

Terrorism: A Nazi Connection
(Complete as we go along)

Terrorism is often rationalized as an alleged "legitimate" response to Middle Eastern political conflict. Antisemitism among Muslims is naively glossed over as a kind of "anti-imperialism of the stupid." These notions make the assumption that Muslim antisemitism is totally different from European antisemitism and based only on political discontent. It assumes that Muslims are eternally hostile to Jews and Christians. This fundamental misunderstanding ignores the direct connection between the Nazis and Muslim/Arab extremists and the relatively recent phenomenon of genocidal antisemitism by Islamists.
