Greetings,

Welcome back to all of you who started at Keene State in the fall. I hope your first semester was successful and you take some time to reflect on what worked well for you and what didn’t. Don’t hesitate to contact us if you need support in strategizing for the spring semester.

A warm welcome to all of you who joined us as new KSC students in January. The good news is that we had at least one full week of classes without curtailed operations. Now it’s smooth sailing to May.

Information in the monthly Academic and Career Advising (ACA) Newsletter will inform you about our next course registration period in late March and early April for the Fall 2011 semester as well as career events and upcoming classroom presentations.

We are a group of friendly, informed and experienced professional with answers to your questions. We look forward to meeting you in the weeks ahead.

Best of luck for a successful semester.
Pat Halloran

Summer is Smart! at Keene State College

Summer session is getting set to debut new features in 2011.

This summer students can participate in a six to 10 week session designed to help them move their academic careers ahead by catching up on course prerequisites, taking hard-to-get classes, or letting them graduate on time or even early. Students taking a full-time, summer course load will recognize savings due to summer tuition rates. Financial aid is available for some students. Courses are offered in 34 different disciplines, in most majors, and the Integrative Study Program. Twenty percent of summer session courses are blended, combining in-class and online learning, to accommodate students’ needs. Take advantage of living and dining on campus: live in air conditioned One Butler Court, one of KSC’s newer residence halls; eat in the dining commons under a meal plan; and have access to services including the library and the recreation center.

KSC students can register on-line February 20 through March 25 using MyKSC with summer classes beginning May 16. Tuition and fee bills are due on May 6.

The people in Continuing Education Office will be glad to answer your questions (continuing-ed@keene.edu; 603-358-2290 or 800-KSC-1909). Office hours are Monday through Thursday, 8 a.m. to 6 p.m. and Friday 8 a.m. to 5 p.m. Check the summer session web site for details (www.keene.edu/summer).
