of the suspension. Please note that students who are suspended forfeit their right to a financial refund. The full policy can be found on the [Student Accounts](#) website.

h. Disciplinary Expulsion: This constitutes the final separation from Keene State College and renders the student ineligible for readmission at any time in the future. In addition, the student is permanently banned from the College premises and may never receive a statement of "good standing." Students who are expelled for disciplinary reasons may be only allowed on campus for legitimate campus administrative business with the prior approval of the Dean of Students.

The notation of "Disciplinary Expulsion" is entered on the student's transcript and becomes a part of his or her permanent record. The student is ineligible to register or attend classes at any USNH institution for two years following the date of the expulsion from Keene State College. Please note that students who are expelled forfeit their right to a financial refund. The full policy can be found on the [Student Accounts](#) website.

i. Deactivation of a Student Organization: Loss of recognition by the College for either a specific period of time or permanently. Upon completion of the period of deactivation, an organization may have the opportunity to make a new application for College recognition. Often, the organization must show that it has complied with the sanctions or agreements associated with the deactivation.

j. Fines: Monetary fines will be issued to students who violate certain College policies. These fines will be applied to student accounts within 30 days of the incident being adjudicated. Students will be notified of the amount by an educational letter or hearing outcome sent to their KSC issued email address. Payment can be made at the Bursar's Office once the fine appears on the account. Failure to pay the fine will result in additional conduct action.

Below are the standard fine amounts for alcohol and marijuana violations that are charged to a student in addition to other sanctions (Educational programs, College Probation, etc). Please note that each case is heard on its own merits and depending on the many factors involved, a student may start at a lower or higher fine amount. For example, violations of the College's hosting policy are considered especially egregious and will start at the second violation amount.

1. First Violation: \$186
2. Second Violation: \$372
3. Third Violation: \$744

Failure to Complete a Sanction

Failure to satisfactorily complete a sanction will result in a student or student organization receiving additional conduct sanctions. Generally, the student or student organization will be made aware of the consequences for failing to complete a sanction in the original Hearing Outcome Letter. Any sanction that has not been completed at the time of a student's departure from the College shall be considered outstanding. If or when the student attempts to return to the College, approval must be granted by the Dean of Students prior to returning to classes.

Appeals Process & Appeal Form

The findings of the Hearing Officer or Hearing Board may be appealed by either the Reporting Party or the Responding Party. Submitting an appeal will not guarantee that your outcome will be overturned, but will ensure that is fully vetted by an appellate officer. **Please note that appeals do not serve as re-hearings of the original case. They are designed to determine whether or not:**

1. The hearing was conducted in accordance with procedures prescribed by the College Conduct System. Deviation from designated procedures will not be a basis for granting an appeal unless significant prejudice can be demonstrated as a result of the deviation.
2. The sanction(s) imposed was appropriate for the violation(s) committed, the past conduct history, and any previous sanction(s) of the student(s) or student organization.
3. There is new evidence that could not have been known during the hearing which is sufficient to alter the decision or outcome. It must be clear that the evidence could not have been known at the time of the original hearing.

Appeals must be submitted by the student or student organization in writing (through our online form) and contain the specific grounds for the appeal based on the criteria identified above. Please note that failure to attend the hearing or to provide a statement in lieu of attendance are not grounds for an appeal. In addition, the appeal must be received by the Student Conduct Office within five calendar days of the date at the top of the hearing outcome notification e-mail. In most cases the Director of Student Conduct will review the appeal except in instances where she or he heard the original case. In some cases, the appeal may be considered by the Associate Dean of Students, the Dean of Students, or another College official.

Upon receiving an appeal, the Appellate Officer will vet the appeal to determine whether or not any of the grounds upon which a case can be appealed have been addressed at a sufficient level to warrant an appeal being granted.

Sanctions will generally not be implemented until the appeal process has been exhausted. However, in cases where the health, safety, or well-being of a particular student or the College community is threatened, the Director of Student Conduct may authorize immediate implementation of any sanctions and offer to expedite the review. She or he may also authorize immediate implementation of the sanction(s) during the final examination period.

Appeals Process

The appeal review is limited to an analysis of the written appeal document, the record and documents of the initial hearing, and an interview with the original Hearing Officer or Chair of the hearing board.

All decisions resulting from an appeal review shall be final. Although a verbal notification may be provided to the student who requested the appeal review, an e-mail notification of the decision shall be sent within twenty days of the receipt of the appeal.

Possible Outcomes of an Appeal

An Appellate Officer will make one of the following decisions after carefully reviewing the appeal:

1. Original hearing outcome will stand.
2. Original hearing outcome stands but the Appellate Officer will adjust the sanction(s) as appropriate but will not increase the sanction(s).
3. The case may be returned to the original hearing officer or hearing board, or a newly constituted one, to allow for a reconsideration of the original finding.

Appeal Form

An appeal of the outcome of a student conduct case is a formal document that becomes a part of the student's conduct record. It is important to formulate the contents carefully and to write it in a clear, concise, and logical manner. Proper grammar and spelling are expected.

Appeals that are not filed properly or are missing information will not be considered. Appeals should be submitted through the following form: [Student Conduct Appeal Form](#). Please only submit appeals through this form.

Alcohol and Other Drug Policies

Preamble

The Keene State College community believes that the overall health of its members is dependent on their ability to set standards for alcohol and other drug use, and to live by them in all their affairs. With respect to the use of alcohol and other drugs, it is the position of the Keene State College community that:

1. The use of alcohol or other drugs has many clearly identified risks and consequences.
2. Everyone should seek to understand when the use of alcohol or other drugs puts them and others at increased risk for health or impairment problems. Examples include but are not limited to:
 - o When full cognitive function is needed - school work, class attendance, or employment responsibilities;
 - o When there is a history of alcohol or other drug addiction in the family;
 - o While engaged in athletics or other physical activities as well as when training for such endeavors;
 - o While operating complex and/or dangerous equipment - laboratory equipment, motor vehicles, power tools, etc.;
 - o While taking certain medications for a wide variety of illness or disorders;

6. No one should be pressured to use alcohol or other drugs.
7. Drunkenness is neither healthy nor socially acceptable and is considered irresponsible behavior. Drunkenness should not be laughed at or taken lightly. Moreover, it should be understood that repeated drunkenness may be a symptom of personal problems and/or serious illness.
8. Alcohol or other drugs are not essential for the enjoyment of social events, family gatherings, or celebrations. Furthermore, drinking alcoholic beverages should not be an activity for its own sake. When alcoholic beverages are present at social occasions, including receptions, they should be adjunct to other activities, rather than the primary purpose of attending the function. Food and alternate beverages must be served.

9. Person(s) or organizations arranging events where alcoholic beverages will be consumed are encouraged to plan, so that the consumption of alcohol remains within the spirit of the *Declaration of Honorable Conduct for the Keene State College Community* and this policy statement.

1. Alcoholic beverages can be consumed only in the resident's room or those areas designated as "private" or reserved for alcohol functions.

As such, students must remove empty alcohol containers, as well as all other recyclable materials, to one of the designated recycling areas in the residential facility. This must be done on a regular basis. Excessive quantities of empty alcohol containers and/or other recyclable materials may not be stored in a student room or suite/apartment common area, and such situations will be documented and addressed through the College's conduct system.

Address Change

Change of Address forms are located in the Academic & Career Advising lobby and the Registrar's Office or [online](#). Notification of one's address change does not constitute a change in residency status. To change residency status, a student must appeal to the Associate Vice-President for Enrollment Management.

Alcohol Poisoning/Protective Custody Protocol

Keene State College considers the over consumption and abuse of alcohol to be a serious risk to a person's health and safety. In the event that it is determined through an assessment made by Campus Safety that a student is in need of medical treatment to prevent or treat alcohol poisoning, the student will be transported to Cheshire Medical Center.

If it is determined that the student is intoxicated to the point that they are not capable of ensuring their own safety, but do not need medical attention, the student will be placed into Protective Custody with the City of Keene Police Department.

Following these situations, students will be contacted (ideally within 48 business hours) by the College. The student will be required to attend a series of meetings with the health educator, a nurse practitioner or physician, and the alcohol and drug counselor. Our goal is to take advantage of this opportunity to assess, educate, counsel, and assure that the student is no longer at risk for future harm to him or herself.

B

Bicycling, Rollerblading, and Skateboarding

The College recognizes that students, faculty, and staff use a variety of means of transportation on campus. Although personal choice is important, the College must consider the safety and well-being of the campus community and its visitors. In an effort to accomplish this, the College has the following policy regarding the use of bicycles, rollerblades, and skateboards on campus.

All individuals using bicycles, rollerblades, and skate-boards are expected to use the equipment in a manner which is appropriate, considerate of others and of College property. Individuals who use the equipment recklessly or without care of others and College property will be confronted, documented, and addressed through the College's judicial system.

These means of transportation are to be used as such - transportation from one location to another. The College recognizes that individuals may perform flat ground tricks as they move along, but such tricks involve risks and it is the sole responsibility of the operators to maintain control of themselves and their equipment.

Individuals are prohibited from engaging in tricks (sliding, grinding, jumps, and so forth) that involve any College property (e.g., stairs, steps, railings, benches, entrances to buildings). Loitering or "sessioning" on campus for the purpose of attempting tricks or stunts will be confronted and dealt with through the College judicial system.

The campus should be maintained as a safe and beautiful environment for everyone. Reckless tricks that endanger individuals and property

should not be undertaken. By working together, the Department of Campus Safety believes, the campus community can meet these goals.

Brickyard Pond Use

Brickyard Pond, located behind the Redfern Arts Center, is a beautiful area where students may relax and enjoy the natural setting. So that a safe environment is maintained, any type of raft or boat is prohibited from being used on the pond. Swimming and fishing are also prohibited. In the winter, ice skating and ice fishing are prohibited.

C

Candle and Incense Policy

The use and/or possession of any type of candle (except for electric candles), candle warmer or incense, and/or paraphernalia associated with these items on College premises or at College-sponsored events, except when authorized by a College Official, is prohibited.

As the "living room" of the College, the Student Center provides services, conveniences, and amenities needed by members of the College family for their daily campus lives and for getting to know and understand one another through informal association outside the classroom. The Student Center is home to the Office of Student Involvement and associated programs, the Office of Multicultural Student Support & Success, a variety of dining options, the mailroom, and the campus bookstore. The Student Center also offers a variety of student meeting, programming, and gathering spaces.

The Office of Student Involvement

The Office of Student Involvement, located on the third floor of the L.P. Young Student Center, promotes student learning by providing opportunities for leadership, personal growth, service, and career development. Programs administered by this office; Student Activities & Organizations, Fraternity & Sorority Life, Leadership Development, Community Service, After Hours Late Night Programs, and the Night Owl Café and Owl's Perch Game Room, support the missions of the L.P. Young Student Center and Keene State College. Through involvement, students gain the experience needed to succeed socially, intellectually, and professionally during their time at Keene State College and beyond. Student Involvement Programs

Community Service

The Community Service program serves as a resource for students to connect with meaningful co-curricular service initiatives in partnership with local, regional, and international communities. We do this by:

- *organizing* a spectrum of community service initiatives that respond to community needs and complement the mission and values of Keene State College.
- *promoting* opportunities for involvement in student and community-led community service initiatives.
- *advising* and supporting service-based student organizations, building their capacity to engage peers in sustainable, effective, and mutually beneficial community service initiatives.
- *facilitating* opportunities for campus and community constituents to strengthen partnerships and collaboration through training, education, and assessment.
- *inspiring* students to make a lasting personal commitment to service, leadership, and social justice.

We recognize that community service takes many forms—direct and indirect volunteerism, advocacy, and philanthropy—which together create the greatest potential for student learning and community impact. Learn more about service at Keene State College at <http://www.keene.edu/life/si/osi/community-service/>.

Fraternity and Sorority Life

Membership in a recognized fraternity or sorority provides students with an enhanced college experience through leadership opportunities, social interactions, working together towards a common goal, and building life-long relationships. Our fraternity and sorority community is deeply rooted in the values of each organization as well as the shared community values and standards of academic success, accountability, service, leadership development and fellowship. Fraternity and Sorority Life and the Office of Student Involvement work closely with the recognized chapters on our campus to promote and enhance the overall fraternity and sorority experience for students here at KSC by upholding the values and standards of each organization as well as those of the College. Fraternity and Sorority life also offers students opportunities to develop academically, gain personal rewards through community service and outreach, and a sense of responsibility. For more information about the Keene State College fraternity and sorority community, visit <http://www.keene.edu/life/si/osi/fraternity-sorority-life/>

The purpose of the Office of Student Involvement's Leadership Development program is to empower all students to find the leader within. We offer a variety of opportunities to help all of our students develop the skills and confidence necessary to exercise their leadership abilities on campus, in their profession, and in their community. KSC leadership programs are designed to promote the idea that all students have the potential to be leaders, and that those abilities are meant to be used to serve others. Student Activities and Organizations

Taking part in Student Activities and Organizations is a great way to get involved here at Keene State College. With around 100 student organizations of all types and sizes to choose from, there's a little something for everybody. Why should YOU get involved? Being active in a student organization has been shown to help students develop personally, socially, intellectually, and spiritually. Students who become involved in organizations are more likely to continue through graduation because they are able to develop ties and friendships that help them "anchor" to the campus. Being involved also enhances opportunities for career development by giving students various skills that help when they graduate. And most importantly, giving time and talent to an organization will not only help that group, but it will also help to make your college experience a valuable and enjoyable one! Leaving room trash in the hallways and bathrooms is not acceptable. Housekeepers are not responsible for taking student room waste to the dumpster and recycling containers.

Recycling collection and management is handled by student workers from R.O.C.K.S. (Recycling On Campus at Keene State) program and waste management at Keene State College is the responsibility of the Physical Plant/Grounds department.

Consensual Relations

Statement on Consensual Relations

Students: The following statement on consensual relations is intended primarily to inform the faculty and staff about the professional risk associated with romantic or sexual relationships in an academic environment. It is presented here so that you may understand the issues involved and the problems associated with such relationships for students as well as for faculty and staff.

Adopted April 29, 2002

Keene State College's Mission/Values Statement is best served in an academic environment characterized by professional, ethical behavior on the part of each member of the campus community. The College, while respecting individual rights, recognizes its responsibility to communicate to the campus community the professional risks associated with consensual romantic and/or sexual relationships between a Keene State College employee and someone over whom they have authority (for example, a faculty member and a student, or a supervisor and his or her assistant).

Such relationships are of concern to Keene State College for two primary reasons.

Conflicts of Interest

Conflicts of interest, or the appearance of conflicts of interest, may arise in connection with consensual romantic and/or sexual relationships between administrators/faculty/staff and students/employees. Furthermore, such a relationship may give others cause to believe that unfair advantage accrues to the student/employee in the relationship. Keene State College, as well as more general ethical principles, precludes individuals from evaluating the work or general academic performance of others with whom they have intimate familial relationships, or from making hiring, salary, or similar financial decisions concerning such persons. Consensual romantic and/or sexual relationships that fall within the categories described above may also raise conflicts of interest and other ethical concerns.

Abuse of Power Differential

Although conflict of interest issues can be resolved, in a consensual romantic and/or sexual relationship involving a power differential, the potential for serious consequences remains. Examples of power differentials include but are not limited to: a faculty member who will be grading a student's performance, an athletic coach who determines players on a team, a residence hall director who may assess fines or other penalties against a resident student, or an administrator who has access to student records. An administrator/faculty/staff member who enters into a romantic and/or sexual relationship with a student/employee where a professional differential exists must be aware that:

- the reasons for entering the relationship may be a function of the power differential;
- if a charge of sexual harassment is alleged, it will be exceedingly difficult to defend against the charge on grounds of mutual consent; and
- the individual with power in the relationship will likely bear the burden of accountability.

The following suggestions can help you avoid the potential problems outlined above:

Avoid consensual relationships when there is a conflict of interest or a potential power differential.

If a romantic or sexual relationship exists or develops, divest yourself of the professional responsibility for evaluation and/or supervision. Your supervisor may be able to help you develop alternative plans.

Dining Services

Overview

It is a campus policy that all resident students select a meal plan for the academic year.

With a meal plan you can enjoy our all-you-care-to-eat concept in our state-of-the-art facility. Food prepared and served in the Dining Commons must be consumed while dining. The only exception to this is any hand held cookie, ice cream cone or fruit being consumed as the student leaves the facility.

For added convenience, the meal plan can also be used in the Night Owl Café at lunch for the "NOC Sizzler" and at lunch and dinner at the Hoot-n-Scout for a 'pick 4' meal equivalency.

The Plus option allows students to use their Owl Card as a debit card for purchases using Meal Plan Dollars at Lloyd's Marketplace and the Bean & Bagel or any dining location on campus. Your Owl Card is loaded with your chosen level of Meal Plan Dollars. Balances left over from the fall semester transfer to the spring semester, but not to the following year. What is left unused at the end of the spring semester is

forfeited.

Students who live on campus choose their meal plan for the entire academic year. Commuter students or other students not required to be on a meal plan may contract their meal plan each semester. Increases to your meal plan, such as choosing a plan with more meals or Meal Plan Dollars, may be made at any time during the semester. Please review the meal plan contract [here](#).

Your Owl Card must be presented at each meal in the Hoot-n-Scoot and the Night Owl Café, as well as for Meal Plan Dollar, Dining Dollar and Owl Cash purchases at all campus dining locations. A valid Owl Card and hand read is required to gain admittance at the Dining Commons. Please remember, Owl Cards and meal plans are not transferable and meals can only be redeemed by the owner of the card.

The Dining Commons meal service is available when Residence Halls are open. Brunch is served on all Saturdays, Sundays and some holidays throughout the semester. All facilities that service the Meal Plan are closed during College recesses and breaks. Meal Plans are available to students attending Summer Session. More information is available upon request.

Visit the Dining Commons [web site](#) for meal service days and hours.

Behavior in Campus Dining Facilities

Students engaging in behavior that is disruptive, endangers the safety of the diners or employees, or in other ways violates standing College policies while in any Dining Facility, will be referred to the Coordinator of Student Conduct for disciplinary action. In particular, removing service equipment such as silverware and china from the Dining Commons, food fights, or the throwing of food is not acceptable behavior and will result in serious disciplinary action.

As per State Health regulations, diners in a food service operation must be suitably dressed to be served.

Food Service Guests

Guests in the Dining Commons are welcome and prices for each meal period have been established for their convenience.

All questions regarding Dining Services should be referred to the General Manager at extension 8-2678 for clarification.

Discrimination and Discriminatory Harassment

See: [Discrimination and Discriminatory Harassment](#)

Financial Policies

Statement of Student Financial Responsibility

By enrolling in classes at Keene State College, students agree to pay all charges incurred as a result of being enrolled at Keene State College, including any late penalties assessed due to failure to pay. Students also understand that collection costs will be added if the services of a collection agency are employed. Students should review the full [Student Accounts Office policies](#) and [Financial Aid policies](#).

New Hampshire Residency Policy

Residence Policy: All students attending any division of the University of New Hampshire in any capacity are charged tuition at a rate determined by domicile. Those domiciled within the State of New Hampshire pay the in-state rate, whereas those domiciled elsewhere pay the out-of-state rate.

In-state: The Board of Trustees fixes the in-state tuition rate annually on the basis of their projected budget, including as part of said budget the applicable funds made available by the Legislature in its biennial budget.

Out-of-state: In accordance with the policy established by the Legislative Budget Act, the out-of-state tuition rate is set annually by the Board of Trustees at a figure which reflects actual per capital operating costs, including instructional expenses, overhead, and bond retirement (excluding self-liquidating bonds), as determined by the costs in the fiscal year just preceding the first January for the fiscal year in which tuition is to be charged, all in accordance with the established accounting practices of the University System.

Determination of Student Status

For tuition purposes, a student is classified as in-state or out-of-state at the time of his or her admission to a unit of the University System of New Hampshire. The decision is made by the Director of Admissions based upon information furnished by the student's application and other relevant and available information.

Review of Student Status

Any student aggrieved by the decision of the Director of Admissions classifying him/her as an out-of-state student for tuition purposes may appeal to the Residency Appeals Board of the University System on forms and in accordance with procedures made available by the Director of Admissions. The student has the right to present to the Residency Appeals Board such additional evidence as he or she deems appropriate in processing the appeal, and the right to appear in person and be heard.

The decision of the Residency Appeals Board of the University System shall be final.

Change of Status

Any student who has on first admission to the University System been classified as out-of-state for tuition purposes may apply to the Assistant Business Administrator for a change of status on or before September 1 of any year for the fall semester, and on or before January 1 of any year for the spring semester.

Applications are considered in the chronological order in which they are presented. No changes approved during a semester shall be effective until the beginning of the next semester. However, where a change of status from out-of-state to in-state has been denied by the Assistant Business Administrator prior to the commencement of a semester, and his or her decision is reversed by the Residency Appeals Board during the semester, the student's status shall be effective at the beginning of the semester.

In the event the Assistant Business Administrator possesses facts or information indicating that a student's status should be changed from in-state to out-of-state, the student shall be informed in writing of the change of status. The student may appeal the decision of the Assistant Business Administrator as set forth.

No such change made by the Assistant Business Administrator after the commencement of any semester is effective until the beginning of the following semester. Change to out-of-state status made by the Assistant Business Administrator prior to the commencement of any semester, but reversed during the semester by the Residency Appeals Board, is effective as of the commencement of the semester.

Application Forms

Each applicant for in-state status for tuition purposes submits an application on forms prescribed by the Director of Admissions, which shall include a sworn statement certifying that the applicant is legally domiciled within the State of New Hampshire. The application shall also include such additional information as the Director may require in support of the affidavit of domicile. At his/her discretion, the Director may require submission of an application form from any in-state student prior to the commencement of each semester the student plans to attend the College.

Substantive Rules and Definitions

In all cases of application for in-state status for tuition purposes, the burden of proof is on the applicant. At the applicant's request, the Director of Admissions states in writing the reason or reasons for his/her decision. The following definitions and rules shall prevail:

Parent. The term "parent" means a person's father; or, if he/she has no father, his/her mother; or, in the case of separated or divorced parents, "parent" means either a parent with legal custody or a parent providing more than one-half of a student's total financial support; or, if there is a guardian or legal custodian, "parent" shall mean guardian or legal custodian, provided there are no circumstances indicating that such guardianship or custodianship was created primarily for the purpose conferring the status of an in-state student on such unemancipated person.

Domicile. "Domicile" denotes a person's true, fixed, and permanent home and place of habitation. It is the place where the person intends to remain and to which he/she expects to return when he/she leaves without intending to establish a new domicile elsewhere.

No person shall be eligible for in-state status unless he/she is domiciled within New Hampshire. For University System purposes, a person

does not acquire domicile in New Hampshire until he/she has been a resident of the state for 12 consecutive months immediately preceding registration for the term for which in-state tuition is claimed and meets all other requirements for domicile.

No unemancipated person shall be eligible for in-state status unless his/her parent shall have established domicile in this state.

No person shall be eligible for in-state tuition status unless he/she establishes that his/her residence in New Hampshire is for some purpose other than the temporary or primary one of obtaining an education. When a person has established eligibility for in-state tuition based on his/her parent's domicile, and the parent subsequently establishes domicile outside of New Hampshire, the person shall be eligible for in-state tuition for one academic semester following the academic semester during which the parent established out-of-state domicile. All evidence relevant to determining domicile may be considered, but the following indicia shall, in any case, be relevant, without limiting in any way such other information as the applicant wishes to submit or the Director wishes to require:

- Payment or non-payment of any tax levied by the state or any political subdivision on persons resident or domiciled therein. Residence reported on any federal or state tax return. Registration of one's automobile. State issuing one's driver's license.
- Receipt of support in whole or in part from parents who are resident or domiciled outside the State of New Hampshire.

Voting Residence

Claim by any non-resident parent that the applicant is dependent for tax or any other financial purpose.

Regular departure by an applicant from the State of New Hampshire during recess or vacations from the College.

The filing of any claim for benefits under any policy of insurance or any federal, state, or local benefit legislation based on residence or domicile outside the State of New Hampshire.

Status in some other state which qualifies a person for in-state tuition in that state.

Emancipation

No person is deemed emancipated unless his/her parent has entirely surrendered the right to the care, custody, and earnings of such person and unless his/her parent is no longer under any legal obligation to support or maintain such person or, having supported and maintained such person even though under no legal obligation to do so, has ceased to support to maintain such person. Emancipation shall not be found unless all such tests are met.

The following shall be submitted by an applicant and demanded by the Director of Admissions:

- Lack of financial support of the person by the parents.
- Lack of contribution to the parents of any earnings or other income received by the person.
- Failure of the parent to claim the person as a dependent on his/her income or other tax returns.
- Establishment by the person of a domicile separate and apart from that of the parent.
- Failure of the person to return to the home of the parent during vacations and other recesses from school.

Presumptions

Unless the contrary appears to the satisfaction of the Director of Admissions in individual cases, the following presumptions prevail:

- The domicile of an unemancipated person is that of his/her parents or, if the parents are separated or divorced, that of the parent who has custody of him/her, or that of the parent providing more than one-half of the student's total financial support.
- The domicile of an unemancipated person who has no parents is that of his/her guardian or other legal custodian, unless it appears that such guardianship or custodianship was created for the purpose of establishing an in-state status.
- The domicile of any person who first enters the College from the domicile of his/her parent, as defined above, is that of the parent until he/she abandons such domicile and, for purposes other than that of education, acquires a new domicile.
- The domicile of any person who first enters the College from a domicile other than New Hampshire is such a domicile until he/she abandons such domicile and, for purposes other than that of his/her education, acquires a new domicile. Attendance at a unit of the University System or at any other educational institution in this state in itself is not evidence of intention to establish or establishment

of a domicile in this state.

Military Personnel

A member of the armed forces of the United States stationed in this state under military orders is entitled to classification for himself or herself, spouse, and dependent children as in-state for tuition purposes so long as he/she remains on active duty in this state pursuant to such orders.

Waiver

Nothing contained in these rules precludes the Director of Admissions from waiving any requirement hereof under special circumstances in individual cases. (Approved by the University System of New Hampshire Trustees, January 20, 1973; Revised April 28, 1984.)

Hazing

Student organizations - including clubs, athletic teams, etc. - have the potential and unique opportunity to contribute significantly to a student's intellectual and personal development and understanding of the very nature of "community." In keeping with its commitment to a positive academic environment, Keene State College unconditionally opposes any situation created intentionally to produce mental or physical discomfort, embarrassment, harassment, or ridicule.

Hazing is a violation of the Student Code of Conduct and College Discipline System. Effective January 1, 1994, hazing became illegal in the state of New Hampshire.

N.H. State Law RSA § 631:7

An Act Prohibiting Hazing.

RSA § 631:7 Student Hazing.

I. For the purposes of this section:

- (a) "Educational institution" means any public or private high school, college, university, or other secondary or post secondary educational establishment.
- (b) "Organization" means a fraternity, sorority, association, corporation, order, society, corps, athletic group, cooperative, club, or service, social, or similar group, whose members are or include students operating at or in conjunction with an educational institution.
- (c) "Student" means any person regularly enrolled on a full-time or part-time basis as a student in an educational institution.
- (d) "Student hazing" means any act directed toward a student, or any coercion or intimidation of a student to act or to participate in or submit to any act, when:
 - 1. Such act is likely or would be perceived by a reasonable person as likely to cause physical or psychological injury to any person;
and
 - 2. Such act is a condition of initiation into, admission into, continued membership in, or association with any organization.

II. (a) A natural person is guilty of a class B misdemeanor if such person:

- 1. Knowingly participates as actor in any student hazing; or
 - 2. Being a student, knowingly submits to hazing and fails to report such hazing to law enforcement or educational institution authorities;
or
 - 3. Is present at or otherwise has direct knowledge of any student hazing and fails to report such hazing to law enforcement or educational institution authorities.
- (b) An educational institution or an organization operating at or in conjunction with an educational institution is guilty of a misdemeanor if it:
- 1. Knowingly permits or condones student hazing; or
 - 2. Knowingly or negligently fails to take reasonable measures within the scope of its authority to prevent student hazing; or

3. Fails to report to law enforcement authorities any hazing reported to it by others or of which it otherwise has knowledge.

III. The implied or express consent of any person toward whom an act of hazing is directed shall not be a defense in any action brought under this section.

What Is Hazing

In essence, hazing is defined as any public or private inducement that causes a prospective or current member of any student organization, team, or club mental or physical humiliation, harm, embarrassment, or ridicule, or has a profound negative impact on a student's academic, social, or work-related function. Hazing shall include, but not be limited to, the following examples:

- Physical hazing - "that which is physically harmful or humiliating to the individual"
- Paddling, hitting, or physical abuse toward a new member
- Nudity
- The eating of spoiled/repulsive foods and/or non-food substances, as well as anything the individual refuses to eat
- Exposure to outside elements without proper dress
- Exercise beyond the physical limits of the individual, such as running over long distances, calisthenics, and so forth
- Forced consumption of alcohol or drugs
- Branding
- Bondage that prevents use of limbs
- Requests to perform any illegal acts (those contrary to local, state, or federal laws and ordinances), such as defacing public or private property, stealing, and so forth
- Excessive yelling or screaming
- Permitting less than six hours of continuous sleep
- Participating in any activity that the full members will not do
- Psychological hazing - "that which compromises the personal dignity of an individual causing personal embarrassment or shame; causing the individual to be the object of malicious amusement or ridicule; or causing an individual psychological harm or emotional strain"
- Wearing humiliating, unnatural, or binding attire on the outside or underneath a new members's clothing
- Verbal comments that would degrade and/or embarrass new members
- Involuntary servitude or personal errands
- Derogatory references/remarks to a new member regarding family and/or friends' health or well being
- Derogatory remarks about a member's race, religion, or national heritage
- Any requirements which compel a member to participate in any activity which is illegal, or which is known to be contrary to an individual's moral or religious beliefs, or which is contrary to the rules and/or regulations of the College shall be considered hazing.

Since "hazing" is contradictory to the fostering of an environment which promotes academic freedom, human dignity, the fullest possible development of the individual student, and the aspiration/attainment of the ideals of brotherhood/sisterhood, the College, through the Office of Student Involvement, has implemented appropriate administrative procedures for the Fraternity & Sorority system to ensure that the rights of students and the community are protected. Such procedures include the following:

- A new member contract is given to all new members providing information and introducing the student to the KSC hazing policy/regulations. The student will be requested to sign the contract to support the elimination of hazing practices. Each chapter president shall affirm through signature his/her compliance with the hazing policy and related education program.
- New members are guaranteed a minimum of six hours of continuous sleep each night during pre-initiation or initiation periods.
- New members are guaranteed a minimum of three hours of totally undisturbed study time Sunday through Thursday evenings, ending no later than 11:30 p.m.
- All new member activities must be shared with the advisor(s) of the respective organization.
- Greek advisors will assist chapters with workshops and consultations on alternatives to hazing.

Residential Life and Housing Information

Overview

The Office of Residential Life and Housing Services is responsible for the overall functioning of the College's residence program.

As a residential college, Keene State College considers the experience of living on campus to be an extension of the learning experience of college that is just as important as lessons learned in the classroom.

As a residential college, we consider the experience of living on-campus to be a valuable developmental tool designed to enhance the mission of the College by helping students develop critical thinking and communication skills along with a heightened appreciation for diversity and service learning. All residential students are expected to actively participate in and support the programs and procedures employed by residential staff to achieve that end.

Visitation

Students are responsible for the actions of their guests while the guests are on campus. Guests are subject to all rules of the campus community as outlined in the Student Handbook. Hosts are billed for damages or fines as a result of a guest's behavior and may be referred for disciplinary action. Residence staff may remove a guest from campus immediately for disruption of the community, infringement of rules and regulations, harassment of staff, or other safety or community concern.

Definitions

Visitor: A current Keene State student.

Guest: A guest is anyone who is not a KSC student. Guests must be invited into the hall by their host and must be accompanied by their host at all times while on campus.

Regardless of the size, no more than 20 people (residents, guests, visitors) can be present in any room, suite or apartment at any given time. Total numbers of people in a room at any given time may also be restricted further based on the existing local, state, and federal fire regulations.

Visitors: Visitors may stay overnight in another resident's room. While they do not need a guest pass, permission from all residents of the room/suite is required.

Guests: A resident is allowed no more than a total of one guest at any one time. Students with guests are expected to complete and submit the Student Guest Registration Form for all guests who will be in the building between 8pm and 8am the following day.

All guests are expected to show a form of ID that provides: full name, photo, and date of birth. If a student wishes to register a guest under the age of 18, the host resident should make arrangements with the area's Residence Director prior to the guest's arrival.

Frequency: Overnight guests or visitors may not stay in a residence hall room for more than two consecutive nights and no more than four nights during any month without the permission of the Residence Director.

During all 24-hour Quiet Hour periods, guests are not permitted except for the purpose of assisting a resident in moving out at the end of the semester.

Violating the Guest Policy

More than 20 people in a room/suite/apartment:

- More than 20 people creates a 10:1 ratio of people to staff – creating a situation that is considered overwhelming for staff
- \$100 fine to hosts
- \$25 fine to each *visitor* present (they should have known that they should not have been there)

Unregistered Guests (breaking policy/disruptive)

- First Violation: \$100 fine & loss of guest privileges for 15 weeks
- Second Violation: \$100 fine & loss of guest privileges for an additional 30 weeks, & probation for 15 weeks.
- Third Violation or more: \$100 fine & loss of guest privileges indefinitely, probation for 30 weeks, and suspension warning.

Unregistered Guests (not breaking policy/cooperative):

- \$25 fine & loss of guest privileges for 15 weeks (\$25 fine & loss of guest privileges for an additional 15 weeks for each subsequent violation)

Eligibility

Only full-time Keene State Students who are in good academic standing, have met all housing deposit deadlines and have fulfilled all financial obligations to the College are eligible to live in College owned residence halls. All residential students must agree to abide by all terms and conditions contained in the Residence Hall Contract.

Availability

The Office of Residential Life and Housing Services offers a variety of living accommodations available to full-time students on a space available basis. Please note that first-year and sophomore students are required to live on campus.

For new students, priority for assignments is given according to the date that the enrollment services fee is credited, while returning residential students choose their rooms through the Housing Selection Process held each spring.

Additional information regarding residence hall facilities, services, application procedures, regulations, and so forth, is contained in the [Terms and Conditions of the Residence Hall Contract](#) (PDF).

Contract Duration

The Residence Hall Contract is binding for the *entire* academic year. Applicants must accept their room assignments for both fall and spring semesters. All resident students (with the exception of residents of Bushnell and Pondsides 2 Apartments) are *required* to be on a 12- or 19-meal plan as a condition of residency. The board program is binding for the entire academic year.

Termination of Contract

The College may terminate this contract for health reasons, for failure of the student to contract for or continue on the board plan without authorization, for failure to pay room and board costs, or for violations of published College rules. A resident whose contract is terminated will be expected to vacate the residence hall immediately and may be held responsible for fulfilling all financial obligations of the contract. This contract may not be transferred or assigned to any other person.

Contract Release

Residents may request release from the Residence Hall Contract. Releases are subject to the approval of the Director of Residential Life and Housing Services or his or her designee. Such releases will only be considered for the following reasons:

1. Non-admission, withdrawal, transfer, or dismissal from the College. Students who wish to take a leave of absence or withdraw from college must contact the Dean of Students Office.
2. Extreme, unanticipated change in financial circumstances.
3. Serious medical or health problems directly related to residence hall living.
4. Marriage or Civil Union during the contract terms.
5. Student teaching beyond a 30-mile radius from campus.
6. Graduation.
7. Study Abroad.

Reducing course load from full-time to part-time does not constitute grounds for release from the contract. Documentation for all releases will be required by the Director of Residential Life and Housing Services or his or her designee.

Returning Student Housing Deposit

A nonrefundable deposit of \$300 must be submitted with the application/contract form by the specified deadline before any room assignment can be made. This deposit will be credited toward the spring housing bill. This deposit will be refunded only if housing is not available, if the student graduates or studies abroad, or if he or she is student-teaching beyond a 30-mile commute from the College. [Housing selection guidelines](#) are available during the spring semester.

Damage

A deposit of \$100 shall be made by each student living in College housing as an indemnification against any damage to any residence hall property or facilities. This deposit must be paid prior to the student's residence in College housing. Failure of a student to pay for any

damage to or loss of any residence hall property or facilities will prevent the student's registration.

Refund of any remaining deposit will be made after the final semester of a student's stay on campus. Students will receive the balance of the refund when they leave campus housing only if there are no outstanding bills owed to the College.

Residence Hall Damages

Individual Room Damages

Damages to student rooms are the responsibility of the occupants. In order to prevent misinterpretation, it is strongly recommended that students inspect their rooms thoroughly with their Resident Assistant upon moving in, noting any issues/repairs that need to be made.

Common Area Damages

Common area damages are charged to the student deemed to be responsible for the damage. In cases where responsibility for the damage cannot be determined all residents of the damaged area will divide the cost of repairs evenly.

Please Note: Common area damage charges are assessed each month and added to students' accounts as appropriate. Individual damage charges are assessed at the end of the academic year or when a student checks out of a room. Common area damage charges cannot be appealed. Individual damage charges can be appealed and must be done so within ten days of the charges being placed on a student's account. Appeals need to be emailed to the Residence Director of the area in which the student lived.

Lost Keys/Combo/Lock Changes

When a room key is reported as lost, stolen, or duplicated, the lock will be changed with the student responsible for the loss being charged for the cost of the change, including the new keys or combination.

Keys, locks, and doors are essential components for the safety and security of students and their belongings. External and internal doors in all residence facilities should never be propped or tampered with. Safety and security is the responsibility of all students. Please refer to the Code of Conduct for further elaboration of the College policies regarding misuse of or tampering with keys and locks.

If a student requests a change in his or her combination lock, the student(s) will be billed for a combination change. Residents who are locked out of their rooms three or more times per year will be subject to disciplinary action. Students are strongly encouraged not to give out their combination or loan their keys to others, as this creates a potential security problem.

All residence hall keys and ID cards are the sole property of Keene State College and may not be duplicated except by the College.

Work Orders

Students who need to have repairs made in their individual bedroom, common room or other common space must notify either their RA or Residence Director as to the specific nature of the problem (such as overhead light not working, radiator leaking on right side of room, etc). The staff member will then notify the appropriate trade to get the work done. If the repair is not made within three business days the student should contact their Residence Director.

Loss of Student Property

The College does not assume any liability for loss, damage, or injury resulting from theft, explosion, fire, mechanical failure of either gas or water lines, loss of electricity, defective wiring, or negligence of any occupant of the building. It is strongly urged that students purchase appropriate insurance policies to protect themselves from loss or damage to personal possessions.

Occupancy

Assigned rooms may be occupied the day before the first day of classes for each semester. Special arrangements for the early arrival of any student must be approved in advance by the Office of Residential Life and Housing Services.

Living accommodations in the residence halls are not available during times when the College is not in session, e.g., Thanksgiving, midyear recess, and spring recess, except as special arrangements may be made for student teachers and athletes.

Students are expected to comply with all closing instructions that will be provided to them before each of the hall closings listed above. Failure to comply with these instructions will be addressed through the College's conduct system.

Rooms paid for and not occupied one day after registration day may be declared vacant by the Associate Dean of Students, unless the individual having the assignment makes a written request to the [Residential Life and Housing Services Office](#) to hold the room until a later

date.

The Residential Life and Housing Services Office reserves the right to:

- change room assignments at any time with a specific rationale provided to the resident(s) involved
- consolidate vacancies
- use rooms over holiday periods, provided prior notice is given to each resident involved
- control the rooms in event of an epidemic
- change the gender designation of a hall, house, or floor, and provide space to accommodate the needs of special interest program groups
- change room assignments for health, safety, or repair service, for disciplinary reasons caused by the residents, for ongoing community concerns, or for irreconcilable differences between roommates.

Room Changes

Requests for room changes will not be honored during the first two weeks of a semester except under rare extenuating circumstances. All room changes must be discussed with the Resident Assistant and/or the Residence Director. Students cannot change rooms without the advanced approval of the Residence Director(s) of the hall(s) involved or the Assistant Director of Residential Life for Housing Operations.

Room Charges

A bill for the room and board charges will be sent to the student; charges will be payable prior to the beginning of each semester. Room assignments may be canceled by the College if the charge is not paid by the stipulated due date, or alternate arrangements for payment of bill have not been approved by the [Bursar](#).

Refunds

Withdrawal 75 percent of the room rent will be returned to any student withdrawing from the College within seven days following the first day of classes; 50 percent after seven calendar days but within 30 days of the first day of classes; and no refund after 30 days.

Prorated rebates will be given on the unused portion of the board contract, less one week.

Dismissal No room refund will be made to any student who is dismissed from the College for any reason, or who is mandated to leave the residence halls for disciplinary reasons.

Room Entry/Search

The Residential Life and Housing Services Office reserves the right to:

- enter rooms to inspect for and correct or remove hazards to health or safety, or to carry out necessary maintenance work
- search a room, but only with the permission of the Vice President for Student Affairs or his or her designee.

As appropriate, College officials may contact law enforcement authorities who may seek search warrants to search student rooms.

Safety and Security

Overview

The safety of students, faculty, staff, and visitors is a high priority. To effectively prevent, identify, and respond to crime and other incidents, the [Department of Campus Safety](#) provides proactive security patrol and services to the College community 24 hours a day, year-round. Officers also provide crime prevention and safety awareness education, programs, and services, and collaborate with on and off campus resources when necessary.

Campus Safety officers have full authority, granted by the University System of New Hampshire, to enforce College policies, and also work closely with the Keene Police Department to investigate, report and resolve criminal incidents. The College actively monitors student activity at off campus locations, and addresses misconduct through the [Campus Conduct System](#).

Keene State College complies with the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act". Published

annually on October 1st each year, the [Campus Crime and Fire Safety Report \(Clery Report\) \[PDF\]](#) includes but is not limited to:

- Policies and contact information for reporting crimes, fires, and other emergencies;
- Policies and resources for support for incidents of sexual misconduct and relationship violence;
- Policies and criminal statutes regarding alcohol and other drugs;
- Crime and fire statistics for the past three years;
- Procedures for issuing timely warnings and emergency notifications (To register for for the KSC Emergency Notification System visit <http://www.keene.edu/campus/safety/emergency-notification/>;
- Information on the College's daily crime and fire log;
- Description of residence facilities' fire safety systems;
- Emergency response and evacuation procedures; and
- Missing student notification procedures.

If you have any questions, or would like to request a paper copy of the Clery report, please contact the [Department of Campus Safety](#), at 358-2228, or kscampusafety@keene.edu

Reporting Crimes and Emergencies

All Keene State College community members and guests are encouraged to report emergencies and suspected criminal activity to the Department of Campus Safety immediately, especially when the victim of a crime elects to, or is unable (physically or mentally) to make such a report. Reports can be made in a variety of ways:

- Call 9-1-1 for any EMERGENCY
- Call 603-358-2228 (8-2228 from on campus) to reach Campus Safety Dispatch.
- Activate a blue light phone (strategically placed throughout campus) for a direct connection to Campus Safety.
- Activate a fire pull station for direct notification of the Keene Fire Department and notification to building occupants. All KSC academic, residential, and office buildings are equipped with pull stations.
- Appear in person at the Campus Safety Office located in Keddy House, on the corner of Main St. and Wyman Way.
- Submit a [Silent Witness](#) report. *This system is not for reporting emergencies, crimes in progress, or filing a crime report as it is not monitored 24 hours a day.*

When reporting a crime or emergency:

- Remain calm.
- Give the location of the incident to include the building name, room number, or the area name (e.g. Winchester Lot, Fiske Quad, etc.).
- Identify yourself and give a callback telephone number. Your identity will remain private if you wish; however, it is important we are able to contact you if we need additional information.
- State the incident you are reporting (e.g. theft, medical emergency, fire, etc.).
- Describe the scene such as whom, and how many people are there, if medical treatment is being given, a description of involved parties, the involved party's direction of flight, and other relevant information.
- Stay on the phone until the dispatcher has recorded all of the information.

When a crime or another serious incident is reported on the main campus:

- A Campus Safety officer will be dispatched to the caller's location to render assistance and investigate the incident. The Keene Police or Keene Fire Department may also be dispatched if circumstances dictate.
- If the responding officer determines the situation presents a significant or imminent danger to the Keene State College community, s/he will contact the Director of Campus Safety or designee to provide a timely warning to the campus community.
- The Keene Fire Department responds to all medical emergencies, fires, fire alarms, and hazardous materials incidents along with Campus Safety personnel.
- Incidents identified as related to Residential Life or Maintenance will be referred to the on-duty or on-call personnel in the specific department needed.
- Reports of all sexual and relationship violence made to a College official, will be referred to the Title IX coordinator regardless of if the

reporting party chooses to pursue criminal charges.

Sexual Misconduct Policy

Introduction

Keene State College is committed to creating and maintaining a community in which students, faculty, and staff can work together in an environment free of all forms of harassment, exploitation, violence, and intimidation. Relationship violence and sexual misconduct are antithetical to the standards, values, and mission of Keene State College and will not be tolerated. This policy prohibits all forms of relationship violence and sexual misconduct. These broad terms include, but are not limited to, acts of sexual harassment, sexual exploitation, sexual violence, sexual assault, domestic and dating violence, stalking and cyberstalking. The College also prohibits retaliation, including retaliatory harassment, against individuals who report sexual misconduct, and/or relationship violence, or who participate in the College's investigation and handling of such reports. The College will respond to reports of relationship violence and sexual misconduct to stop the prohibited conduct, take steps to prevent the reoccurrence of the conduct, and address its effects on the campus community regardless of location. This policy applies to all students – regardless of gender, sexual orientation, or gender identity. This policy applies to all forms of relationship violence and sexual misconduct committed by or against a student when: the conduct occurs on campus; the conduct occurs off campus but in the context of College employment, education, research, or activities; the conduct occurs off campus but has any continuing effects on campus or in an off campus program or activity and is creating or contributing to a hostile environment. The College reserves the right to assert its jurisdiction in certain off-campus incidents when specific actions by Keene State College community members adversely affect the College community and/or its mission.

Title IX Coordinator

Title IX of the Education Amendments of 1972 and other laws prohibit gender discrimination at institutions of higher education. Keene State College prohibits gender discrimination in any of its programs or activities. The Title IX Coordinator oversees and coordinates the College's response to all issues of gender equity. The Title IX Coordinator or his/her designee is available to meet with any member of the College community to discuss Title IX compliance or issues of gender discrimination, including sexual misconduct and relationship violence.

Freedom of Speech

The protections of the First Amendment must be carefully considered in all complaints involving speech or expressive conduct. The fact that speech or expressive conduct is offensive is not, standing alone, a sufficient basis to establish a violation of this policy. Students and faculty in an educational environment have robust speech rights, including the right to freely examine, exchange, and debate diverse ideas. Speech or expressive conduct that constitutes sexual harassment is neither legally protected expression nor the proper exercise of academic freedom.

Resources for Support

The health and safety of campus community members is the College's primary concern. **Call 911 if you or another member of the KSC community is in immediate danger.**

A victim of sexual misconduct or relationship violence may experience many conflicting emotions including shock, fear, anger, guilt, shame, or numbness. Each survivor's response is unique. Often people find that their eating, sleeping, exercise, self-care or social patterns have changed, that they are isolating themselves from others, or that they are unable to concentrate on work or schoolwork. Whether someone chooses to report an assault or not, talking with a counselor or a trusted friend or family member can be very helpful.

Confidential Support and Help

Keene State College has support resources that have professional and legal mandates to protect the confidentiality of the information disclosed by a person impacted by sexual misconduct and/or relationship violence. These resources are not required to report what is shared with them to the College or law enforcement personnel.

Additional Considerations

You may wish to seek medical attention. Aside from treating any injuries you may have suffered, prompt medical examinations can test for pregnancy, STI's, and other injuries. A medical examination can also secure valuable evidence that could be used later should you wish to involve law enforcement. Physical evidence may exist up to five (5) days, or longer, after an assault. Local medical facilities can arrange to have a specially trained Sexual Assault Nurse Examiner (SANE) conduct a forensic examination. The results of this examination can be provided to law enforcement anonymously, if you so choose. The choice to report and prosecute is yours.

When a sexual assault victim seeks treatment at the hospital, the State of New Hampshire Office of the Attorney General will pay the cost for medical expenses, including the physical examination, if the assault is reported to the police. Other expenses related to the assault may also be provided at no cost to the victim through the Victim's Compensation Program. Specific information on expenses is available through the Monadnock Center for Violence Prevention.

Academic Accommodations and Interim Measures

Keene State College may take interim measures upon learning of any allegation of sexual misconduct or relationship violence. These measures are available regardless of whether the victim chooses to report the relationship violence or sexual misconduct to law enforcement. Interim measures may be remedial or protective. Interim measures will not disproportionately impact the reporting party or the responding party.

Possible interim measures may include the ability to change academic or work schedules, withdraw from or retake a class without penalty, receiving academic support services or counseling, or changing housing accommodations.

The College may also issue "no contact" orders between involved parties or limit an individual or organization's access to certain College facilities or activities pending resolution of the matter ¹.

In sexual misconduct or relationship violence cases, the Dean of Students will assure appropriate interim measures are provided for students.

Outside Options for Complaint Resolution

Keene State College community members who believe that they are the victim of discrimination or discriminatory harassment may also wish file a complaint with the regional enforcement office for the [Office of Civil Rights](#) or the [New Hampshire Human Rights Commission](#) at the following addresses:

Office for Civil Rights
US Department of Education
5 Post Office Square - 8th floor
Boston, Mass 02109-3921
617-289-0111 OCR.Boston@ed.gov

New Hampshire Human Rights Commission
2 Industrial Park Drive
Concord, New Hampshire 03301
603-271-2767 humanrights@nh.gov

¹ It is important to distinguish between a College-issued 'no contact' order and a protective order obtained through a civil or criminal court. A violation of a College-issued 'no contact' order may result in sanctioning through the College conduct system. In all other cases, the College will assist the reporting person in reporting a violation of a civil or criminal protective order to law enforcement personnel.

Policy Definitions

The following are definitions for this College policy and may differ from definitions under federal, state, or local law. Offenses may occur along a continuum that includes verbal statements that create a hostile environment through physical acts such as unwanted and/or forced sexual contact. It is impossible for a policy to depict all circumstances of offenses. It is important to recognize that gender discrimination includes sexual harassment, sexual misconduct, and other forms of misconduct as discussed below:

Sexual Misconduct is a broad term that encompasses sexual harassment, sexual violence, and sexual exploitation.

Sexual Violence - Sexual Violence is a form of sexual harassment. It is a physical sexual act perpetrated without consent. Such acts include, but are not limited to, unwanted sexual contact and sexual assault (rape).

- **Unwanted Sexual Contact** - intentional contact or touching of the intimate parts of another, whether directly or through clothing, or the intentional exposure of intimate parts of self, without consent. Intimate parts may include but are not limited to: breasts, genitals, buttocks, groin, or mouth.
- **Sexual Assault** - having, or attempting to have sexual intercourse or sexual contact with another by force or threat of force; or without consent; or where that person is incapacitated. This also includes sexual penetration, however slight, of another person, without consent (rape). Sexual penetration may be vaginal, anal, or oral, and may involve the use of a body part or object.

Sexual Exploitation occurs when an individual takes non-consensual or abusive sexual advantage of another, for any purpose, and that behavior does not constitute one of the other sexual misconduct offenses. Sexual exploitation can take many forms including, but not limited, to the following:

- **Inducing intoxication or incapacitation for the purpose of sexual activity:** providing drugs, alcohol, or other substances with the intent to impair their ability to withhold consent or their ability to knowingly consent to sexual activity
- **Invasion of privacy:** surreptitiously recording, preserving, or storing another individual's nudity or sexual activity without the knowledge and consent of all parties involved, or in which the person observed has not attained 18 years of age. Sharing, transmitting, distributing, or streaming of images, video, or audio recordings of sexual activity or nudity, without the knowledge and consent of all parties involved shall constitute a separate act of sexual exploitation. The act of sexual exploitation can be committed by anyone knowingly possessing an image that was sent without the individual's consent.
- **Voyeurism:** the act of intentionally observing or, spying on, or listening to a person(s) involved in sexual contact or in any state of undress, without their consent. Voyeurism also occurs when an individual allows others to observe this behavior without the consent of all the person(s) involved.
- **STIs:** knowingly exposing another individual to a sexually transmitted infection or virus without their knowledge.

Sexual Harassment - sexual harassment may take the form of unwelcome sexual advances, graffiti, jokes, pranks, slurs, insults, threats, vandalism, assignment of unpleasant duties, or even physical assault which serves to interfere with a person's work or academic life. Federal and state laws define harassing behavior as occurring when:

- Such contact has the purpose or effect of unreasonably interfering with an individual's work performance or creating a hostile or offensive working or academic environment;
- Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting that individual; or
- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic work.

It is important to note that one cannot assume that conduct is acceptable simply because an individual does not actively protest against it. In addition, some conduct may be considered sexual harassment, even if it not intended as such. A single incident may constitute sexual harassment, depending on the severity of the conduct and on factors such as the degree to which the conduct affected the student's education or the employee's work environment, the type of conduct, and the relationship between the involved parties.

Relationship Violence is a broad term that encompasses domestic violence, dating violence, and stalking. It is important to note that while abusive relationships often include ongoing emotional, psychological, and financial abuse, this policy addresses the use, attempted use, or threatened use of physical violence. Physical violence involves the use, attempted use, or threatened use of physical force. Individuals experiencing other facets of an abusive relationship, on or off campus, are strongly encouraged to seek help from the resources listed in this policy.

- **Domestic Violence** is violence committed by a current or former spouse or intimate partner, a person sharing a child with the victim, or a person cohabiting or who has cohabitated with the victim as a spouse or intimate partner.
- **Dating Violence** is violence committed by a person who has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the victim's statement and/or with consideration of the type and length of the relationship and the frequency of the interaction between the persons involved in the relationship.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress. A course of conduct means two or more acts in which the stalker directly, indirectly, or through a third party follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. Stalking includes the concept of cyber-stalking, a particular form of stalking in which electronic media such as the internet, social media, texts, cell phones, GPS, and other similar forms of contact are used. This policy prohibits all stalking, not just stalking that occurs within the context of a relationship.

Consent - Consent is the voluntary, informed, knowing, unambiguous agreement to engage in mutually acceptable sexual activity through clearly communicated actions or words. **It is important not to make assumptions. When in doubt, stop and ask.** Consent cannot be inferred from silence, passivity, or a lack of active resistance. Consent cannot be given by someone who is sleeping, unconscious, or otherwise mentally or physically incapacitated because of drugs, alcohol, or other contributing factors. Consent cannot be given under duress, threat, deception, coercion, force, or a misuse of authority. Consent cannot be assumed because of a previous relationship or because of previous sexual relations. In the State of New Hampshire a person under the age of sixteen (16) cannot give consent. Consent can be withdrawn at any time during a sexual encounter.

Incapacitated Sexual Contact - sexual activity that occurs when one party lacks conscious knowledge of the nature of the act and/or is physically helpless due to impairment, illness, or physical or mental limitation or disability. An individual is incapacitated, and unable to give consent, when they are asleep, unconscious, or otherwise unaware sexual activity is occurring. When incapacitation results from the use of alcohol or other drugs, evidence of impairment or intoxication are insufficient alone to establish incapacitation. Evaluating incapacitation requires an individual assessment of the impact of the consumption of alcohol/drugs on that individual as well as, an assessment of whether the responding party knew, or should have known, the reporting party was incapacitated. The impairment or intoxication of a responding party is not a defense for misconduct and does not diminish one's responsibility to obtain consent.

Reporting Party - a person who alleges that another person or an organization violated this policy. This may be the person who is alleged to have suffered a violation of this policy but may also be a third party reporter.

Responding Party - any person or organization who is alleged to have violated this policy.

Confidential - communication is legally privileged and cannot be shared. The only individuals at Keene State College who can maintain confidentiality of a disclosure of sexual misconduct or relationship violence are the professional staff of the Counseling Center and the Center for Health and Wellness. Confidential information cannot be revealed to any other person without the express permission of the individual, or as otherwise required by law.

Private - A private communication means that the information will only be shared with those individuals with a need to know and that all necessary precautions will be taken to protect the identity of the reporting person

Responsible Employee - a College employee who has the authority to redress misconduct, who has the duty to report incidents of sexual violence or other student misconduct, or a student could reasonably believe has this authority of duty.

Reporting Sexual Misconduct

The College strongly encourages individuals impacted by relationship violence or sexual misconduct to disclose what happened and seek support services. Any person who has been the victim of or witness to sexual misconduct or relationship violence, whether on or off campus, can report directly to the Title IX Coordinator, Department of Campus Safety, a Residential Life staff member, Human Resources, any College official, or the Keene Police Department. This does not obligate the reporting person to proceed any further with an investigation or criminal charges. If desired, college officials will assist the student in notifying law enforcement authorities. It is the individual's choice whether or not to make such a report to law enforcement.

Furthermore, it can be difficult for an individual to come forward after such an event, and there are several different options available for Keene State community members who wish to maintain confidentiality while getting the support they need. In these cases, a student may find a conversation with the Counseling Center, Center for Health or Wellness, or the Monadnock Center for Violence Prevention helpful. These offices can provide a confidential space where KSC community members may obtain support services and explore their options.

To Report Sexual Misconduct

Keene State College has a comprehensive system to assist students who choose to report sexual misconduct or relationship violence. You may report such an incident to the following College authorities:

- KSC Campus Safety: 603-358-2228
- Keene Police: 603-357-9813 or 911
- Title IX Coordinator: 603-358-2959
- Your Residence Director or Residence Assistant
- Human Resources 603-358-2234

Students should understand that most KSC employees, with the exception of those who exist in a legally recognized confidential relationship, are required to report any disclosure about sexual misconduct or relationship violence. This report is made to the Title IX Coordinator even when the student requests that they not report the disclosure. The "Confidential Support and Help" resources identified are not required to report a disclosure.

Making a Report to Campus Safety

A student may file a report of sexual misconduct or relationship violence with Campus Safety at any time regardless of where or when the incident occurred. While a report does not obligate a student to file charges either with the student conduct office or with the relevant law enforcement agency, the College has an obligation to provide a safe, non-discriminatory environment for all students and employees. Campus Safety will provide a same-sex officer to take the report if desired by the reporting student. The reporting student may have an advisor or advocate with them during any interviews or meetings with College officials.

In making the report, the College will:

- Encourage the student to go to the hospital emergency room or the Center for Health and Wellness for medical services and offer to transport and/or accompany the student, if applicable.
- Provide resources to speak directly with the on-call counselor or an advocate from the Monadnock Center for Violence Prevention, for support in understanding, evaluating, and choosing among the services described in this policy.
- Provide the student with a written explanation of student rights.
- Inform the student of his/her rights and options including the options of filing charges through the student conduct system and Keene Police

Keene State College maintains a Memorandum of Understanding (MOU) with the Keene Police Department. This memorandum outlines the coordinated process and rights and responsibilities that will be followed in the event that the reporting person wishes to file a concurrent report with the Keene Police Department.

The College may issue a campus alert (without identifying the reporting individual) in cases in which the College believes there is a threat posed to the campus community. Any and all actions taken, including the possible release of a warning to the community, will be designed to protect the reporting individual's identity.

Employee Reporting Obligations

A 'Responsible Employee' is a College employee who has the authority to redress misconduct, who has the duty to report incidents of sexual violence or other student misconduct, or who a student could reasonably believe has this authority of duty. A responsible employee must report to the Title IX coordinator all relevant details about the alleged sexual misconduct or relationship violence shared by the reporting party. **[At Keene State College, all faculty and staff, with the exception of those who exist in a legally recognized confidential relationship to the reporting party, have a duty to report sexual misconduct or relationship violence]**². To the extent possible, information reported to the responsible employee will be shared only with people responsible for handling the College's response to the report. Before a victim reveals any information to a responsible employee, the employee should ensure the victim understands the employee's reporting obligation and, if the victim wants to maintain confidentiality, direct the victim to confidential resources.

² The only College employees who exist in a confidential relationship are employed in the Counseling Center and certain employees in the Center for Health and Wellness.

Requests for Anonymity

At times, victims of relationship violence or sexual misconduct may request that their name not be shared with the responding party, that the responding party not be notified of the report, or that no investigation occur.

The Title IX Coordinator will weigh the reporting person's request for anonymity with the College's obligation to provide a safe, non-discriminatory environment for all students and employees, including the victim. If the College honors the request for anonymity, the reporting person must understand that the College's ability to meaningfully investigate the incident and pursue disciplinary action may be limited.

The Title IX Coordinator will weigh a range of factors when considering a request for anonymity. These factors include:

- The risk the responding party will commit additional acts of relationship violence or sexual misconduct
- Whether the act was perpetrated with a weapon
- Whether the victim is a minor
- Whether the College possesses other means to obtain relevant evidence of relationship violence or sexual misconduct
- Whether the reporting person's report reveals a pattern of relationship violence or sexual misconduct at a specific location or by a particular group or individual

At times, in order to provide a safe, non-discriminatory environment for KSC community members, the College may not be able to honor a victim's request for anonymity. In such a case, the Title IX Coordinator will inform the victim prior to starting an investigation. Furthermore, the College will remain mindful of the reporting person's well-being and will take ongoing steps to protect the reporting person from retaliation or harm.

Investigation Procedures and Protocols

When an investigation is conducted, Keene State College has an obligation to ensure that the investigation is prompt, adequate, reliable, and impartial. In fulfilling these obligations, the College will respond to all reported complaints to ensure that the prohibited conduct is stopped, eliminate any hostile environment, take steps to prevent its recurrence, and address any effects.

Trained professionals will conduct an investigation under the oversight of the Title IX Coordinator. Both the reporting party and responding party will be notified, in writing, of the initiation of the investigation and the potential policy violation(s) at issue. Interviews will be conducted of both parties and any relevant witnesses. All parties will have an opportunity to identify potential witnesses and provide any evidence or other information that may be relevant to the investigation. The investigator may review law enforcement investigatory files (if applicable) and student or personnel files. During the investigatory process, both parties will receive timely notice of any meetings at which their presence is requested. Both parties will be provided regular updates regarding the status of the investigatory process. If, after a review by the Title IX Coordinator, information exists to suggest a violation of this policy occurred, the results of the investigation will be released to the Student Conduct Office.

Upon receipt of an investigation the Director of Student Conduct, in consultation with the Title IX Coordinator, will review the materials and determine what College policies may have been violated and the manner in which the infraction will be addressed. These alleged policy violations become the charges that will be brought by the College against the responding person(s) or organization if the matter moves forward through the Conduct System. The parties are provided similar and timely access to any information used in the hearing or sanctioning process.

Law Enforcement Investigations

A reporting party may pursue an administrative complaint (with the College) and criminal complaint (with the police) simultaneously. The investigations may proceed concurrently, and the outcome of one investigation does not determine the outcome of the other investigation. While the College may briefly suspend fact-finding at the request of law enforcement, Federal law does not permit the College to delay its investigation until the resolution of the criminal process.

Timelines

The College will conduct a timely review of all reports of sexual misconduct and relationship violence. Absent extenuating circumstances, the investigation and resolution are expected to take place within sixty (60) calendar days from receipt of the complaint. These timeframes may be extended during periods when classes are not held or for good cause. Both parties will be provided with written notice of any extension.

Retaliation

Keene State College is committed to a policy that encourages disclosure of sexual misconduct and relationship violence. Any person, who, in good faith, reports an actual or perceived violation of this policy, shall not be subject to retaliation. The College will take strong responsive action if retaliation occurs. If a reporting person or witness believes that (s)he has been subjected to retaliation, (s)he should promptly contact the Title IX Coordinator

Student College Conduct Process (Adjudication Procedures)

Hearing Board

The Keene State College Office of Student Conduct will convene a hearing board for the purpose of adjudicating an alleged incident of a suspension or expulsion level policy violation involving students. The hearing will provide a fair, impartial, and equitable process that respects the rights of all participants. The Board will determine if a policy violation occurred using a preponderance of the evidence standard – namely, that it is more likely than not that the student or student organization has committed the violation as charged.

Composition of the Hearing Board

The Sexual Misconduct Hearing Board shall be composed of College faculty, staff, and student members who are trained annually on sexual misconduct issues, investigations, and hearing practices. In each hearing, the Board shall be comprised of three members of the College community and a fourth member who serves as the Hearing Board Chair (typically a staff member of the Office of Student Conduct or designee) who is charged with conducting the hearing. The hearing board chairperson is a non-voting member of the Board. At the hearing, the following individuals may be present:

- Three Hearing Board members
- Reporting party
- Advisor for the Reporting party
- Responding Party
- Advisor for the Responding party
- Witnesses (only while providing relevant information)
- Hearing Board Chair (typically a staff member from the Office of Student Conduct or designee)

Advisors

The reporting person and responding party may have an advisor of their choice to assist them throughout the investigatory and/or student conduct processes. Trained advisors are available for students seeking support. A list of trained advisors is available here. The advisor is a silent and non-participating presence who is there to observe the proceedings and provide support, guidance, or advice. The College reserves the exclusive right to determine what constitutes appropriate behavior on the part of the advisor. The availability or lack of availability of an advisor will in no way impact or impair the investigatory or student conduct process, and all requests for extensions remain within the sole discretion of the College. During a student conduct hearing, either party may request a brief recess to consult with their advisor. This request may be granted at the discretion of the hearing board chair or designee. The advisor may not be a fact witness in any proceedings nor have any real or reasonably perceived conflicts of interest in any proceedings.

Hearing Board Process

The Hearing Board Chair will conduct the hearing in accordance with the established hearing board process. The process ensures that the investigation report is presented, that each party and witnesses have the chance to be heard, and that the Hearing Board has the opportunity to ask relevant questions of all parties and witnesses involved. All hearing board proceedings are audio recorded. Individual recordings are not permitted by any other party. Additionally, the hearing board process ensures:

- All parties are introduced
- The rights of the parties involved are acknowledged
- Each party involved hears and accepts the "Expectation of Truth Statement"
- All alleged conduct code violations are read
- Investigative report is presented
- The Responding Party is provided an opportunity to accept responsibility, deny responsibility, or decline to make a statement, for each alleged conduct code charge
- Each party and witness has an opportunity to be heard and submit relevant questions for consideration
- Each party will be provided the opportunity to describe any mitigating factors relevant to this situation
- Each party has the chance to provide a closing statement to the Hearing Board

If either party wishes to do so, they may provide a written impact statement to the Hearing Chair. If the responding party is found responsible, the Hearing Chair will share the impact statement to the hearing board members as part of the sanctioning conversation.

If any individual should become disruptive during the hearing, including witnesses and advisors, the Hearing Chair retains the discretion to remove that individual from the hearing.

Witnesses

Both the reporting party and the responding party may present witnesses. It is the obligation of the student who wants the witness to attend the hearing to notify them of the date, time, and location of the hearing. Additionally, a student must notify the Office of Student Conduct at least 24 hours prior to the hearing who they intend to call as a witness.

Sexual History of Parties

As a general rule, the sexual history of both the reporting person and responding person is not relevant and will not be considered as evidence. However, prior sexual history may be considered under the following limited circumstances:

- Where there exists a prior or ongoing sexual relationship between the parties and the responding party asserts that consent was given. The prior sexual history between the parties may be relevant only to assess the manner and nature of communications between the parties as it relates to consent. As noted above, the mere fact of a prior relationship is not sufficient to constitute consent.
- To establish a pattern or practice of similar conduct by the responding party
- To explain an injury or physical finding

Relevant evidence of prior sexual history must be based on direct evidence, not rumor, hearsay, or conjecture. The relevance and introduction of prior sexual history in a student conduct hearing will be determined by the Hearing Chair, in consultation with the Title IX Coordinator when appropriate.

Hearing Board Deliberations

At the conclusion of the Hearing, all parties will be dismissed from the proceedings and the Board will deliberate privately to determine the Responding Party's responsibility for the alleged violation(s). All decisions require a majority vote from the Hearing Board members.

If the Responding Party is found responsible, the hearing board will recommend appropriate sanctions based on the severity of the violation, that student's conduct history, and case precedent. During the sanctioning phase of deliberations, the Hearing Chair will:

- Disclose the Responding Party's past student conduct history, if any;
- Provide sanction parameters, as defined by this policy for the applicable violations of the code of conduct. If the Responding Party is found not responsible, there is no discussion of sanctions and the official proceeding concludes.

Once a recommendation is made, the Hearing Chair will convene a meeting with the Director of Student Conduct and Associate Dean of Student Affairs to review the Hearing Board's recommendations of findings of responsibility and sanctions, if applicable.

Outcome

Both the reporting party and the responding party will be informed of the Hearing outcome, in writing, concurrently. The final outcome letter will set forth the name of the accused student; the violation(s) of policy for which the accused student was found responsible, if any; any essential findings supporting the decision of responsibility; and the sanction(s) imposed, if any.

Sanctions

Violations of the Sexual Misconduct Policy may result in suspension or expulsion from Keene State College. In instances where student organizations are involved, these organizations may also have sanctions taken against them, including the rescinding of their institutional recognition.

Students who would like more information regarding either the [New Hampshire Sexual Assault Statute](#) or College conduct expectations should review the law and the Student Code of Conduct. They may also contact the Director of Campus Safety, the Dean of Students or Associate Dean of Students.

Appeals

Each party will also receive information on how to appeal the Hearing Board decision through the appeal process as established by the Office of Student Conduct. More information on the appeal process is available [here](#).

Leave of Absence/Withdrawal

A reporting person who requests a leave of absence or withdrawal from the College does not forfeit his/her right to resolution of the complaint.

Any student charged with sexual misconduct violation(s) of the Code of Conduct who requests a leave of absence or withdrawal from the College prior to a hearing will still incur relevant administrative actions. Depending on the case circumstances, these actions may include but not be limited to:

- The continuation of the conduct process
- Interim suspension, and/or
- Withdrawal with disciplinary case pending

The latter action makes the charged student ineligible to register or attend classes at any USNH institution for as long as the charge remains pending.

Prevention and Education

Keene State College also has a well-developed and robust training and education program. These programs include an online module all incoming students must complete concerning consent and respect. During orientation and welcome week incoming students participate in several interactive presentations on issues of sexual misconduct, consent, relationship violence, and stalking. All incoming students are introduced to Keene State's primary bystander intervention program, "No Zebras No Excuses." This program emphasizes bystander intervention and stresses sexual aggression can no longer be ignored, empowering students to stand up, take a stand, and help keep others safe. Keene State has adopted a national model of peer education through Mentors in Violence Prevention (MVP), which provides ongoing learning opportunities throughout the year. MVP has conducted programming in Athletics, Greek Life, and in various classrooms. Keene State College has forged partnerships and worked to develop strong working relationships with both on campus and off campus constituencies and stakeholders. Regular meetings are held with representatives from the County Attorney's Office, Public Defender's Office, and Keene Police Department. The Title IX coordinator and Director of Campus Safety are members of the Cheshire County Sexual Assault Resource Team (SART) and The Title IX Coordinator is a member of the Sexual Assault Nurse Examiner Advisory Board (SAB). Support and service efforts are coordinated with the Keene State Counseling Center, Center for Health and Wellness, and Monadnock Center for Violence Prevention (MCVP).

FAQ's

What happens when a person who has been engaging in underage drinking reports a sexual assault?

Keene State College's primary concern is the health and safety of its students. When conducting an investigation of an alleged sexual assault, the College's focus will be on addressing the sexual assault and not on lesser policy violations that may be discovered or disclosed. The College may, however, provide referrals to counseling or require other educational options. More information is available [here](#).

What happens when the sexual assault happens off-campus? Who do I report this to?

You may report to the Title IX Coordinator. Additionally, Campus Safety will take any report of a sexual assault, even if the assault occurred off campus. While Keene Police Department has primary jurisdiction, some students may feel a greater sense of comfort reporting to a campus department. If the student does not wish to make a report with KPD, a report that does not identify the victim will be made on the student's behalf by Campus Safety to notify them that an assault has occurred.

What do I do if the sexual assault happened last week? Last month? Last semester? Longer ago?

Report as soon as possible even if some time has passed. While timely reporting increases the likelihood of obtaining more accurate information during an investigation, reporting at any time will ensure that you receive information on available support services. For a victim considering criminal charges, the statute of limitations for reporting a sexual assault varies from state to state and may be impacted by a number of factors.

What if I have a relationship with the person who assaulted me?

It is never okay to force, threaten or coerce someone into having sex against his/her will, even if they are in a relationship or are married.

What happens if someone falsely reports a sexual assault?

False reports of sexual assault are extremely rare estimated at less than 2% of all reports. If an allegation of sexual assault moves forward to a student conduct hearing and/or a legal proceeding, and the accused party is found not responsible or not guilty, this does not necessarily mean the assault did not occur, it merely indicates that the burden of proof was not met.

Will my parents be told?

Whether you are the reporting person or responding person, the College's primary relationship is to the student and not the parent. In the event of a major medical, disciplinary, or academic jeopardy, students are strongly encouraged to tell their parents. College officials will directly inform parents when requested to do so by a student, or in a life-threatening situation. The College reserves the right to notify a parent or guardian in the event that your status at the College has changed or is in serious jeopardy of changing. More information on parental notification is available [here](#).

What should I do if I am accused of sexual misconduct or relationship violence?

Do not contact the alleged victim. You may want to contact the Dean of Students or Title IX Coordinator who can explain the College's procedures for handling sexual misconduct and relationship violence complaints. You may also wish to talk to a confidential counselor at the Counseling Center. Accused students (responding person) will be informed of their rights as a student and will be treated fairly and equitably. Students are strongly encouraged to work with an advisor, a list of which is available [here](#).

What if I am uncertain if what happened is a sexual assault?

You are encouraged to schedule a meeting with the Dean of Students or Title IX Coordinator to review all of your options and to discuss

available support and confidential resources. No details of the incident need to be provided at this meeting. You are welcome to bring an advisor or support person with you.

If I report sexual misconduct, will the responding party know my identity?

At times, victims of relationship violence or sexual misconduct may request that their name not be shared with the responding party, that the responding party not be notified of the report, or that no investigation occur. The Title IX Coordinator will weigh the reporting person's request for anonymity with the College's obligation to provide a safe, non-discriminatory environment for all students and employees, including the victim. If the College honors the request for anonymity, the reporting person must understand that the College's ability to meaningfully investigate the incident and pursue disciplinary action may be limited.

Use of Facilities

Bulletin Boards and Postings

The Student Center, in conjunction with the Department of Campus Safety, will determine those functions at which security is required. Campus Safety will facilitate employing police officers for the organization, the cost may be charged to the sponsoring organization.

All College policies are in effect regardless of the location of the event(s), whether on campus or off campus. The privilege of College recognition for a student group carries with it the requirement to comply with College policy, state, and federal laws anywhere an event is

being held as long as the event is sponsored by an organization with College recognition.

They therefore use Keene State College's IRS tax exemption designation in substantiating their tax-free status, which can be obtained from the Office of Development at 358-2372.
