

Connecting Windows 7 to the KSC_Student Wireless Network

1. From your system tray left click on your wireless icon.

2. From the list of available wireless networks choose **KSC_Student**.

3. A window will appear upon successful connection to **KSC_Student**.

You're done! When you are within range of the **KSC_Student** wireless network, you should connect automatically. No more configurations are needed for this wireless access.
