502 Update for Construction Industry Outreach Trainers

# of Days	Times	Credits	Tuition
2.5	M, Tu: 8:30 am - 4:30 pm & W: 8:30 am - noon	1.7 CEUs 3.01 CM	\$785

PREREQUISITE: Course 500/502

Course Description: This course is designed for personnel in the private sector who have completed the 500 Trainer Course in Occupational Safety and Health Standards for the Construction Industry and who are active trainers in the outreach program. It provides an update on such topics as OSHA construction standards, policies, and regulations.

NOTE: Construction Outreach Trainers are required to attend this course once every four years to maintain their trainer status. Prior to registration, students must provide a copy of their current trainer card for validation.

Course Section	Date(s)	Day(s)	Location
NCOS-502-N7C	June 21-23, 2010	Mon.-Wed.	Montpelier, VT

510 Occupational Safety and Health Standards for the Construction Industry

# of Days	Times	Credits	Tuition
4	8:30 am - 4:30 pm	3.0 CEUs, TCH 4.34 CM	\$855

PREREQUISITE: None

Course Description: This course for private sector personnel covers OSHA policies, procedures, and standards, as well as construction safety and health principles. Topics include scope and application of the OSHA construction standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide.

Course Section	Date(s)	Day(s)	Location
NCOS-510-N3C	Feb. 16-19, 2010	Tues.-Fri.	Montpelier, VT

500 Trainer Course in Occupational Safety and Health Standards for the Construction Industry

# of Days	Times	Credits	Tuition
4	8:30 am - 4:30 pm	3.0 CEUs; TCH 4.34 CM	\$885

PREREQUISITES: OSHA Course 510 and five (5) years of construction safety experience. A college degree in occupational safety and health, a Certified Safety Professional (CSP) or a Certified Industrial Hygienist (CIH) designation, in the applicable training area, may be substituted for two (2) years of experience.

Course Description: This course is designed for personnel in the private sector interested in teaching the 10- and 30-hour construction safety and health outreach program to their employees and other interested groups. Special emphasis is placed on those topics that are required in the 10- and 30-hour programs as well as on those that are the most hazardous, using OSHA standards as a guide. Course participants are briefed on effective instructional approaches and the effective use of visual aids and handouts. This course allows the student to become a trainer in the Outreach Program and to conduct both a 10- and 30-hour construction safety and health course and to issue cards to participants verifying course completion.

NOTE: Students in Course 500 who wish to participate as authorized trainers in the Outreach Program must prepare a presentation on an assigned OSHA construction Outreach topic individually or as part of a group and successfully pass a written exam at the end of the course. Authorized Outreach Trainers are required to attend Course 502 at least once every four years to maintain their trainer status.

Course Section	Date(s)	Days(s)	Location

7500 Safety and Health Management

# of Days	Times	Credits	Tuition
1	8:30 am - 4:30 pm	0.7 CEUs, TCH	\$245

Course Description: This one-day training focuses on the effective implementation of a company's safety and health management system for new or experienced personnel, managers, supervisors, and safety committee members. Using interactive assignments and thought-provoking group projects, students of this one-day workshop come away with a strong understanding of the benefits of implementing a safety and health management system in the workplace. According to OSHA, the 2020 long-range focus is for every employer to have a functioning safety and health management program in place.
