Gender:      Male              Female              Transgendered

Are you a smoker:    Yes              No

### **A LIVING-LEARNING COMMUNITY-BASED EDUCATIONAL EXPERIENCE**

Summer Momentum is an integrated summer school experience that provides students with the conceptual and tactical skills for decision-making and self-development through a living-learning community. Summer Momentum provides the path toward connecting at Keene State by integrating course work, residential study halls, evening dinners and activities, regular meetings with career advising, tutoring and mentoring over an eight-week time frame. The meal and housing plan are central to the program and each help ensure the enrichment of our community-based experience through shared living space and dining facilities.

- You will be housed with other members of the Summer Momentum program, which will help facilitate group work and study sessions during the summer session. You may be placed in single or double occupancy rooms.
- Summer housing will be in Butler Court. Summer housing is available for the program between May 20<sup>th</sup> – July 12<sup>th</sup>. Total cost for housing: \$1,200.00
- The meal plan is suggested, in that part of the curriculum will unfold over dinners once to twice a week during the program. Total cost for the meal plan: \$1,040.00
- You must be registered for the common course to apply for housing.
- Simply check the boxes below to approve the costs for the housing and the meal plan.

Start Date	End Date	Housing	Meal Plan
Sunday, May 19	Saturday July 13		

I agree to the terms of the housing contract and the KSC Student Handbook.
