

Personal Protective Equipment (PPE) Written Certification of Training

NOTE: The following model program is provided as a guideline to assist in complying with 29 CFR 1910.132. Employers should review the Personal Protective Equipment Standard for particular requirements which are applicable to their workplaces.

The following employees have been trained by (name of Individual) on the following subjects:

- i) When PPE is required
- ii) What PPE is required
- iii) How to properly don, doff, adjust and wear PPE
- iv) Limitations of the required PPE
- v) The proper care, maintenance, useful life and disposal of the required PPE*

All employees trained have demonstrated an understanding of this information.
