Covid-19 Addendum to the Student Code of Conduct

Keene State College recognizes that we are all in this together to stop the spread of Covid-19 on our campus and the greater Keene Community. As such, students will be expected to follow all expectations laid out on the Fall 2020 Reopening Website as well as in the Keene State College Community Acknowledgement.

Some expectations of students are listed below but please note that this is not an all inclusive list, please refer to the KSC Covid-19 website for full information and the most current requirements.

KSC Students are expected to practice the following:

- Practice physical distancing by maintaining 6ft between oneself and others whenever possible;
- Avoid social gatherings on and off campus involving groups of more than 10 people. This policy does not apply to Institution-sponsored events where social distancing and other precautions can be observed. Students found responsible for hosting social gatherings of more than ten people will be subject to enhanced sanctions;
- Wear a mask at all times on-campus except when in my residence hall room, off campus living spaces, or eating while seated;
- Adhere to the Code of Conduct policy on Directives on Public Health.

For a full list of expectations please review the Keene State College Community Acknowledgement.

Philosophy and Jurisdiction

Keene State College prepares students to think critically and creatively, to engage in active citizenship, and to pursue meaningful work. The purpose of the KSC Student Code of Conduct is to promote an environment that supports the mission of the College by articulating expected standards of individual and group behavior. Students and student organizations are expected to accept responsibility for their behavior, whether acting individually or in a group and to be considerate of the rights of others including conducting themselves in a manner that is consistent with the values embraced by the College and reflected in its various policies, contracts, rules, and regulations. Keene State College is responsible for helping to create and maintain a community that safely supports students in their academic, social, and personal endeavors. The College’s jurisdiction applies to both on and off campus violations of the Code of Conduct and as such all students and student organizations are expected to maintain a high standard of conduct both on and off campus.

Students are expected to remove themselves immediately from situations in which others are engaging in, or are attempting to engage in, violations of College policies. Remaining in such situations or failing to take action to address such behaviors may result in students being subject to action through the College’s Conduct System.

The Student Code of Conduct assumes that reasonable people, given adequate information and freedom to decide, can and will make judgments in the best interests of the community. The goal of the College Conduct System is to teach the student why the behavior displayed is unacceptable. As such, sanctioning is designed to be both educational and corrective in nature.

Keene State College will take a strong position on actions that are motivated by or committed against an individual(s) based on race, religion, disability, ethnic or national origin, sex, sexual orientation, age, marital status, or veteran’s status, and sanctions will be reflective of the nature of the incident and any bias demonstrated.

Authority of the College Conduct System

The responsibility for the College Conduct System lies with the following individuals:

The Vice President for Student Affairs has ultimate authority over the College Conduct System, including interpretation of policies and the system’s procedures.

The Dean of Students provides oversight for the day to day operations of the Student Conduct Office and, in accordance with College policy, approves the Code of Conduct.

The Assistant Dean of Students/Director of Student Conduct is the professional staff member responsible and is charged with providing comprehensive leadership, management, and vision for the Student Conduct Office. They set the tone and direction for the office and develop the conduct codes, adjudication systems, related procedures, trainings, and coordinates all nominations to the Hearing Board. The Assistant Dean is responsible for the overall coordination of the processes used to administer the Student Code of Conduct, including interpretations of policies and the system’s procedures and chartering of hearing boards where suspension or expulsion may be a possible outcome.

The Assistant Director for Residential Education is the professional staff member responsible for case management and primarily focuses on residential students who are accused of violating the Code of Conduct. Additionally, they serve as one of the primary Hearing Officer for cases where disciplinary suspension or expulsion is a possible outcome.

Hearing Officers are individuals who, through their job responsibilities or authorization by the Assistant Dean of Students/Director of Student Conduct, initiate action on possible violations to the Code of Conduct. The Hearing Officer may hear or otherwise resolve student misconduct.

Hearing Board Members are Keene State College faculty, staff, and students who have been trained to hear and act on student conduct violations.

Good Samaritan Policy (GSP)

The Keene State College community recognizes that the health and wellness of students are of the utmost priority. When alcohol and/or drug use creates medical or safety emergencies, potential for student conduct action may deter students from seeking assistance for themselves or others. The Good Samaritan policy was developed to support students to act with their own and others’ health and safety as the primary concern. This policy applies only to College policy and does not prevent action by local or State authorities. Keene State College does not condone underage drinking, the over-consumption of alcohol, or the use of drugs. The policy exists to encourage students who find themselves in life-threatening situations with alcohol and/or drugs to call for help. The Good Samaritan Policy is enacted by the Director of Student Conduct or his/her designee upon review of the situation.

This Good Samaritan policy grants immunity from punitive disciplinary action to students who seek medical attention for themselves and/or other students in alcohol or drug-related incidents. This policy does not grant immunities for other violations such as distribution of a controlled substance, disorderly conduct, vandalism, assault, etc. Students who are granted immunity under the policy may still be required to complete alcohol and/or drug education activities, assessments, and/or treatment. Failure to meet these requirements will result in application of the disciplinary actions. In incidents of alleged sexual misconduct, the college's focus will be on addressing the sexual assault and not on the lesser policy violations that may be discovered or disclosed.

Keene State College does not have the authority to disburse and/or grant legal immunity for controlled substances, and will contact KPD whenever necessary.

Conduct Expectations & Policies (Violations)

As members of the College community, students and student organizations have an obligation to know and abide by the Student Code of Conduct. Through its policies and regulations, the College has identified the behavioral expectations it has for its students. The College expects that students will behave in a mature and responsible manner at all times. Students who fail to do so may be referred to the College’s Student Conduct System.

Residential students are expected to know and abide by the Terms and Conditions of the Residence Hall Contract. Any violation of these policies and regulations will be considered a breach of the contract and may lead to disciplinary action and/or removal from on-campus housing.

Students living in residence halls are responsible for all events and/or behaviors that take place in their room/suite/apartment. If a resident is uncomfortable with what is taking place (e.g., drinking, noise, too many guests, etc.), the College expects students to address policy violations with their peers, set expectations that are mutually acceptable, and uphold the expectations of the College. If this is not possible, the student is obligated to leave, get a Resident Assistant or call Campus Safety.

College conduct proceedings may be instituted against a student who is subject to prosecution for violation of law in any judicial venue without regard to the pendency or outcome of the judicial proceedings when the conduct alleged is also a violation of the Student Code of Conduct.

Violations, particularly those associated with alcohol and controlled substance use, which occur during the Orientation period will be sanctioned more severely than those occurring during the academic year.

The Student Conduct Office will address violations of the following list of policies. College policies are described in detail elsewhere in the Student Handbook. This list is intended, therefore, to be illustrative and not exhaustive.

Responding to Violations of College Policy (Hearing Process & Sanctions)
Reports of any alleged policy violation should be given to the Department of Campus Safety, Residential Life Staff, or another College Official, normally within 30 days of either the incident taking place or knowledge of the incident becoming available. Extension of this time period may be granted at the discretion of the Student Conduct Office.

Upon receipt of a report, the Student Conduct Office will review the materials and determine what College policies may have been violated, and the manner in which the infraction will be addressed. These alleged policy violations become the charges which will be brought by the College against the Responding Party through the Conduct System.

In the case of an alleged violation by a student or student organization of any of the College’s policies regarding sexual misconduct incidents, the College will follow the procedures outlined in the Sexual Misconduct Policy section of the Student Handbook.
**Interim Suspension:**

Interim suspension will only be issued upon the direction of the Dean of Students or their designee.

In certain circumstances a student or student organization may be suspended or face restrictions in activities prior to a hearing. This might occur in an effort to ensure the health, safety, or well-being of members of the College community or to preserve College property; to ensure the suspended student’s physical and emotional safety and well-being; or to prevent the disruption of, or interference with, the normal operations of the College.

When a student or student organization is placed on interim suspension, the student and/or student organization will receive requisite notice and a hearing will be scheduled as soon as is practical.

A student or student organization placed on Interim Suspension is not permitted access to the College campus or to participate in any College sponsored or supervised activities, including classes. If there is an administrative need to be on campus, the student must submit a written request to the Dean of Students office including the exact date, time, and reason for such request. A student placed on interim suspension is ineligible to register for or attend classes at any other USNH institution while the charge remains pending.

**Educational Letter**

Electronic educational letters address quiet hours and health & safety issues. These letters are noted in a Responding Party’s conduct record and may be used in determining appropriate sanctions for future violations.

The Responding Party has the right to request a hearing to discuss the charges. Contact must be made with the College official who sent the educational letter within five business days of receipt of the letter, otherwise the matter will be considered resolved and the Responding Party will be required to fulfill the specified expectations or directions.

**College Adjudication Procedures**

Responding Party(s) accused of violating College policy will be summoned to participate in the student conduct process. For alleged violations which could result in Disciplinary Suspension or Expulsion (if the Responding Party is found responsible), the Student Conduct Office will notify the Responding Party of the alleged violation(s) and give them 48 hours to select one of the following processes:

1. Deny responsibility for all violations and request a hearing board;
2. Accept responsibility for all violations and request an administrative hearing with a Hearing Officer, for the purpose of determining an appropriate sanction;

If option B is selected, the Responding Party will submit a written statement acknowledging responsibility for the alleged violation(s). This submission must be received within 48 hours of notification of charges. The Assistant Dean of Students/Director of Student Conduct or their designee will determine whether or not to grant this request.

Please note that if a Responding Party does not respond selecting an option, a hearing board will be scheduled.

*It is important to note that the rules of process, procedure, and/or evidence that are applicable to civil and criminal cases do not apply to College hearings.*

**Administrative Hearing**

An administrative hearing will be held with a Hearing Officer and all students alleged to be involved in violations of College policy. Using a preponderance of the evidence standard, the Hearing Officer will determine whether it is more likely than not that the Responding Party has committed the violation as charged. The Hearing Officer will contact students, via e-mail through the College-issued email system, with the following information:

- The policies the Responding Party is alleged to have violated;
- A date, time and location for the Responding Party to meet with the Hearing Officer;
- A copy of relevant written materials that constitute evidence of the violation (audio and video materials are the property of the College; copies will not be sent to the Responding Party but will be available for review with the Hearing Officer up to 24 hours prior to the scheduled hearing or hearing board by appointment);
- A web link to the Responding Party’s rights in the conduct process.

Students generally have no less than two but no more than 20 days for the administrative hearing to occur. In cases where circumstances prevent the hearing being scheduled within this time frame (for example, during the start or end of the semester and during examination periods and summer session), the timeframe may be waived or extended at the discretion of the Assistant Dean of Students/Director of Student Conduct or their designee. **In addition, a student charged with a violation(s) may waive the minimum two-day period.**

*Students with pending criminal charges may request a delay in the hearing unless the conclusion of their legal case. The Assistant Dean of Students/Director of Student Conduct will determine whether to grant or deny the request. Please note that this request is only granted in certain circumstances.*

**Hearing Board**

A Hearing Board is convened when a Responding Party is alleged to have violated a College policy that is especially egregious or when disciplinary suspension or expulsion may be an outcome. The determination of the Hearing Board is made using a preponderance of the evidence standard–namely that it is more likely than not that the Responding Party has committed the violations as charged. Please review the **Sexual Misconduct Policy** for hearing procedures related to cases involving this type of misconduct.

**Composition of the Hearing Board**

The Hearing Board shall be composed of College faculty, staff, and student members who are trained on student conduct issues, investigations, and hearing practices. Each Hearing Board typically will have one student member, two faculty/staff members, and a non-voting Chairperson. During certain times of the year having a student member may not be feasible (e.g. during the start or end of the semester, during examination periods and summer session, as well as other times deemed necessary due to calendar, personnel, and/or other special consideration). Please note that for cases that involve allegations of Sexual Misconduct, a student member is not always on the hearing board. Student Hearing Board Members must be in good disciplinary standing, have completed one semester of courses at Keene State College (unless otherwise approved by the Assistant Dean of Students/Director of Student Conduct), and attend mandatory trainings. In cases where a Hearing Board member feels they are unable to hear a particular case without prejudice, the member will voluntarily remove themselves from that hearing.

There are times (e.g., during the start or end of the semester, during examination periods and summer session, as well as other times deemed necessary due to calendar, personnel, and/or other special consideration, or when a student has received a prior warning that being found responsible for a particular violation will result in a suspension/expulsion) when constitution of a board will not be practical. At such times, the Board may not include a student member or the Assistant Dean of Students/Director of Student Conduct or their designee will adjudicate the case in lieu of a Hearing Board. At the hearing board, the following individuals may be present:

- Hearing Chairperson (typically a staff member from the Office of Student Conduct or designee);
- Three Hearing Board members;
- Reporting Party;
- Responding Party;
- Advisor for the Reporting and/or Responding party (if applicable);

*If concurrent criminal or civil charges have been filed in association with the incident then the student may have a non-College-related attorney present at the hearing as a non-participating observer;*
• Witnesses (only while providing relevant information).

The Hearing Chairperson ensures:

• All parties are introduced;
• The rights of the parties involved are acknowledged;
• Each party who hears and accepts the “Expectation of Truth Statement”;
• All alleged conduct code violations are read;
• Investigation report is presented;
• The Responding Party is provided an opportunity to state that they are responsible, or declines to make a statement, for each alleged conduct code charge;
• Each party and witness has an opportunity to be heard and to submit relevant questions for consideration;
• That each party have the chance to describe any mitigating factors relevant to this situation;
• That each party is provided the opportunity to provide a closing statement to the Hearing Board.

If either party wishes, they may provide a written impact statement to the Hearing Chairperson. If the Responding Party is found responsible, the Chairperson will share the impact statements with the hearing board members as information to consider in their sanction deliberations.

All hearing board proceedings are audio recorded by the Student Conduct Office, but recordings are not permitted by other parties.

If any individual should become disruptive during the hearing, including witnesses and advisors, the Hearing Chairperson retains the discretion to remove that individual from the hearing.

_Students with disabilities are encouraged to disclose their disability and request accommodations to the Hearing Officer prior to the hearing if they feel that knowledge of such could affect decisions made in the hearing. If the student is not registered with KSC’s Office of Disability Services (ODS) then the student should contact ODS immediately and provide appropriate documentation. The Office of Disability Services will establish eligibility and verify requested accommodations. Undocumented/undisclosed claims of disability cannot be considered during or after the hearing process is complete._

_Witnesses_

Both the Reporting and Responding Parties may present witnesses who must have direct knowledge of the incident being adjudicated. Additionally, a Party wishing to call a witness must notify the Student Conduct Office at least 24 hours prior to a hearing of who they intend to call as a witness.

Please note that character witnesses are not allowed at any point in the student conduct process and will not be considered.

_Hearing Board Deliberations_

At the conclusion of the Hearing Board, all parties will be dismissed from the proceedings and the Hearing Board will deliberate privately to determine the Responding Party’s responsibility for the alleged conduct code violation(s). All decisions require a majority vote from the Hearing Board members.

If the Responding Party is found responsible, the hearing board will recommend appropriate sanctions based on the severity of the violation, that Responding Party’s conduct history, and case precedent. During the sanctioning phase of deliberations, the Hearing Chairperson will:

• Disclose the Responding Party’s past student conduct history, if any;
• Provide sanction parameters, as defined by this policy for the applicable violations of the code of conduct.

If the Responding Party is found not responsible, there is no discussion of sanctions and the official proceeding concludes.

Once a finding of responsibility is made and sanctions recommended, the Hearing Chairperson will submit the recommendation for sanction for review to the Assistant Dean of Students/Director of Student Conduct or their designee.

Both the Reporting Party and the Responding Party will be informed of the hearing outcome, in writing, concurrently. The final outcome letter will set forth the violation(s) of policy for which the Responding Party was found responsible and/or not responsible any essential findings supporting the decision of responsibility; and the sanction(s) imposed, if any.

_Suspension Level Violations_

Alleged commission of the following violations may result in interim suspension. Being found responsible for violating these policies may result in Disciplinary Suspension or Disciplinary Expulsion from the College.

Please note that the following list is not all inclusive:

1. Distribution or evidence of intent to illegally distribute drugs or alcohol.
2. Possession or evidence of use of illegal drugs other than marijuana.
3. Instigating a riot or other disruption as described in the disorderly, disruptive or indecent behavior policy.
4. Arson or attempted arson.
5. Driving under the influence of alcohol or controlled substances.
6. Physical altercation with public safety (i.e. Police, Fire, emergency response personnel, Campus Safety) or College Officials.
7. Infliction of physical harm or threatening/endangering others.
8. Sexual misconduct as outlined in the sexual misconduct policy.
9. Intentionally causing a false fire alarm.
10. Comitting or planning to commit discrimination or discriminatory harassment.
11. Comitting or planning to commit hazing.
12. Repeated violations of college policy.

_Organizational Misconduct Policy_

The College Student Conduct System also applies to Keene State College sponsored student groups including Recognized Student Organizations, Athletic teams, and any other student groups operating using the Keene State College name, likeness, or whose membership is primarily students. Allegations of misconduct by these groups are reviewed and processed by the Student Conduct Office in accordance with the Student Handbook.

Both reporting and responding parties have rights that the College is committed to maintaining and protecting. Charges and proceedings against organizations may occur simultaneously with individual student’s charges and hearings. Additionally, student governing bodies may conduct their own processes separately from the Student Conduct Process.
The following additional policies are specific to organizational misconduct:

**Jurisdiction** The Student Code of Conduct applies to behaviors that take place on the campus, at College sponsored events whether on or off-campus and may also apply to other off-campus behaviors when the Dean of Students, Director of Student Conduct, or designee determines that the off-campus conduct affects a College interest. An event or incident in which a reasonable person could determine that the event was sponsored, related, or part of an organization will also follow this process even if the organization did not properly register the event. A College interest is defined to include:

1. Any situation where it appears that the groups conduct may present a danger or threat to the health or safety of individuals; and/or
2. Any situation that significantly impinges upon the rights, property or achievements of others or significantly breaches the peace and/or causes social disorder; and/or
3. Any situation that is detrimental to the educational mission and/or interests of the College.

*Jurisdiction language adapted from The Dyad Strategies Model Code of Student Organization Conduct and is used here with permission.*

**Negotiated Agreements:**

When there are alleged violations of community standards by a student group where the student group accepts responsibility for committing violations, an incident may be adjudicated through a Negotiated Agreement Process if it is the unanimous choice of the two parties involved:

1. The student group who accepts responsibility for the violation, and
2. The Assistant Dean of Students and Director of Student Conduct or their designee.

Negotiated agreements may only be requested before a formal conduct hearing has occurred. Negotiated agreements will be jointly developed by the Assistant Dean of Students and Director of Student Conduct or their designee and leadership of the student group involved. Negotiated agreements may not be used in cases involving allegations of hazing, sexual assault, sexual or relationship violence, or stalking. Negotiated agreements must be approved by the Associate Vice President of Student Affairs/Dean of Students. In all cases of Negotiated Agreements, the written agreement will be kept in an electronic database. Should any aspect of the agreement not be completed by assigned deadlines, or should a party fail to abide by the written agreement, the student group will be charged with Failure to Comply and charged for the incident through the College Conduct System. Note that the negotiated agreement applies to the student group and does not exempt students in that group from conduct proceedings for the same alleged incident.

**Group and Organizational Sanctions:**

Sanctions listed in the Code of Conduct for students are also applicable for student groups and a full list can be found here. Additional terms of sanctions are below:

**Disciplinary Suspension:** Any student groups that are issued a disciplinary suspension are prohibited from sponsoring, co-sponsoring, or participating in any and all social, intramural, athletic, or other similar activities on or off campus. A suspended student group may not recruit, solicit, or initiate any new members. Suspension will be for a specific and determined period of time, and will include a written return agreement outlining specific conditions for return. The suspension may be delayed at the discretion of the Dean of Students or designee.

If the recognized student organization or student group dissolves or loses recognition, as a result of group or organizational misconduct, and then attempts to seek recognition under the guise of a different group or organizational name, the College reserves the right to deny the request for recognition or withdraw the recognition. This conclusion may be based on any of multiple factors, including but not limited to: overlapping membership, similarity of purpose, and the timing of the dissolution or prior loss of recognition and the request for new recognition. Continued operation of the student group or recognized student organization after suspension or loss of recognition will result in a violation of Failure to Comply and may result in additional outcomes or restrictions, up to and including an extension of the suspension beyond the terms originally outlined in the initial Outcomes Letter/return agreement. An organization or student group that has completed a period of suspension and has met conditions for return as outlined in the return agreement may seek reinstatement by complying with the recognition requirements of the appropriate College department.

**Educational Sanctions:** Educational sanctions may include, but are not limited to: educational programming, interventions, restrictions, workshops, or other outcomes determined to help develop the culture and community of the student organization or group. A member of the Student Conduct Office will determine Educational Outcomes after consultation with the appropriate College Office(s), or other appropriate stakeholders as necessary.

**Structural Outcomes:** Structural Outcomes are related to the structure, membership or governance of a recognized organization. Structural outcomes, developed in collaboration with the international organizational governing body (if applicable), may include, but are not limited to: changes to organization operating procedures, a review of organizational membership/leadership, an external organizational review, and changes to the organizational advisor support. Structural Outcomes may be included alongside any Status and Educational Outcomes, but only after consultation with the appropriate College department(s), the organizational international governing body (if applicable), the organization representative, advisors, and/or other appropriate stakeholders as necessary.

*Sanction language adapted from The Dyad Strategies Model Code of Student Organization Conduct and is used here with permission.*

**Hearing Process:**

The hearing process for organizations will mirror the student hearing process with a few notable differences:

The President, Captain, or recognized leader (or their designee) of the student group shall represent the group and may bring up to two other student members to respond to the allegations of misconduct.

An advisor may be present (per the Advisor section of the Code of Conduct). This advisor may be the group or recognized student organization’s advisor (if not a material witness to the situation) or it may be another member of the KSC Community.

**Appeals:**

Information on how to file appeals can be found in the Code of Conduct [here](#).

**Statement of Rights for Involved Parties**

In keeping with the mission and values of Keene State College, all hearings shall afford all involved parties the important rights identified below:

- A fair, impartial, and equitable process that respects the rights of all participants;
- Be treated with respect by College Officials;
- Written and timely notice of charges and hearing absent extenuating or extraordinary circumstances;
- Be presumed not responsible until found responsible by a preponderance of evidence;
- Have an advisor with them throughout the resolution process;

If concurrent criminal or civil charges have been filed in association with the incident then the student may have a non-College-related attorney present at the hearing.
College Probation (CP): Restricts or alters the relationship between a Responding Party and Keene State College placing the Responding Party out of good standing with

College Sanctions

A student or student organization found responsible for violating the Code of Conduct will be sanctioned based on the specific violation(s). Factors such as past conduct action will be taken into consideration when sanctions are imposed.

Since students and student organizations have the right to appeal (based on specific criteria - see Appeals section), sanctions will generally not be implemented until the appeal process has been exhausted. However, in cases where the health, safety, or well-being of a particular student or the College community is threatened, the Assistant Dean of Students/Director of Student Conduct may authorize immediate implementation of any sanctions and offer to expedite the review. They may also authorize immediate implementation of the sanction(s) during the final examination period.

The following list identifies the range of sanctions that may be imposed on a student or student organization, either individually or in combination. The list is not all-inclusive; it provides a sample of the types of sanctions that may be issued.

a. Official Warning: A documented warning that unacceptable behavior has occurred. Further similar behavior or another violation of the Code of Conduct may result in more serious action.

b. Educational Sanction: Any of a broad range of assigned sanctions meant to help the Responding Party learn from and reflect on their behaviors as a member of the KSC community.

c. Restitution: This sanction requires a Responding Party to provide an appropriate monetary or material replacement for the loss, damage, or injury caused as a result of the misconduct. In situations where restitution cannot be billed directly to a student’s account at the Student Accounts Office, a hold will be placed on their account by the Dean of Students Office pending proof of payment of, or acceptable payment plan for, the restitution approved by the College official who issued the sanction of restitution.

d. Disciplinary Restriction (DR): Disciplinary Restriction limits and/or reduces the privileges of a student or student organization. a DR normally lasts for a specific period of time, although some conditions may remain in effect permanently. Additionally, a DR is a sanction level at which the Dean of Student’s Office will report information in response to reference checks or referrals.

While this list is not all-inclusive, examples of conditions of DR are:

- loss of guest privileges;
- re-assignment to another residential facility;
- being banned from specific College facilities;
- being denied the privilege of posting materials in College facilities;
- being denied the ability to schedule and hold events in College facilities;
- an indication that if specific violations occur again, a student will be banned from all on campus residential facilities;
- being denied the ability to select a housing assignment or type of housing for the following academic year;
- being removed from College housing;
- an indication that if specific violations occur again a student or student organization will be suspended, expelled, or deactivated.

e. College Probation (CP): Restricts or alters the relationship between a Responding Party and Keene State College placing the Responding Party out of good standing with
the College. CP normally lasts for a specific period of time, although some conditions may remain in effect permanently. Being placed on College Probation may affect a Responding Party’s ability to participate in study abroad and alternative spring break programs. Additionally, CP is a sanction level at which the Dean of Student’s Office will report information in response to reference checks or referrals.

It is important to note that students who violate policy while on CP will receive a higher level sanction. This may include being suspended for at least one semester from the College.

f. Deferred Suspension: The loss of the privilege to attend Keene State College for a period of time may be deferred. This means the suspension would not be enforced immediately pending specific actions or conditions imposed upon the student being fulfilled. Any violation of those conditions or failure to act will result in enforcement of the suspension and it may also result in further disciplinary action.

g. Disciplinary Suspension: The loss of the privilege of attending Keene State College for a specified period of time, normally not less than one semester or more than two years. During the period of suspension, the student is not eligible for a statement of “good standing.” A suspended student is banned from campus and may not attend classes or attend or participate in any College function during this period. Suspended students may petition the Dean of Students to be allowed on campus for administrative reasons. A notation of “Disciplinary Suspension” is entered on the student’s transcript. Students suspended for a semester or more must apply to the Director of Admissions for formal readmission to the College. When suspended, the student is ineligible to register for or attend classes at any University System of New Hampshire (USNH) institution for the duration of the suspension. Please note that students who are suspended forfeit their right to a financial refund. The full policy can be found on the Student Accounts website.

h. Disciplinary Expulsion: This constitutes the final separation from Keene State College and renders the student ineligible for readmission at any time in the future. In addition, the student is permanently banned from the College premises and may never receive a statement of “good standing.” Students who are expelled for disciplinary reasons may be only allowed on campus for legitimate campus administrative business with the prior approval of the Dean of Students. The notation of “Disciplinary Expulsion” is entered on the student’s transcript and becomes a part of his or her permanent record. The student is ineligible to register or attend classes at any USNH institution for two years following the date of the expulsion from Keene State College. Please note that students who are expelled forfeit their right to a financial refund. The full policy can be found on the Student Accounts website.

i. Deactivation of a Student Organization: Loss of recognition by the College for either a specific period of time or permanently. Upon completion of the period of deactivation, an organization may have the opportunity to make a new application for College recognition. Often, the organization must show that it has complied with the sanctions or agreements associated with the deactivation.

j. Fines: Monetary fines will be issued to students who violate certain College policies. These fines will be applied to student accounts within 30 days of the incident being adjudicated. Students will be notified of the amount by an educational letter or hearing outcome sent to their KSC issued email address. Payment can be made at the Bursar’s Office once the fine appears on the account. Failure to pay the fine will result in additional conduct action.

Below are the standard fine amounts for alcohol and marijuana violations that are charged to a student in addition to other sanctions (Educational programs, College Probation, etc). Please note that each case is heard on its merits and depending on the many factors involved, a student may start at a lower or higher fine amount. For example, violations of the College’s hosting policy are considered especially egregious and will start at the second violation amount.

1. First Violation: $186
2. Second Violation: $372
3. Third Violation: $744

Failure to Complete a Sanction

Failure to satisfactorily complete a sanction will result in a student or student organization receiving additional conduct sanctions. Generally, the student or student organization will be made aware of the consequences for failing to complete a sanction in the original Hearing Outcome Letter. Any sanction that has not been completed at the time of a student’s departure from the College shall be considered outstanding. If or when the student attempts to return to the College, approval must be granted by the Dean of Students prior to returning to classes.

Appeals Process & Appeal Form

The findings of the Hearing Officer or Hearing Board may be appealed by either the Reporting Party or the Responding Party. Submitting an appeal will not guarantee that your outcome will be overturned, but will ensure that it is fully vetted by an appellate officer. Please note that appeals do not serve as re-hearings of the original case. They are designed to determine whether or not:

1. The hearing was conducted in accordance with procedures prescribed by the College Conduct System. Deviation from designated procedures will not be a basis for granting an appeal unless significant prejudice can be demonstrated as a result of the deviation.
2. The sanctions imposed are substantially outside the parameters or guidelines set by the College for this type of offense or the cumulative conduct record of the responding student or student organization.
3. There is new evidence that could not have been known during the hearing which is sufficient to alter the decision or outcome. It must be clear that the evidence could not have been known at the time of the original hearing.

Appeals must be submitted by the student or student organization in writing through our online form and contain the specific grounds for the appeal based on the criteria identified above. Please note that failure to attend the hearing or to provide a statement in lieu of attendance are not grounds for an appeal. In addition, the appeal must be received by the Student Conduct Office within five calendar days of the date at the top of the hearing outcome notification e-mail. In most cases the Director of Student Conduct will review the appeal except in instances where she or he heard the original case. In some cases, the appeal may be considered by the Associate Dean of Students, the Dean of Students, or another College official.

Upon receiving an appeal, the Appellate Officer will vet the appeal to determine whether or not any of the grounds upon which a case can be appealed have been addressed at a sufficient level to warrant an appeal being granted.

Sanctions will generally not be implemented until the appeal process has been exhausted. However, in cases where the health, safety, or well-being of a particular student or the College community is threatened, the Director of Student Conduct may authorize immediate implementation of any sanctions and offer to expedite the review. She or he may also authorize immediate implementation of the sanction(s) during the final examination period.

Appeals Process

The appeal review is limited to an analysis of the written appeal document, the record and documents of the initial hearing, and an interview with the original Hearing Officer or Chair of the hearing board.
Possible Outcomes of an Appeal

An Appellate Officer will make one of the following decisions after carefully reviewing the appeal:

1. Original hearing outcome will stand.
2. Original hearing outcome stands but the Appellate Officer will adjust the sanction(s) as appropriate but will not increase the sanction(s).
3. The case may be returned to the original hearing officer or hearing board, or a newly constituted one, to allow for a reconsideration of the original finding.

Appeal Form

An appeal of the outcome of a student conduct case is a formal document that becomes a part of the student’s conduct record. It is important to formulate the contents carefully and to write it in a clear, concise, and logical manner. Proper grammar and spelling are expected.

Appeals that are not filed properly or are missing information will not be considered. Appeals should be submitted through the following form: Student Conduct Appeal Form. Please only submit appeals through this form.

If you have questions about how to write your appeal, please contact the Student Conduct Office.

Recordkeeping and Release of Information

Written Records - The Dean of Students Office maintains records of conduct actions, including written reports and electronic copies of letters. Student conduct records are also maintained in the Student Conduct Office. These confidential records cannot be removed and are accessible only in accordance with the Family Educational Rights and Privacy Act (FERPA).

“Disciplinary Suspension” and “Disciplinary Expulsion” are entered on a student’s academic transcript as well as in his or her official file. A student initiated leave of absence or a withdrawal during the suspension timeframe shall not be a basis for the removal of this notation.

Audio Recordings - All cases that are referred to a Hearing Board are recorded. The audio recordings are the property of the College and may not be duplicated without the permission of the Director of Student Conduct or a designee. Students are not permitted to make their own recordings of hearings. Students who may be preparing an appeal can request to review the official recording. Unless otherwise authorized by the Vice President for Student Affairs and/or ordered by a court of law, the review of the audio recording of the conduct hearings shall be limited to those involved in the case, their advisors, the Hearing Officer or Hearing Board members, the Assistant Director for Residential Education, Appeal Officer, and the Vice President of Student Affairs. Deliberations of the Hearing Board shall not be recorded. All audio recordings of College conduct hearings shall be destroyed 30 days after the filing of an appeal has passed or the appeal has been decided.

Parental Notification - In accordance with FERPA, limited information will be released from a student’s educational record. In cases where a dependent student is found responsible for a violation(s) that results in the student being placed on Disciplinary Restriction and/or College Probation, or when the Good Samaritan Policy is invoked the student’s parent or legal guardian will be notified of the action. Parents will also be notified when their student has been called to a suspension-level hearing.

Section 152 of the Internal Revenue Code (IRS) will determine a student’s dependency and the College will use the information maintained in the College’s student information system. In cases where the student does not receive financial aid, she or he will have the opportunity to provide this information to the Coordinator of Student Conduct or his or her designee.

Other reporting - Information regarding policy violations defined as violent crimes or non-forcible sex offenses (under the Higher Education Amendments of 1998) may be released to the public. The student’s name, the policy violation she or he is responsible for, and the sanctions imposed may be released to the public when a student is found responsible for such a violation.

Information regarding policy violations may also be released to the extent otherwise required by law.

Interpretation and Revision

Questions of interpretation about the Code of Conduct and the College Conduct System should be addressed to the Director of Student Conduct, whose determination on such issues shall be subject to review by the Dean of Students Office. Any determination by the Dean of Students Office on such issues shall be final. The Code of Conduct and the College Conduct System shall be reviewed annually, or more often as necessary. The Director of Student Conduct and the Dean of Student’s Office shall propose changes to the Vice President for Student Affairs, who shall approve any changes to the Code of Conduct and the College Conduct System. It is the responsibility of the Vice President for Student Affairs to notify the College community of approved changes.

Alcohol and Other Drug Policies

Preamble

The Keene State College community believes that the overall health of its members is dependent on their ability to set standards for alcohol and other drug use, and to live by them in all their affairs. With respect to the use of alcohol and other drugs, it is the position of the Keene State College community that:

1. The use of alcohol or other drugs has many clearly identified risks and consequences.
2. Everyone should seek to understand when the use of alcohol or other drugs puts them and others at increased risk for health or impairment problems. Examples include but are not limited to:
   - When full cognitive function is needed - school work, class attendance, or employment responsibilities;
   - When there is a history of alcohol or other drug addiction in the family;
   - While engaged in athletics or other physical activities as well as when training for such endeavors;
   - While operating complex and/or dangerous equipment - laboratory equipment, motor vehicles, power tools, etc.;
   - While taking certain medications for a wide variety of illness or disorders;
   - While responsible for the supervision, safety, and well-being of others;
   - While pregnant;
   - While recovering from chemical dependency.

4. Although the legal use of alcohol and other drugs is a personal choice, the illegal use is a violation of the Keene State College Alcohol and Other Drug Policy. Moreover, ignorance of local, state and federal laws or campus regulations does not provide protection from these laws or regulations if they are violated. (See Addendum 2 and Addendum 5)
5. No one should be pressured to use alcohol or other drugs.
6. Drunkenness is neither healthy nor socially acceptable and is considered irresponsible behavior. Drunkenness should not be laughed at or taken lightly. Moreover, it
should be understood that repeated drunkenness may be a symptom of personal problems and/or serious illness.

8. Alcohol or other drugs are not essential for the enjoyment of social events, family gatherings, or celebrations. Furthermore, drinking alcoholic beverages should not be an activity for its own sake. When alcoholic beverages are present at social occasions, including receptions, they should be adjunct to other activities, rather than the primary purpose of attending the function. Food and alternate beverages must be served.

9. Person(s) or organizations arranging events where alcoholic beverages will be consumed are encouraged to plan, so that the consumption of alcohol remains within the spirit of the Declaration of Honorable Conduct for the Keene State College Community and this policy statement.

In an effort to educate the Keene State College community and to comply with the requirements of the Drug-Free Schools and Communities Act Amendments of 1989, the following information is provided as addenda to the above policy statement:

2. No person shall sell or give away any alcoholic beverages to a person under the age of 21 or to an intoxicated person.
3. Any faculty, staff, student or campus organization wishing to conduct an event on campus where alcohol will be served must complete the appropriate Alcohol Function Agreement Form(s) through the Student Center.
4. Faculty, staff, students and student organizations conducting parties off campus and serving alcohol are strongly advised to follow Responsible Party Management Guidelines, available from the Student Center. Sponsors of such events are also advised to review Section 4 of the Student Code of Conduct and Addendum 2, Section B of this Policy: “College Disciplinary Action when there is also a Violation of Law.”
5. The sale of alcohol at any faculty, staff, student or campus organization event must adhere to local, state, federal and campus regulations.
6. Alcohol beverages may not be consumed in public places including hallways, lounges, libraries, common/recreational areas, dining areas, bathrooms, sidewalks, areas immediately adjacent to residence halls, classrooms, etc.
7. Alcohol and other drugs may not be brought to any Keene State College sponsored event.
8. When legally transporting alcohol the alcohol must be in its original, unopened container. A container is considered open when the factory applied seal is broken. Transporting open containers, regardless of a person’s age, is prohibited.
9. Public intoxication is prohibited.
10. The use of illegal drugs or the misuse of legal drugs is dangerous and unacceptable behavior in the College community and is prohibited.
11. Consumption of alcohol which results in harmful behavior affecting other people or their property is prohibited.
12. No person may be under the influence of alcohol or other drugs (except when following a doctor’s recommendations or when appropriately using over-the-counter drugs) while attending classes, at any official meetings, or while fulfilling employment responsibilities.
13. The manufacture, use, or possession of any controlled substance, illegal drug, or paraphernalia (such as bongs, hookahs, spoofs/spoofs, bowls, etc.) is prohibited.

15. Possession of equipment or paraphernalia (such as funnels, beer bongs, beer pong tables, etc.) associated with, or participation in any form of a drinking game in a residential facility is considered a violation of the Student Code of Conduct.

Section B: Regulations Specific to Keene State College Residence Halls

Living in a residence hall is a community living experience where all members have certain rights and responsibilities. In addition to the above regulations, the following standards of behavior are designed to maximize the positive aspects of residence halls by stating behavioral expectations. Alcoholic beverages may be consumed in the privacy of a resident’s room provided all of the aforementioned regulations are adhered to, as well as the following:

1. Alcoholic beverages can be consumed only in the resident’s room or those areas designated as “private” or reserved for alcohol functions.
2. The maximum amount of alcohol permitted in a room at anytime is based upon the number of residents of legal age assigned to the room. Each resident of legal age is permitted to have in his/her room: Two six packs of 12-ounce containers of beer/hard lemonade/hard cider/malt beverages/etc., or an equivalent amount in other containers; OR, one 750ml bottle of liquor; OR, one half gallon of wine. In addition, each resident may not enter the residence halls with more than the maximum per capita amount indicated above.

Where no residents of the room are of legal age to consume alcoholic beverages, alcohol is not permitted to be brought into the room by any outside visitors or students.
5. In a room in which at least one resident is of legal age, empty alcohol containers must be stored in a receptacle that is clearly labeled for recyclable materials. Furthermore, residents are expected to maintain their rooms in a way that does not cause any hazards to the health and safety of any member of the residential community. As such, students must remove empty alcohol containers, as well as all other recyclable materials, to one of the designated recycling areas in the residential facility. This must be done on a regular basis. Excessive quantities of empty alcohol containers and/or other recyclable materials may not be stored in a student room or suite/apartment common area, and such situations will be documented and addressed through the College’s conduct system.
6. Underage residents are not permitted to possess or display alcohol containers.
7. Residents are responsible for the conduct of their guests including compliance with the Keene State College Alcohol and Other Drug Policy.

**Alcohol Poisoning/Protective Custody Protocol**

Keene State College considers the over consumption and abuse of alcohol to be a serious risk to a person’s health and safety. In the event that it is determined through an assessment made by Campus Safety that a student is in need of medical treatment to prevent or treat alcohol poisoning, the student will be transported to Cheshire Medical Center.

If it is determined that the student is intoxicated to the point that they are not capable of ensuring their own safety, but do not need medical attention, the student will be placed into Protective Custody with the City of Keene Police Department.

Following these situations, students will be contacted by the College. The student will be required to attend a series of meetings with a nurse practitioner or physician and/or a member of the Counseling Center staff. Our goal is to take advantage of this opportunity to assess, educate, counsel, and assure that the student is no longer at risk for future harm to him or herself.

Student Activities and Organizations

Tacking part in Student Activities and Organizations is a great way to get involved here at Keene State College. With around 100 student organizations of all types and sizes to choose from, there’s a little something for everybody. Why should YOU get involved? Being active in a student organization has been shown to help students develop personally, socially, intellectually, and spiritually. Students who become involved in organizations are more likely to continue through graduation because they are able to develop ties and friendships that help them “anchor” to the campus. Being involved also enhances opportunities for career development by giving students various skills that help when they graduate. And most importantly, giving time and talent to an organization will not only help that group, but it will also help to make your college experience a valuable and enjoyable one! Take a moment to check out the student organizations list at https://www.keene.edu/life/osi/programs/student-organizations/listing/.

All registered students are eligible for student discounts on software via ThinkEDU.

Direct Deposit of Paychecks

Electronic direct deposit of paychecks is available to all students working on campus. Paychecks can be deposited into any bank in the country and the funds will be available towards a common goal, and building life-long relationships. Our fraternity and sorority community is deeply rooted in the values of each organization as well as the shared community values and standards of academic success, accountability, service, leadership development and fellowship. Fraternity and Sorority Life and the Office of Student Involvement work closely with the recognized chapters on our campus to promote and enhance the overall fraternity and sorority experience for students here at KSC by upholding the values and standards of each organization as well as those of the College. Fraternity and Sorority life also offers students opportunities to develop academically, gain personal rewards through community service and outreach, and a sense of responsibility. For more information about the Keene State College fraternity and sorority community, visit http://www.keene.edu/life/osi/fraternity-sorority-life/
Conflicts of Interest

Conflicts of interest, or the appearance of conflicts of interest, may arise in connection with consensual romantic and/or sexual relationships between administrators/faculty/staff and students/employees. Furthermore, such a relationship may give others cause to believe that unfair advantage accrues to the student/employee in the relationship. Keene State College, as well as more general ethical principles, precludes individuals from evaluating the work or general academic performance of others with whom they have intimate familial relationships, or from making hiring, salary, or similar financial decisions concerning such persons. Consensual romantic and/or sexual relationships that fall within the categories described above may also raise conflicts of interest and other ethical concerns.
Abuse of Power Differential

Although conflict of interest issues can be resolved, in a consensual romantic and/or sexual relationship involving a power differential, the potential for serious consequences remains. Examples of power differentials include but are not limited to: a faculty member who will be grading a student’s performance, an athletic coach who determines players on a team, a residence hall director who may assess fines or other penalties against a resident student, or an administrator who has access to student records. An administrator/faculty/staff member who enters into a romantic and/or sexual relationship with a student/employee where a professional differential exists must be aware that:

- the reasons for entering the relationship may be a function of the power differential;
- if a charge of sexual harassment is alleged, it will be exceedingly difficult to defend against the charge on grounds of mutual consent; and
- the individual with power in the relationship will likely bear the burden of accountability.

The following suggestions can help you avoid the potential problems outlined above:

Avoid consensual relationships when there is a conflict of interest or a potential power differential.

If a romantic or sexual relationship exists or develops, divest yourself of the professional responsibility for evaluation and/or supervision. Your supervisor may be able to help you develop alternative plans.

Dining Services

Section Menu

Overview

It is a campus policy that all resident students select a meal plan for the academic year.

With a meal plan you can enjoy our all-you-care-to-eat concept in our state-of-the-art facility. Food prepared and served in the Dining Commons must be consumed while dining. The only exception to this is any hand held cookie, ice cream cone or fruit being consumed as the student leaves the facility.

For added convenience, the meal plan can also be used in the Night Owl Café at lunch for the “NOC Sizzler” and at lunch and dinner at the Hoot-n-Scoot for a ‘pick 4’ meal equivalency.

The Plus Meal Plan option allows students to use their Owl Card as a debit card for purchases using Meal Plan Dollars at Lloyd’s Marketplace and the We Proudly Brew Starbucks coffee or any dining location on campus. Your Owl Card is loaded with your chosen level of Meal Plan Dollars. Balances left over from the fall semester transfer to the spring semester, but not to the following year. What is left unused at the end of the spring semester is forfeited.

Students who live in traditional campus housing choose their meal plan for the entire academic year. Commuter students or other students not required to be on a meal plan may contract their meal plan each semester. Increases to your meal plan, such as choosing a plan with more meals or Meal Plan Dollars, may be made at any time during the semester. Please review the meal plan contract here.

Your Owl Card must be presented at each meal in the Hoot-n-Scoot and the Night Owl Café, as well as for Meal Plan Dollar, Dining Dollar and Owl Cash purchases at all campus dining locations. A valid Owl Card and hand read is required to gain admittance at the Dining Commons. Please remember, Owl Cards and meal plans are not transferable and meals can only be redeemed by the owner of the card.

The Dining Commons meal service is available when Residence Halls are open. Brunch is served on all Saturdays, Sundays and some holidays throughout the semester. All facilities that serve the Meal Plan are closed during College recesses and breaks.

Visit the Dining Commons web site for meal service days and hours.

Behavior in Campus Dining Facilities

Students engaging in behavior that is disruptive, endangers the safety of the diners or employees, or in other ways violates standing College policies while in any Dining Facility, will be referred to the Coordinator of Student Conduct for disciplinary action. In particular, removing service equipment such as silverware and china from the Dining Commons, food fights, or the throwing of food is not acceptable behavior and will result in serious disciplinary action.

As per State Health regulations, diners in a food service operation must be suitably dressed to be served.

Food Service Guests

Guests in the Dining Commons are welcome and prices for each meal period have been established for their convenience.

All questions regarding Dining Services should be referred to the General Manager at 603-358-2678 for clarification.

Statement of Student Financial Responsibility

By enrolling in classes at Keene State College, students agree to pay all charges incurred as a result of being enrolled at Keene State College, including any late penalties assessed due to failure to pay. Students also understand that collection costs will be added if the services of a collection agency are employed. Students should review the full Student Accounts Office policies and Financial Aid policies.

New Hampshire Residency Policy

Residence Policy: All students attending any division of the University of New Hampshire in any capacity are charged tuition at a rate determined by domicile. Those domiciled within the State of New Hampshire pay the in-state rate, whereas those domiciled elsewhere pay the out-of-state rate.
In-state: The Board of Trustees fixes the in-state tuition rate annually on the basis of their projected budget, including as part of said budget the applicable funds made available by the Legislature in its biennial budget.

Out-of-state: In accordance with the policy established by the Legislative Budget Act, the out-of-state tuition rate is set annually by the Board of Trustees at a figure which reflects actual per capital operating costs, including instructional expenses, overhead, and bond retirement (excluding self-liquidating bonds), as determined by the costs in the fiscal year just preceding the first January for the fiscal year in which tuition is to be charged, all in accordance with the established accounting practices of the University System.

Determination of Student Status

For tuition purposes, a student is classified as in-state or out-of-state at the time of his or her admission to a unit of the University System of New Hampshire. The decision is made by the Admissions Office based upon information furnished by the student's application and other relevant and available information.

Review of Student Status

Any student aggrieved by the decision of the Admissions Office classifying him/her as an out-of-state student for tuition purposes may appeal to the Residency Appeals Board of the University System. The student has the right to present to the Residency Appeals Board such additional evidence as he or she deems appropriate in processing the appeal, and the right to appear in person and be heard.

The decision of the Residency Appeals Board of the University System shall be final.

Change of Status

Any student who has on first admission to the University System been classified as out-of-state for tuition purposes may apply to the Admissions Office for a change of status on or before September 1 of any year for the fall semester, and on or before January 1 of any year for the spring semester.

Applications are considered in the chronological order in which they are presented. No changes approved during a semester shall be effective until the beginning of the next semester. However, where a change of status from out-of-state to in-state has been denied by the Admissions Office prior to the commencement of a semester, and his or her decision is reversed by the Residency Appeals Board during the semester, the student's status shall be effective at the beginning of the semester.

In the event the Admissions Office possesses facts or information indicating that a student's status should be changed from in-state to out-of-state, the student shall be informed in writing of the change of status. The student may appeal the decision of the Admissions Office as set forth.

No such change made by the Admissions Office after the commencement of any semester is effective until the beginning of the following semester. Change to out-of-state status made by the Assistant Business Administrator prior to the commencement of any semester, but reversed during the semester by the Residency Appeals Board, is effective as of the commencement of the semester.

Application Forms

Each applicant for in-state status for tuition purposes submits an application on forms prescribed by the Admissions Office, which shall include a sworn statement certifying that the applicant is legally domiciled within the State of New Hampshire. The application shall also include such additional information as the Director may require in support of the affidavit of domicile. At his/her discretion, the Director may require submission of an application form from any in-state student prior to the commencement of each semester.

Substantive Rules and Definitions

In all cases of application for in-state status for tuition purposes, the burden of proof is on the applicant. At the applicant's request, the Admissions Office states in writing the reason or reasons for his/her decision. The following definitions and rules shall prevail:

Parent. The term "parent" means a person's father; or, if he/she has no father, his/her mother; or, in the case of separated or divorced parents, "parent" means either a parent with legal custody or a parent providing more than one-half of a student's total financial support; or, if there is a guardian or legal custodian, "parent" shall mean guardian or legal custodian, provided there are no circumstances indicating that such guardianship or custodianship was created primarily for the purpose conferring the status of an in-state student on such unemancipated person.

Domicile. "Domicile" denotes a person's true, fixed, and permanent home and place of habitation. It is the place where the person intends to remain and to which he/she expects to return when he/she leaves without intending to establish a new domicile elsewhere.

No person shall be eligible for in-state status unless he/she is domiciled within New Hampshire. For University System purposes, a person does not acquire domicile in New Hampshire until he/she has been a resident of the state for 12 consecutive months immediately preceding registration for the term for which in-state tuition is claimed and meets all other requirements for domicile.

No unemancipated person shall be eligible for in-state status unless his/her parent shall have established domicile in this state.

No person shall be eligible for in-state tuition status unless he/she establishes that his/her residence in New Hampshire is for some purpose other than the temporary or primary one of obtaining an education. When a person has established eligibility for in-state tuition based on his/her parent's domicile, and the parent subsequently establishes domicile outside of New Hampshire, the person shall be eligible for in-state tuition for one academic semester following the academic semester during which the parent established out-of-state domicile. All evidence relevant to determining domicile may be considered, but the following indicia shall, in any case, be relevant, without limiting in any way such other information as the applicant wishes to submit or the Director wishes to require:

- Payment or non-payment of any tax levied by the state or any political subdivision on persons resident or domiciled therein.
- Residence reported on any federal or state tax return. Registration of one's automobile. State issuing one's driver's license.
- Receipt of support in whole or in part from parents who are resident or domiciled outside the State of New Hampshire.

Voting Residence

Claim by any non-resident parent that the applicant is dependent for tax or any other financial purpose.

Regular departure by an applicant from the State of New Hampshire during recess or vacations from the College.

The filing of any claim for benefits under any policy of insurance or any federal, state, or local benefit legislation based on residence or domicile outside the State of New Hampshire.

Status in some other state which qualifies a person for in-state tuition in that state.

Emancipation
Nothing contained in these rules precludes the Admissions Office from waiving any requirement hereof under special circumstances in individual cases. (Approved by the University System of New Hampshire Trustees, January 20, 1973; Revised April 28, 1984.)

**Presumptions**

Unless the contrary appears to the satisfaction of the Director of Admissions in individual cases, the following presumptions prevail:

- The domicile of an emancipated person is that of his/her parents and, if the parents are separated or divorced, of the parent who has custody of him/her, or of the parent providing more than one-half of the student’s total financial support.
- The domicile of an emancipated person who has no parents is that of his/her guardian or other legal custodian, unless it appears that such guardianship or custodianship was created for the purpose of establishing an in-state status.
- The domicile of any person who first enters the College from the domicile of his/her parent, as defined above, is that of the parent until he/she abandons such domicile and, for purposes other than that of education, acquires a new domicile.
- The domicile of any person who first enters the College from a domicile other than New Hampshire is such a domicile until he/she abandons such domicile and, for purposes other than that of his/her education, acquires a new domicile.
- Attendance at a unit of the University System or at any other educational institution in this state in itself is not evidence of intention to establish or establishment of a domicile in this state.

**Military Personnel**

A member of the armed forces of the United States stationed in this state under military orders is entitled to classification for himself or herself, spouse, and dependent children as in-state for tuition purposes so long as he/she remains on active duty in this state pursuant to such orders.

**Waiver**

Nothing contained in these rules precludes the Admissions Office from waiving any requirement hereof under special circumstances in individual cases. (Approved by the University System of New Hampshire Trustees, January 20, 1973; Revised April 28, 1984.)

**Hazing**

Section Menu

Student organizations - including clubs, athletic teams, etc. - have the potential and unique opportunity to contribute significantly to a student’s intellectual and personal development and understanding of the very nature of "community." In keeping with its commitment to a positive academic environment, Keene State College unconditionally opposes any situation created intentionally to produce mental or physical discomfort, embarrassment, harassment, or ridicule.

*Hazing is a violation of the Student Code of Conduct and College Discipline System. Effective January 1, 1994, hazing became illegal in the state of New Hampshire.*

**N.H. State Law RSA § 631:7**

**An Act Prohibiting Hazing.**

RSA § 631:7 Student Hazing.

3. Fails to report to law enforcement authorities any hazing reported to it by others or of which it otherwise has knowledge.

III. The implied or express consent of any person toward whom an act of hazing is directed shall not be a defense in any action brought under this section.

Residential Life and Housing Information

Overview

The Office of Residential Life and Housing Services is responsible for the overall functioning of the College's residence program.

Keene State College considers the experience of living on campus to be an extension of the learning experience of college that is just as important as lessons learned in the classroom.

As a residential college, we consider the experience of living on-campus to be a valuable developmental tool designed to enhance the mission of the College by helping students develop critical thinking and communication skills along with a heightened appreciation for diversity and service learning. All residential students are expected to actively participate in and support the programs and procedures employed by residential staff to achieve that end.

Violating the Guest Policy

- Pardoning, hitting, or physical abuse toward a new member
- Nudity
- The eating of spoiled/repulsive foods and/or non-food substances, as well as anything the individual refuses to eat
- Exposure to outside elements without proper dress
- Exercise beyond the physical limits of the individual, such as running over long distances, calisthenics, and so forth
- Forced consumption of alcohol or drugs
- Branding
- Bondage that prevents use of limbs
- Requests to perform any illegal acts (those contrary to local, state, or federal laws and ordinances), such as defacing public or private property, stealing, and so forth
- Excessive yelling or screaming
- Perceiving less than six hours of continuous sleep

- Any requirements which compel a member to participate in any activity which is illegal, or which is known to be contrary to an individual's moral or religious beliefs, or which is contrary to the rules and/or regulations of the College shall be considered hazing.

Since “hazing” is contradictory to the fostering of an environment which promotes academic freedom, human dignity, the fullest possible development of the individual student, and the aspiration/attainment of the ideals of brotherhood/sisterhood, the College, through the Office of Student Involvement, has implemented appropriate administrative procedures for the Fraternity & Sorority system to ensure that the rights of students and the community are protected. Such procedures include the following:

- A new member contract is given to all new members providing information and introducing the student to the KSC hazing policy/regulations. The student will be requested to sign the contract to support the elimination of hazing practices. Each chapter president shall affirm through signature his/her compliance with the hazing policy and related education program.
- New members are guaranteed a minimum of six hours of continuous sleep each night during pre-initiation or initiation periods.
- New members are guaranteed a minimum of three hours of totally undisturbed study time Sunday through Thursday evenings, ending no later than 11:30 p.m.
- All new member activities must be shared with the advisor(s) of the respective organization.
- Greek advisors will assist chapters with workshops and consultations on alternatives to hazing.
More than 10 people in a room, suite/apartment common area:

- More than 10 people creates a 10:1 ratio of people to staff, which is puts the staff at unacceptable risk
- $200 fine to hosts and possible suspension based on severity
- $50 fine to each visitor present

Hosting Guests:

- First Violation: $400 fine for each guest and possible suspension

Eligibility

Only full-time Keene State Students who are in good academic standing, have met all housing deposit deadlines and have fulfilled all financial obligations to the College are eligible to live in College owned residence halls. All residential students must agree to abide by all terms and conditions contained in the Residence Hall Contract.

Availability

The Office of Residential Life and Housing Services offers a variety of living accommodations available to full-time students on a space available basis. Please note that first-year and sophomore students are required to live on campus. For new students, priority for assignments is given according to the date that the enrollment services fee is credited, while returning residential students choose their rooms through the Housing Selection Process held each spring. Additional information regarding residence hall facilities, services, application procedures, regulations, and so forth, is contained in the Terms and Conditions of the Residence Hall Contract (PDF).

Contract Duration

The Residence Hall Contract is binding for the entire academic year. Applicants must accept their room assignments for both fall and spring semesters. All resident students (with the exception of residents of Pondside 2 Apartments) are required to be on one of the three Platinum meal plans as a condition of residency. The board program is binding for the entire academic year.

Termination of Contract

The College may terminate this contract for health reasons, for failure of the student to contract for or continue on the board plan without authorization, for failure to pay room and board costs, or for violations of published College rules. A resident whose contract is terminated will be expected to vacate the residence hall immediately and may be held responsible for fulfilling all financial obligations of the contract. This contract may not be transferred or assigned to any other person.

Contract Release

Residents may request release from the Residence Hall Contract. Releases are subject to the approval of the Director of Residential Life and Housing Services or his or her designee. Such releases will only be considered for the following reasons:

1. Non-admission, withdrawal, transfer, or dismissal from the College. Students who wish to take a leave of absence or withdraw from the College must contact the Dean of Students Office.
2. Extreme, unanticipated change in financial circumstances.
3. Serious medical or health problems directly related to residence hall living.
4. Marriage or Civil Union during the contract terms.
5. Student teaching beyond a 30-mile radius form campus.
7. Study Abroad.

Reducing course load from full-time to part-time does not constitute grounds for release from the contract. Documentation for all releases will be required by the Associate Dean/Director of Residential Life and Housing Services or his or her designee.

Returning Student Housing Deposit

A nonrefundable deposit of $300 must be submitted with the application/contract form by the specified deadline before any room assignment can be made. This deposit will be credited toward the spring housing bill. This deposit will be refunded only if housing is not available, if the student graduates or studies abroad, or if he or she is student-teaching beyond a 30-mile commute from the College. Housing selection guidelines are available during the spring semester.

Damage

A deposit of $100 shall be made by each student living in College housing as an indemnification against any damage to any residence hall property or facilities. This deposit must be paid prior to the student’s residence in College housing. Failure of a student to pay for any damage to or loss of any residence hall property or facilities will prevent the student’s registration.

Refund of any remaining deposit will be made after the final semester of a student’s stay on campus. Students will receive the balance of the refund when they leave campus housing only if there are no outstanding bills owed to the College.

Residence Hall Damages

Individual Room Damages

Damages to student rooms are the responsibility of the occupants. In order to prevent misinterpretation, it is strongly recommended that students inspect their rooms thoroughly with their Resident Assistant upon moving in, noting any issues/repairs that need to be made.

Common Area Damages

Common area damages are charged to the student deemed to be responsible for the damage. In cases where responsibility for the damage cannot be determined all residents of the damaged area will share the cost of repairs evenly.
Lost Keys/Combo/Lock Changes

When a room key is reported as lost, stolen, or duplicated, the lock will be changed with the student responsible for the loss being charged for the cost of the change, including the new keys or combination.

Keys, locks, and doors are essential components for the safety and security of students and their belongings. External and internal doors in all residence facilities should never be propped or tampered with. Safety and security is the responsibility of all students. Please refer to the Code of Conduct for further elaboration of the College policies regarding misuse of or tampering with keys and locks.

If a student requests a change in his or her combination lock, the student(s) will be billed for a combination change. Residents who are locked out of their rooms three or more times per year will be subject to disciplinary action. Students are strongly encouraged not to give out their combination or loan their keys to others, as this creates a potential security problem.

All residence hall keys and ID cards are the sole property of Keene State College and may not be duplicated except by the College.

Work Orders

Students who need to have repairs made in their individual bedroom can do so by using the Student Maintenance Request link. Repairs for other common spaces must be passed on to either the student’s RA or Residence Director and must include the specific nature of the problem (such as overhead light not working, radiator leaking on right side of room, etc). The staff member will then notify the appropriate trade to get the work done. If the repair is not made within three business days the student should contact their Area Coordinator or Residence Director.

Loss of Student Property

The College does not assume any liability for loss, damage, or injury resulting from theft, explosion, fire, mechanical failure of either gas or water lines, loss of electricity, defective wiring, or negligence of any occupant of the building. It is strongly urged that students purchase appropriate insurance policies to protect themselves from loss or damage to personal possessions.

Occupancy

Assigned rooms may be occupied the day before the first day of classes for each semester. Special arrangements for the early arrival of any student must be approved in advance by the Office of Residential Life and Housing Services.

Living accommodations in the residence halls are not available during times when the College is not in session, e.g., Thanksgiving, midyear recess, and spring recess, except as special arrangements may be made for student teachers and athletes.

Students are expected to comply with all closing instructions that will be provided to them before each of the hall closings noted above. Failure to comply with these instructions will be addressed through the College’s conduct system.

Rooms paid for and not occupied one day after registration day may be declared vacant by the Associate Dean of Students, unless the individual having the assignment makes a written request to the Residential Life and Housing Services Office to hold the room until a later date.

The Residential Life and Housing Services Office reserves the right to:

- change room assignments at any time with a specific rationale provided to the resident(s) involved
- consolidate vacancies
- use rooms over holiday periods, provided prior notice is given to each resident involved
- control the rooms in event of an epidemic
- change the gender designation of a hall, house, or floor, and provide space to accommodate the needs of special interest program groups
- change room assignments for health, safety, or repair service, for disciplinary reasons caused by the residents, for ongoing community concerns, or for irreconcilable differences between roommates.

Room Changes

Requests for room changes will not be honored during the first two weeks of a semester except under rare extenuating circumstances. All room changes must be discussed with the Resident Assistant and/or the Residence Director. Students cannot change rooms without the advanced approval of the Area Coordinator(s) or Residence Director(s) of the hall(s) involved or the Assistant Director of Residential Life for Housing Operations.

Room Charges

A bill for the room and board charges will be sent to the student; charges will be payable prior to the beginning of each semester. Room assignments may be canceled by the College if the charge is not paid by the stipulated due date, or alternate arrangements for payment of bill have not been approved by the Bursar.

Refunds

Withdrawal 75 percent of the room rent will be returned to any student withdrawing from the College within seven days following the first day of classes; 50 percent after seven calendar days but within 30 days of the first day of classes; and no refund after 30 days.

Prorated rebates will be given on the unused portion of the board contract, less one week.

Dismissal No room refund will be made to any student who is dismissed from the College for any reason, or who is mandated to leave the residence halls for disciplinary reasons.

Room Entry/Search

The Residential Life and Housing Services Office reserves the right to:
When a crime or another serious incident is reported on the main campus:

- enter rooms to inspect for and correct or remove hazards to health or safety, or to carry out necessary maintenance work
- search a room, but only with the permission of the Vice President for Student Affairs or his or her designee.

As appropriate, College officials may contact law enforcement authorities who may seek search warrants to search student rooms.

### Reporting Crimes and Emergencies

All Keene State College community members and guests are encouraged to report emergencies and suspected criminal activity to the Department of Campus Safety immediately, especially when the victim of a crime elects to, or is unable (physically or mentally) to make such a report. Reports can be made in a variety of ways:

- Call 9-1-1 for any EMERGENCY
- Call 603-358-2228 (8-2228 from on campus) to reach Campus Safety Dispatch.
- Activate a blue light phone (strategically placed throughout campus) for a direct connection to Campus Safety.
- Activate a fire pull station for direct notification of the Keene Fire Department and notification to building occupants. All KSC academic, residential, and office buildings are equipped with pull stations.
- Appear in person at the Campus Safety Office located in Keddy House, on the corner of Main St. and Wyman Way.
- Submit a Silent Witness report. This system is not for reporting emergencies, crimes in progress, or filing a crime report as it is not monitored 24 hours a day.

When reporting a crime or emergency:

- Remain calm.
- Give the location of the incident to include the building name, room number, or the area name (e.g. Winchester Lot, Fiske Quad, etc.).

- Stay on the phone until the dispatcher has recorded all of the information.

When a crime or another serious incident is reported on the main campus:

- A Campus Safety officer will be dispatched to the caller’s location to render assistance and investigate the incident. The Keene Police or Keene Fire Department may also be dispatched if circumstances dictate.
- If the responding officer determines the situation presents a significant or imminent danger to the Keene State College community, s/he will contact the Director of Campus Safety or designee to provide a timely warning to the campus community.
- The Keene Fire Department responds to all medical emergencies, fires, fire alarms, and hazardous materials incidents along with Campus Safety personnel.
- Incidents identified as related to Residential Life or Maintenance will be referred to the on-duty or on-call personnel in the specific department needed.
- Reports of all sexual and relationship violence made to a College official, will be referred to the Title IX coordinator regardless of if the reporting party chooses to pursue criminal charges.

### Sexual Misconduct Policy

#### Introduction
Keene State College is committed to creating and maintaining a community in which students, faculty, and staff can work together in an environment free of all forms of harassment, exploitation, violence, and intimidation. Relationship violence and sexual misconduct are antithetical to the standards, values, and mission of Keene State College and will not be tolerated. This policy prohibits all forms of relationship violence, sexual misconduct and related offenses. These broad terms include, but are not limited to, acts of sexual harassment, sexual exploitation, sexual violence, sexual assault, rape, domestic violence, dating violence, and stalking. The College also prohibits retaliation, including retaliatory harassment, against individuals who report sexual misconduct and/or relationship violence, or who participate in the College’s investigation and handling of such reports.

The College will respond to reports of relationship violence and sexual misconduct to stop the prohibited conduct, take steps to prevent the reoccurrence of the conduct, and address its effects on the campus community regardless of location.

This policy applies to all students, faculty, and staff - regardless of gender, sexual orientation, sex, gender expression, or gender identity - regardless of immigration status, national origin, or citizenship status. This policy applies to all forms of relationship violence, sexual misconduct and related offenses committed by or against a student when: the conduct occurs on campus; the conduct occurs off campus but in the context of College employment, education, research, or activities; the conduct occurs off campus but has any continuing effects on campus or in an off campus program or activity and is creating or contributing to a hostile environment. The College reserves the right to assert its jurisdiction in certain off-campus incidents when specific actions by Keene State Community college members adversely affect the College community and/or its mission.

Title IX Office
Title IX of the Education Amendments of 1972 and other laws prohibit sex and gender discrimination at institutions of higher education. Keene State College prohibits sex and gender discrimination in any of its programs or activities. This Sexual Misconduct policy applies to a broad range of violations including, but not limited to, the range of violations governed by Title IX. The Title IX Coordinator oversees and coordinates the College’s response to all issues of gender equity. The Title IX Coordinator or their designee is available to meet with any member of the College community to discuss Title IX compliance or issues of gender discrimination, including sexual misconduct and relationship violence.

Freedom of Speech
The protections of the First Amendment must be carefully considered in all reports involving speech or expressive conduct. The fact that speech or expressive conduct is offensive is not, standing alone, a sufficient basis to establish a violation of this policy. Students and faculty in an educational environment have robust speech rights, including the right to freely examine, exchange, and debate diverse ideas. Speech or expressive conduct that constitutes sexual harassment is neither legally protected expression nor the proper exercise of academic freedom.

Resources for Support
The health and safety of campus community members is the College’s primary concern. Call 911 if you or another member of the KSC community is in immediate danger.

A victim/survivor of sexual misconduct or relationship violence may experience many conflicting emotions including shock, fear, anger, guilt, shame, or numbness. Each survivor’s response is unique. Often people find that their eating, sleeping, exercise, self-care or social patterns have changed. They find themselves isolating from others or being unable to concentrate on work or schoolwork. Whether someone chooses to report their experience or not, talking with a counselor or a trusted friend or family member can be very helpful.

Confidential Support and Help
Keene State College has support resources with professional and legal mandates to protect the confidentiality of the information disclosed by a person impacted by sexual misconduct and/or relationship violence. These resources are not required to report what is shared with them to the College or law enforcement personnel:

- The Wellness Center – Counseling Services: 603-358-2437 (business hours) After hours 24/7: 603-358-2436; located in the Elliot Center
- The Wellness Center – Health Services: 603-358-2450 (business hours); located in the Elliot Center

Community Resource
MCVP: Crisis and Prevention Center provides confidential crisis intervention services for people who have experienced relationship violence, stalking, and sexual violence, including sexual assault, sexual exploitation, and child abuse. They provide confidential crisis intervention services, including medical, legal and court advocacy, financial advocacy, crisis counseling, safety planning, and referrals to other resources. They provide secondary support for an individual’s friends and family, emergency shelter, and Housing First. Their advocates may also be able to help qualifying victim/survivors with unbundled or pro bono legal services, financial compensation, access to food, clothing, and transportation. MCVP is oftentimes on campus facilitating sexual misconduct prevention education and can meet students on campus for counseling.

- MCVP: Crisis and Prevention Center 24hr confidential hotline: 1-888-511-6287 or 603-352-3782

National Resources

- Safe Horizon Stalking Hotline 1-800-621-4673

Medical Considerations
Victim/survivors may wish to seek medical attention. Along with treating injuries, prompt medical examinations can test for pregnancy and STI’s, and provide post exposure treatment for HIV. If non-consensual choking or strangling was involved in the incident, then a medical provider will examine the area for injury and outline steps for recovery.

A forensic examination can also secure valuable evidence that could be used later if a person wishes to involve law enforcement. Physical evidence may exist up to five (5) days, or longer, after a sexual assault or rape, though individuals are recommended to receive an examination as soon as possible. Local medical facilities can arrange to have a specially trained Sexual Assault Nurse Examiner (SANE) conduct a forensic examination, which collects evidence from a person’s body, clothes, and other belongings. A trained advocate can meet a victim/survivor at the hospital to provide emotional support, which would be arranged by the hospital. The results of this examination can be
Reporting to Law Enforcement

Victims/survivors of sexual misconduct can always report their experiences to law enforcement, including local police. This option may be helpful if a person plans to pursue a criminal or civil lawsuit. It can also be helpful for obtaining a legal order of protection and/or other forms of legal protection.

If desired, college officials will assist in notifying law enforcement authorities. It is the individual’s choice to make such a report to law enforcement. Keene Police Department (KPD) employs a College Liaison Officer. This Officer responds to calls and reports involving KSC students throughout the academic year and helps facilitate communication between the College and the KPD.

To file a police report, call 9-11 or Dispatch, or go directly to Keene Police Department:

- Keene Police Department: 400 Marlboro Street, Keene, NH 03431
- 24/hr dispatch number: 603-357-9813

Outside Options for Complaint Resolution

Keene State College community members who believe that they are a victim/survivor of discrimination or discriminatory harassment can view the Discrimination and Discriminatory Harassment Policy and also may wish to file a report with the regional enforcement office for the Office of Civil Rights or the at the following addresses:

Policy Definitions

The following are definitions for this College policy and may differ from definitions under federal, state, or local law. Offenses may occur along a continuum that includes verbal statements that create a hostile environment through physical acts such as unwanted and/or forced sexual contact. It is impossible for a policy to depict all circumstances of offenses. It is important to recognize that gender discrimination includes sexual harassment, sexual assault, and other forms of misconduct as discussed below. It can be an evolving journey for individuals who experience gender discrimination to define for themselves what they experienced; the below definitions are how the College distinguishes forms of misconduct, though they may or may not match the words that an individual uses to define their experience for themselves.

Sexual Misconduct is a broad term that encompasses sexual harassment, sexual violence, stalking, sexual exploitation and related offenses.

Sexual Violence - Sexual Violence is a form of sexual harassment. It is a physical sexual act perpetrated without consent. Such acts include, but are not limited to, unwanted sexual contact and sexual assault, which can be rape.

- Unwanted Sexual Contact - intentional contact or touching of the intimate parts of another, whether directly or through clothing, or the intentional exposure of intimate parts of self, without consent. Intimate parts may include, but are not limited to, breasts, genitals, buttocks, groin, or mouth.

- Sexual Assault - having or attempting to have sexual intercourse or sexual contact with another by force or threat of force; or without consent; or where that person is incapacitated. This also includes rape, which is the sexual penetration, however slight, of another person, without consent. Sexual penetration may be vaginal, anal, or oral, and may involve the use of a body part or object.

Sexual Exploitation occurs when an individual takes non-consensual or abusive sexual advantage of another, for any purpose, and that behavior does not constitute one of the other sexual misconduct offenses. Sexual exploitation can take many forms including, but not limited, to the following:

- Inducing intoxication or incapacitation for the purpose of sexual activity: providing drugs, alcohol, or other substances with the intent to impair their ability to withhold consent or their ability to knowingly consent to sexual activity

- Invasion of privacy: surreptitiously recording, preserving, or storing another individual’s nudity or sexual activity without the knowledge and consent of all parties involved, or in which the person observed has not attained 18 years of age. Sharing, transmitting, distributing, or streaming of images, video, or audio recordings of sexual activity or nudity, without the knowledge and consent of all parties involved shall constitute a separate act of sexual exploitation. The act of sexual exploitation can be committed by anyone knowingly possessing an image that was sent without the individual’s consent.

- Voyeurism: the act of intentionally observing or, spying on, or listening to a person(s) involved in sexual contact or in any state of undress, without their consent. Voyeurism also occurs when an individual allows others to observe this behavior without the consent of all the person(s) involved.

- STIs: knowingly exposing another individual to a sexually transmitted infection or virus without their knowledge.

Sexual Harassment is a form of unlawful gender (sex) discrimination. Sexual harassment is defined as unwelcome sexual advances, unwelcome requests for sexual favors, or other unwelcome behavior of a sexual nature that violates College policy when:

- Submission to such behavior is made, explicitly or implicitly, a term or condition of an individual’s employment, academic work, or status in a course, program, or activity; or

- Submission to or rejection of such behavior is used as a basis for a decision affecting an individual’s employment, academic work, or participation in a course, program, or activity; or

- Such behavior is so severe and pervasive that a reasonable person would find that it:
members may obtain support services and explore their options in a confidential manner. Furthermore, it can be difficult for an individual to come forward after such an event, and there are several different options available for Keene State community members who wish to maintain confidentiality while getting the support they need. In these cases, a student may find it helpful to have a conversation with the Wellness Center – Counseling Services, the Wellness Center – Health Services, or MCVP: Crisis and Prevention Center. These offices can provide a confidential space where KSC community members may obtain support services and explore their options in a confidential manner.

**Confidential** - communication is legally privileged and cannot be shared. The only individuals at Keene State College who can maintain confidentiality of a disclosure of sexual misconduct or relationship violence are the professional staff of the Wellness Center. Confidential information cannot be revealed to any other person without the express permission of the individual, or as otherwise required by law.

**Private** - a private communication means that the information will only be shared with those individuals with a need to know and that all necessary precautions will be taken to protect the identity of the reporting party.

**Responsible Employee** - a College employee obligated by policy to share knowledge, notice, and/or reports of sexual misconduct, discrimination, and/or retaliation with the Title IX Coordinator. While Responsible Employees have reporting obligations to the Title IX Coordinator, they are not considered Officials with Authority.

**Official with Authority (OWA)** – a College employee explicitly vested with the responsibility to implement corrective measures for harassment, discrimination, and/or retaliation on behalf of the Recipient.

**Reporting Party** - a person who alleges that another person or an organization violated this policy. This is the person who is alleged to have suffered a violation of this policy. The reporting party may also be referred to as the “complainant”.

**Responding Party** - any person or organization who is alleged to have violated this policy.

**Third Party Reporting Individual** - a person who alleges that another person or an organization violated this policy. This person does not allege to have experienced the reported violation of this policy.

**Preponderance of Evidence Standard** - the standard of proof used in all cases adjudicated. It asks whether it is “more likely than not” that the alleged violation occurred. If the evidence presented meets this standard, then the responding party must be found responsible.

**Confidential** - communication is legally privileged and cannot be shared. The only individuals at Keene State College who can maintain confidentiality of a disclosure of sexual misconduct or relationship violence are the professional staff of the Wellness Center. Confidential information cannot be revealed to any other person without the express permission of the individual, or as otherwise required by law.

**Private** - a private communication means that the information will only be shared with those individuals with a need to know and that all necessary precautions will be taken to protect the identity of the reporting party.

**Responsible Employee** - a College employee obligated by policy to share knowledge, notice, and/or reports of sexual misconduct, discrimination, and/or retaliation with the Title IX Coordinator. While Responsible Employees have reporting obligations to the Title IX Coordinator, they are not considered Officials with Authority.

**Official with Authority (OWA)** – a College employee explicitly vested with the responsibility to implement corrective measures for harassment, discrimination, and/or retaliation on behalf of the Recipient.

**Reporting Sexual Misconduct**

The College strongly encourages individuals impacted by relationship violence or sexual misconduct to report what happened and seek support services. Any person who has experienced or witnessed sexual misconduct or relationship violence, whether on or off campus, can report directly to the Title IX Coordinator, Department of Campus Safety, a Residential Life staff member, Human Resources, any College official, or the Keene Police Department. Making a report is not a filing a formal report and does not obligate the reporting party to proceed any further with an internal investigation or criminal charges. All of these College officials will provide the reported information to the Title IX Coordinator for follow-up.

Furthermore, it can be difficult for an individual to come forward after such an event, and there are several different options available for Keene State community members who wish to maintain confidentiality while getting the support they need. In these cases, a student may find it helpful to have a conversation with the Wellness Center – Counseling Services, the Wellness Center – Health Services, or MCVP: Crisis and Prevention Center. These offices can provide a confidential space where KSC community members may obtain support services and explore their options in a confidential manner.
To Report Sexual Misconduct

Keene State College has a comprehensive system to assist students who choose to report sexual misconduct or relationship violence. Reports can be made to the following College authorities:

- KSC Sexual Misconduct/Violence Report
- Title IX Coordinator: 603-358-2958
- KSC Campus Safety: 603-358-2228
- Your Residence Director or Residence Assistant
- Human Resources: 603-358-2234

After reporting an incident of sexual misconduct and/or relationship violence, the student will be connected to either the Title IX Coordinator or a Title IX Intake Officer. These individuals will help the student to understand all of their options, including the option to pursue an investigatory process and/or conduct hearing.

In making the report, the College will:

- Encourage the student to go to the hospital emergency room or the Wellness Center for medical services and offer to transport and/or accompany the student, if applicable.
- Connect the student with a confidential counselor at the Wellness Center.
- Provide resources to speak directly with the on-call, confidential counselor or an advocate from MCVP: Crisis and Prevention Center.
- Provide support in understanding, evaluating, and choosing among the services described in this policy.
- Provide the student with a written explanation of student rights.
- Inform the student of their rights and options including the options of filing a formal report through the student conduct system or a criminal report through the Keene Police Department.

Students should understand that most KSC employees, except for those who maintain a legally recognized confidential relationship as discussed above, are required to report any disclosure about sexual misconduct or relationship violence. This report is made to the Title IX Coordinator even when the student requests privacy. The “Confidential Support and Help” resources identified above are not required to report a disclosure.

Making a Report to Campus Safety

Campus Safety is available 24/7 to make a report and seek support regarding sexual misconduct or relationship violence, regardless of where or when the incident occurred. While reporting does not obligate a student to file a formal report with the Title IX Coordinator or with the relevant law enforcement agency, the College will provide a safe, non-discriminatory environment for all students and employees. If desired by the reporting party, Campus Safety will provide a same-sex officer to record the report. The reporting student may have an advisor or advocate with them during any interviews or meetings with College officials.

Keene State College maintains a Memorandum of Understanding (MOU) with the Keene Police Department. This memorandum outlines the coordinated process and rights and responsibilities that will be followed if the reporting party wishes to file a concurrent report with the Keene Police Department.

The College may issue a campus alert (without identifying the reporting individual) in situations where the College believes there is an imminent threat posed to the campus community. All actions taken, including the possible release of a timely warning to the community, will be designed to protect the reporting individual’s identity.

Filing a Formal Report

After connecting with the Title IX Coordinator and reviewing options, the reporting party may decide to pursue an investigatory and/or conduct process. To initiate this process, they will sign a formal report, along with the Title IX Coordinator. This document will allege that one or more violations of this policy was committed by a responding party. It may sometimes be referred to as a “formal complaint.” Filing a formal report with the Title IX Coordinator will initiate the investigatory and/or conduct process. The responding party will be contacted and informed of the allegations, along with the reporting party’s name and details of the allegations. The Title IX Coordinator will connect with the responding party to explain the investigatory and/or conduct process and will offer individualized support.

The Title IX Coordinator will review the formal report to determine whether the allegations fall under the scope of Title IX regulations. In situations listed below, the Title IX Coordinator will “dismiss” the formal report as a Title IX incident; however, the institution remains committed to addressing any sexual misconduct and/or relationship violence impacting the College community. If a possible violation of this Policy occurred, an investigation and/or further conduct process may still occur:

- Misconduct occurred outside the United States.
- Misconduct occurred outside the College’s education program or activity.
- Misconduct does not fall within the scope of Title IX

A decision to dismiss a formal report under Title IX may be appealed using the online appeal form. See appeal process below.

If a reporting party files a formal report and requests that the College take investigatory or disciplinary action, then their anonymity will not be maintained. After a formal report is filed, the responding party must be contacted and informed about the charges. If the reporting party makes a report, and has not filed a formal report, then the Title IX Coordinator will weigh the reporting party’s request for anonymity with the College’s obligation to provide a safe, non-discriminatory environment for all students and employees, including the reporting party.

At times, in order to provide a safe, non-discriminatory environment for KSC community members, the Title IX Coordinator will file a formal report on behalf of the College. If this occurs, then the College may not be able to honor a reporting party’s request for anonymity. In such a case, the Title IX Coordinator will inform the reporting party prior to starting an investigation. Furthermore, the College will remain mindful of the reporting party’s well-being and will take ongoing steps to protect them from retaliation or harm.

Employee Reporting Obligations

A “Responsible Employee” is a College employee obligated by policy to share knowledge, notice, and/or reports of sexual misconduct, discrimination, and/or retaliation with the Title IX Coordinator. At Keene State College, all faculty and staff, except for those who exist in a legally recognized confidential relationship to the reporting party, have a duty to report sexual misconduct or relationship violence. To the extent possible, information reported to the responsible employee will be kept private and will be shared only with people responsible for handling the College’s response to the report. Before a victim/survivor reveals any information to a responsible employee, the employee should ensure the victim/survivor understands the employee’s reporting obligation and, if they want to maintain confidentiality, direct them to confidential resources.
While Responsible Employees have reporting obligations to the Title IX Coordinator, they are not considered Officials with Authority. The College has determined that the following administrators are Officials with Authority to address and correct sexual misconduct, discrimination, and/or retaliation. The Officials with Authority listed below may also accept notice or reports on behalf of KSC:

- Title IX Coordinator
- Director of Human Resources
- Dean of Students
- Associate Dean of Students
- Assistant Dean of Students

Emergency Removal

In some cases, the College may initiate an emergency removal of a responding party to protect the safety of the campus community, which may include contacting local law enforcement. Emergency removals can include removing a person from campus, an education program, and/or a residence hall, among other options. The reporting party and the responding party will receive written notice. The notice will contain: the date the removal is set to begin, the reason for removal, the consequences of non-compliance, and how to appeal the decision.

Emergency removal is not a substitute for reaching a determination of responsibility; it is rather for the purpose of addressing imminent threats posed to any person’s physical health or safety, which may arise from sexual misconduct allegations.

Investigation Procedures and Protocols

When an investigation is conducted, Keene State College has an obligation to ensure that the investigation is prompt, adequate, reliable, and impartial. In fulfilling these obligations, the College will respond to ensure that the prohibited conduct is stopped, eliminate any hostile environment, take steps to prevent its recurrence, and address any effects. Trained professionals will conduct the investigation under the oversight of the Title IX Coordinator. The investigator may be contracted from an external source and may be the Title IX Coordinator. The reporting party and responding party will be notified, in writing, of the initiation of the investigation and the potential policy violation(s) at issue. They will be provided the name of the appointed investigator(s) and an opportunity to raise concerns about bias or conflict of interest.

Interviews will be conducted with all parties and any relevant witnesses. All parties will have an opportunity to identify potential witnesses and provide any evidence or other information that may be relevant to the investigation. The investigator may review law enforcement investigatory files (if applicable) and student or personnel files. During the investigatory process, all parties will receive timely notice of any meetings at which their presence is requested. All parties will be provided regular updates regarding the status of the investigatory process.

All parties will be provided an equal opportunity to inspect and review any evidence obtained in the investigation that is directly related to the allegations. Prior to the conclusion of the investigative report, each party and their advisor will be provided a copy of the evidence. All parties are given ten (10) days to submit a written response, which will be included in the investigative report. From this, the investigator will determine if additional investigation is necessary. If so, they will complete any additional steps.

If, after an investigation has started, the reporting party asks to withdraw their formal report, then the College will try to honor the reporting party’s wishes to stop an investigation or disciplinary process.

At the conclusion of the investigation, the investigator will write a report setting forth the relevant facts of the investigation and submit the report to the Title IX Coordinator, who will review it for completeness.

Upon receipt of an investigation and final charges from the Title IX Coordinator, the Director of Student Conduct initiates the student conduct hearing process as outlined below. All parties and advisors will have the opportunity to review and comment on the final report prior to the Hearing Board receiving a copy.

Law Enforcement Investigations

A reporting party may file a formal report (with the College) and criminal report (with the police) simultaneously. The investigations may proceed concurrently; the outcome of one investigation does not determine the outcome of the other investigation. While the College may briefly suspend fact-finding at the request of law enforcement, Federal law does not require the College to delay its investigation until the resolution of the criminal process.

Timelines

The College will conduct a timely review of all reports of sexual misconduct and relationship violence. Absent extenuating circumstances, the investigation and resolution are expected to take place within ninety (90) calendar days from receipt of the formal report. These timeframes may be extended during periods when classes are not held or for good cause. Both parties will be provided with written notice of any extension.

Retaliation

Keene State College is committed to a policy that encourages disclosures of sexual misconduct and relationship violence. Any person, who, in good faith, reports an actual or perceived violation of this policy, shall not be subject to retaliation. The College will take strong responsive action if retaliation occurs. If a reporting party or witness believes that they have been subjected to retaliation, they should promptly contact the Title IX Coordinator.

Student College Conduct Process (Adjudication Procedures)

Hearing Board

The Keene State College Office of Student Conduct will convene a hearing board for the purpose of adjudicating an alleged incident of sexual misconduct involving students. The hearing will provide a fair, impartial, and equitable process that respects the rights of all participants. The College has the burden of proving the responding party’s responsibility for the policy violation alleged. The Board will determine if a policy violation occurred using a preponderance of the evidence standard—namely, that it is more likely than not that the student or student organization has committed the violation as charged. Note that the hearing process may also be referred to as the grievance process in matters where a formal Title IX report is filed.

Composition of the Hearing Board

The Sexual Misconduct Hearing Board shall be composed of faculty and staff from Keene State College and the University System of New Hampshire who are trained annually on sexual misconduct issues, investigations, and hearing practices. In each hearing, the Board shall be comprised of three members, one of which will be a Presiding Officer (referred to as the Chair) who is tasked with conducting the hearing and determining questions of relevance. The Chair is a voting member of the Board.

At the hearing, the following individuals may be present:
Advisors

The role of an advisor is to support a student who is navigating the investigatory and/or student conduct processes and to conduct the questioning process during the conduct hearing. Advisors can assist with preparations, accompany the student to relevant meetings, and ask questions of the other party and witnesses at the conduct hearing. During a sexual misconduct process, both the reporting party and the responding party are required to have an advisor. Each party can choose their own advisor and are responsible for contacting that person to ask if they are able to serve. If a student does not arrange for an advisor, they must tell the Title IX Coordinator so the College can provide an advisor, without fee or charge.

When the questioning process occurs, the advisor will ask the other party and witnesses questions on behalf of the party they are advising. Both the responding party and the reporting party are expected to work with their advisor on developing these questions. The responding and reporting parties may not ask direct questions of any witnesses or the opposing party. Advisors only speaking role in the hearing is to ask questions at the appropriate time.

During the conduct hearing, additional support personnel cannot be present, unless deemed necessary by the Director of Student Conduct for purposes such as accommodation of a disability or language translation.

Advisors must maintain the privacy of everyone involved in the conduct process and cannot disseminate or disclose any information about the conduct case. Advisors are not permitted to raise objections or speak out of turn. The College reserves the exclusive right to reject information that constitutes appropriate behavior on the part of anyone present during a hearing. They must interact in a respectful, nonintimidating, non-coercive, and non-abusive manner. Additional rules for decorum will be provided to each advisor.

Hearing Board Process

The Chair will conduct the hearing in accordance with the established hearing board process. The process ensures that the investigation report is presented, that each party and witnesses have the chance to be heard, and that the Hearing Board has the opportunity to ask relevant questions of all parties and witnesses involved. If any party requests, the hearing can be conducted with the parties located in separate locations using technology or conducted with a physical barrier set up.

All hearing board proceedings are audio recorded. Individual recordings are not permitted by any other party. Additionally, the hearing board process ensures:

1. All parties are introduced
2. The rights of the parties involved are acknowledged
3. All alleged conduct code violations are read
4. The Responding Party is provided an opportunity to accept responsibility, deny responsibility, or decline to make a statement, for each alleged conduct code charge
5. Each party and witness has an opportunity to be heard and be questioned by the Hearing Board and the advisors of both parties.
6. Each party’s advisor will ask questions, on behalf of their advisee, of the other party and/or witnesses. The Chair will decide, in real time, if each question is relevant and will be permitted.
7. Each party will be provided the opportunity to describe any mitigating factors relevant to the allegations, subject to relevancy exclusions.
8. Each party has the chance to provide a closing statement to the Hearing Board
9. If either party wishes to do so, they may bring a written statement to the Conduct Hearing. If the responding party is found responsible, the Chair will share the impact statement to the hearing board members as part of the sanctioning conversation.

If any individual should become disruptive during the hearing, including witnesses and advisors, the Hearing Chair retains the discretion to remove that individual from the hearing.

Questioning Process

To ensure that all parties have space to convey their perspective, the responding party and the reporting party must participate in a questioning process during the conduct hearing. To achieve this, each party’s advisor will ask the other party relevant questions and follow-up questions.

After an advisor poses a question, the hearing board Chair will determine whether the question is relevant before the responding party or reporting party is allowed to respond. If a question is deemed ‘not relevant’, the Chair will explain their decision; these decisions are final and are not subject to objection or reconsideration during the hearing. If a question is relevant but offered in an abusive or argumentative manner, the Chair has the discretion to ask the advisor to restate the question. Questions that seek information that is protected under a legally recognized privilege are not permitted, unless the individual has waived the privilege in writing.

Questioning can only be conducted by an advisor; it cannot be conducted by a responding party or reporting party themselves. The responding party and the reporting party cannot speak to each other and cannot attempt to communicate with each other through nonverbal cues during the conduct hearing.

If a reporting party, responding party, or witness does not agree to participate with questioning at the conduct hearing, then the hearing board cannot take any statement made by that party into consideration while making a determination regarding responsibility.

Witnesses

Any witnesses whose testimony is included in the investigative packet will be encouraged to attend the hearing. If a witness, or party does not attend the conduct hearing then the hearing board cannot take any statement made by that witness or party into consideration when making a decision regarding responsibility.

Sexual History of Parties

Generally, the sexual history of the reporting party is not relevant and will not be considered as evidence. Evidence about the reporting party’s sexual predisposition is always protected and never relevant. Evidence about the reporting party’s prior sexual behavior may be considered under the following limited circumstances:

- To show that someone other than the responding party committed the conduct alleged by the reporting party
- To show specific incidents of the reporting party’s prior sexual behavior, with respect to the responding party, that are offered to prove consent. As noted in the consent definition, the mere fact of a prior relationship or prior sexual act is not sufficient to prove consent.

Relevant evidence of prior sexual history must be based on direct evidence, not rumor, hearsay, or conjecture. The relevance and introduction of prior sexual history in a
Hearing Board Deliberations

At the conclusion of the Hearing, all parties will be dismissed from the proceedings and the Board will deliberate privately to determine the Responding Party’s responsibility for the alleged violation(s). All decisions require a majority vote from the Hearing Board members.

If the Responding Party is found responsible, then impact statements(s), which are brought to hearing, can be read to the Board. If found not responsible, the impact statements will be destroyed without being reviewed. The parties must submit their statements prior to the hearing. The hearing board will recommend appropriate sanctions based on the severity of the violation, that student’s conduct history, and case precedent. During the sanctioning phase of deliberations, the Hearing Chair will:

- Disclose the Responding Party’s past student conduct history, if any.
- Provide sanction parameters, as defined by this policy for the applicable violations of the code of conduct.

If the Responding Party is found not responsible, there is no discussion of sanctions and the official proceeding concludes.

Once a decision is made, the Hearing Chair will convene a meeting with the Assistant Dean of Students and Director of Student Conduct to review the Hearing Board’s outcome for completeness.

Outcome

Both the reporting party and the responding party will be informed of the Hearing outcome, in writing, concurrently. The final outcome letter will set forth the name of the Responding Party; description of the steps taken from the receipt of a formal report through the hearing, the charged violation(s) of policy and the Hearing Board’s findings; the findings of fact supporting the determination; and the sanction(s) imposed, if any.

Sanctions

Violations of the Sexual Misconduct Policy may result in suspension or expulsion from Keene State College. A full list of sanctions can be found here. In instances where student organizations are involved, these organizations may also have sanctions taken against them, including the rescinding of their institutional recognition.

Students who wish to have more information regarding either the New Hampshire Sexual Assault Statute or College conduct expectations should review the law and the Student Code of Conduct. They may also contact the Director of Campus Safety, the Dean of Students or the Director of Student Conduct.

Appeals Process & Appeal Form for Sexual Misconduct

The findings of the Hearing Officer or Hearing Board may be appealed by either the Reporting Party or the Responding Party. Submitting an appeal will not guarantee that an outcome will be overturned, though it will ensure that it is fully vetted by an appellate officer. Please note that appeals do not serve as re-hearings of the original case. Either party may appeal on the basis of:

1. Procedural irregularity that affected the outcome of the matter. (i.e. failure to follow the institution’s own procedures);
2. New information has become available that could significantly change the hearing outcome or the decision for Title IX dismissal;
3. The Title IX Coordinator, investigator(s), or decision-maker(s) had/has a conflict of interest or bias that affected or could affect the outcome of the matter.
4. The sanctions imposed are substantially outside the parameters or guidelines set by the College for this type of offense or the cumulative conduct record of the responding student or student organization.

Appeals must be submitted by the student or student organization in writing (through our online form) and contain the specific grounds for the appeal based on the criteria identified above. Please note that failure to attend the hearing or to provide a statement in lieu of attendance are not grounds for an appeal. In addition, the appeal must be received by the Student Conduct Office within five (5) calendar days of the date of the hearing outcome notification e-mail. In most cases, the Director of Student Conduct will review the appeal except in instances where they heard the original case. In some cases, the appeal may be considered by the Associate Dean of Students, the Dean of Students, or another College official.

Upon receiving an appeal, the Appellate Officer will vet the appeal to determine whether any of the grounds upon which a case can be appealed have been addressed at a sufficient level to warrant an appeal being granted.

Sanctions will generally not be implemented until the appeal process has been exhausted. However, in cases where the health, safety, or well-being of a particular student or the College community is threatened, the Director of Student Conduct may authorize immediate implementation of any sanctions and offer to expedite the review. They may also authorize immediate implementation of the sanction(s) during the final examination period.

Appeals Process

The appeal review is limited to an analysis of the written appeal document, the record and documents of the initial hearing, and an interview with the original Hearing Officer or Chair of the hearing board.

All decisions resulting from an appeal review shall be final. Although a verbal notification may be provided to the student who requested the appeal review, an e-mail notification of the decision shall be sent within twenty (20) days of the receipt of the appeal. In Title IX and/or Sexual Misconduct cases both parties will receive concurrent notice of the outcome of an appeal.

Possible Outcomes of an Appeal

An Appellate Officer will make one of the following decisions after carefully reviewing the appeal:

1. Original hearing outcome will stand.
2. Original hearing outcome stands but the Appellate Officer will adjust the sanction(s) as appropriate but will not increase the sanction(s).
3. The case may be returned to the original hearing officer or hearing board, or a newly constituted one, to allow for a reconsideration of the original finding.

Appeal Form

An appeal of the outcome of a student conduct case is a formal document that becomes a part of the student’s conduct record. It is important to formulate the contents carefully and to write it in a clear, concise, and logical manner. Proper grammar and spelling are expected.

Appeals that are not filed properly or are missing information will not be considered. Appeals should be submitted through the following form: Student Conduct Appeal Form. Please only submit appeals through this form.

If you have questions about how to write your appeal, please contact the Student Conduct Office.

Leave of Absence/Withdrawal
A reporting party who requests a leave of absence or withdrawal from the College does not forfeit their right to resolution of the formal report. Any student charged with sexual misconduct violation(s) of the Code of Conduct who requests a leave of absence or withdrawal from the College prior to a hearing will still incur relevant administrative actions. Depending on the case circumstances, these actions may include but not be limited to:

- The continuation of the conduct process
- Withdrawal with disciplinary case pending

The latter action makes the charged student ineligible to register or attend classes at any USNH institution for as long as the charge remains pending.

**Prevention and Education**

Keene State College provides well-developed, robust training and education programs, including: an online module on consent and respect that all incoming students must complete; interactive presentations during Orientation and Welcome Week on such topics as sexual misconduct, consent, relationship violence, and stalking; and a primary bystander intervention theater program, “No Zebras, No Excuses”, for all incoming students. Keene State has adopted a national model of peer education through Mentors in Violence Prevention (MVP), which provides ongoing learning opportunities throughout the year. MVP has conducted programming with Athletics, Greek Life, and in various classrooms.

Keene State College has developed strong relationships with both on campus and off campus constituencies and stakeholders, including the County Attorney's Office, Public Defender's Office, and Keene Police Department. The Title IX Coordinator and Director of Campus Safety are members of the Cheshire County Sexual Assault Resource Team (SART) and the Title IX Coordinator is a member of the Sexual Assault Nurse Examiner Advisory Board (SAB). Local crisis center MCVP: Crisis and Prevention Center provides 24/7 victim/survivor services and support for Keene State and the surrounding community, as well as on campus prevention education and outreach.

For questions concerning Keene State College’s prevention, education, and training programs please contact the Title IX Coordinator.

**FAQs**

**What happens when a person who has been engaging in underage drinking reports sexual misconduct or relationship violence?**

Keene State College’s primary concern is the health and safety of its students. When conducting an investigation of alleged sexual misconduct, the College's focus will be on addressing the incident and not on lesser policy violations that may be discovered or disclosed. If a report is made in good faith, a reporting party or a witness will not be subject to a disciplinary proceeding or sanction of the lesser violation. The College may, however, provide referrals to counseling or require other educational options. More information is available [here](#).

**What happens when the sexual misconduct or relationship violence happens off-campus? Who do I report this to?**

You can always report sexual misconduct, regardless of where it occurred. The Title IX Coordinator is available to walk students through their options and Campus Safety is available 24/7. While Keene Police Department has primary jurisdiction, some students may feel a greater sense of comfort reporting to a campus department.

**What do I do if the sexual misconduct happened last week? Last month? Last semester? Longer ago?**

Report as soon as possible even if some time has passed. While timely reporting increases the likelihood of obtaining more accurate information during an investigation, reporting at any time will ensure that you receive information on available support services. For a victim/survivor considering criminal charges, the statute of limitations for reporting a sexual assault varies from state to state. In New Hampshire, the statute of limitations for a felony offense is generally six (6) years, unless the victim/survivor was under the age of eighteen (18) at the time of the crime, and unless the alleged perpetrator of the crime has left the state. You can contact the Keene Police Department, Campus Safety, or the Title IX Coordinator with more specific information.

**What if I have a relationship with the person who sexually assaulted me?**

It is never okay to force, threaten or coerce someone into sexual activity, even if they are in a relationship or are married. This policy outlines support options, along with the College’s investigation and conduct process for any incident of sexual assault. For support, contact MCVP: Crisis and Prevention Center 1-888-511-6287 or 603-352-3782.

**What happens if someone falsely reports a sexual assault?**

False reports of sexual assault are extremely rare estimated at less than 2% of all reports. If an allegation of sexual assault moves forward to a student conduct hearing and/or a legal proceeding, and the accused party is found not responsible or not guilty, this does not necessarily mean the sexual assault did not occur, it merely might indicate that the burden of proof was not met.

**Will my parents or guardians be told?**

Whether you are the reporting party or responding party, the College's primary relationship is to the student and not the parent or guardian. In the event of a major medical, disciplinary, or academic jeopardy, students are strongly encouraged to tell their parents or guardians. College officials will directly inform parents or guardians when requested to do so by a student, or in a health or safety emergency. The College reserves the right to notify a parent or guardian if your status at the College has changed or is in serious
jeopardy of changing. More information on parental notification is available here.

What should I do if I am accused of sexual misconduct or relationship violence?

**Do not** contact the person making the accusation. You should contact the Dean of Students or Title IX Coordinator who can explain the College's procedures for handling sexual misconduct and relationship violence reports. You may also wish to access support services, such as counseling. The Wellness Center is available to all students. Responding students (accused students) will be informed of their rights as a student and will be treated fairly and equitably. Students are required to work with an advisor, who can support them during a potential conduct hearing.

What if I am uncertain if what happened is a sexual assault?

You are encouraged to schedule a meeting with the Dean of Students or Title IX Coordinator to review all of your options and to discuss available support and confidential resources. **No details of the incident need to be provided at this meeting.** You are welcome to bring an advisor or support person with you.

If I report sexual misconduct, will the responding party know my identity?

At times, victims/survivors of relationship violence or sexual misconduct may request that their name not be shared with the responding party, that the responding party not be notified of the report, or that no investigation occur. The Title IX Coordinator will weigh the reporting party’s request for anonymity with the College's obligation to provide a safe, non-discriminatory environment for all students and employees, including the reporting party. However, if a reporting party wants the College to pursue the investigatory and/or student conduct process, they will need to sign a formal report. If a formal report is filed then the responding party will be notified of the charges, along with the reporting party’s identity. As discussed above, there are limited circumstances in which the Title IX Coordinator will file a formal report to initiate the investigation process if the reporting party does not do so.

Use of Facilities

**Section Menu**

**Purpose**

Freedom of speech, expression, and assembly are fundamental rights of all persons and are central to the mission and purpose of Keene State College. Our educational mission as a public college is founded on the bedrock principles of supporting a robust exchange of ideas for the protection of academic freedom. In fulfilling its mission, the College recognizes that free inquiry and free expression are indispensable components in the examination of ideas. Students, faculty, and staff are free to express their views, individually or in organized groups, orally or in writing, on any topic, subject only to rules necessary to preserve the equal rights of others and the functions of normal College operations. The College will not discriminate on the basis of the political, religious, philosophical, ideological, or academic viewpoint expressed by any person, either in the enforcement and administration of these rules or otherwise.

This policy is enacted to:

- To establish a consistent and equitable approach for handling scheduling requests and for assessing reasonable fees for the use of College facilities;
- To facilitate access to facilities for both internal and external groups;
- To address legal and financial issues pertinent to facility use; and
- To offer consistent quality, service, and support for events held on campus.

**Bulletin Boards and Postings**

The College recognizes the right of members of the College community to express opinions freely and to communicate information about upcoming events which may be of interest. Traditionally, posting of signs or announcements has been one mode of communication or expression. It is recognized that those posting materials should do so responsibly. Posting responsibility includes the use of appropriate designated areas. Any College organization, College group, or member of the College community may post items in designated areas if the following guidelines are followed:

1. The College shall designate appropriate bulletin boards or posting areas in each of the buildings on campus.
2. All postings announcing events, meetings, workshops, etc., must include the name and contact information for the organization and shall be removed by the College organization, College group, or member of the College community within 24 hours after the activity. A statement concerning accessibility accommodations should be included on the posting with a contact.
3. Items posted outside of the designated areas may be removed by an authorized College representative.
4. The College organization, College group, and/or member of the College community posting items outside of designated areas or defacing College property will be subject to disciplinary or administrative action by the College, including costs for removal and restoration of the area, unless they have gained prior approval from the Dean of Students.
5. Any unauthorized individual(s) removing, defacing, or otherwise tampering with posted items in designated areas may be subject to disciplinary or administrative action by the College.
6. Members of the College community who believe that items are posted contrary to this policy should not remove or otherwise interfere with the item, but should report their concern to the Dean of Students.
7. All organizations not affiliated with the college community shall post promotional materials in appropriately identified locations. The promotional materials must clearly state the name of the sponsoring organization as well as a telephone number if further information is desired. Use of the name “Keene State College” or the College’s logo must be approved by Marketing and Communications prior to posting. If alcohol is to be present at any event, it cannot be published on the promotional materials as such. “Refreshments will be served & proper ID is required” is acceptable.
8. Students/organizations seeking to have materials (flyers, advertisements, etc.) posted in the residence halls must get approval from the Residential Life Office.

**Campus Activities**

Recognized student organizations may sponsor student activities. A student organization sponsoring an event should reserve the facility for the event with the Scheduling Office at least seven working days prior to the function (For event planning information, refer to the Student Organization Handbook). An event scheduling form must be completed and co-signed by the organization’s advisor. Any special requirements for the event should be noted on this form.

If the on-campus event being sponsored involves the consumption of alcohol, an alcohol form must be obtained from the Scheduling Office at least four weeks prior to the event. (For residence hall functions, refer to **Residence Hall Policies** section. Also see Political, Social, and Commercial Activities section below.)

The Student Center, in conjunction with the Department of Campus Safety, will determine those functions at which security is required. Campus Safety will facilitate employing police officers for the organization, the cost may be charged to the sponsoring organization.

All College policies are in effect regardless of the location of the event(s), whether on campus or off campus. The privilege of College recognition for a student group carries with it the requirement to comply with College policy, state, and federal laws anywhere an event is being held as long as the event is sponsored by an organization with College.
Contracts for Student Activities

All contracts solicited by any student organizations, whether they include a professional fee or not, must be submitted at least seven days in advance for the approval of the Student Center and the signature of the Business Administrator. No other persons are authorized to sign contracts. This is for the protection of students, performers, and the College. Questions about planning activities and programs should be directed to the Coordinator of Student Activities at 358-2664.

Fund-Raising

Fund-raising projects are those activities undertaken by any recognized student organization to raise money to support its own activities or those of its members. The sale of newspaper and program advertising is specifically excluded from these guidelines.

1. Tax-free status of student organizations officially recognized by Keene State College is conferred upon those groups by virtue of their official tie to the College. They therefore use Keene State College’s IRS tax exemption designation in substantiating their tax-free status, which can be obtained from the Office of Development at 358-2372.

2. In order to protect both the College and the student organizations themselves, the latter must seek institutional approval of their fund-raising projects by filling out a Fund-Raising Form before undertaking to raise money.

The Student Center will have authority to review, approve, monitor, and when necessary, place restrictions on all fund-raising activities of student organizations.

1. Student groups will submit for approval the required “Fund-Raising Request Form,” available from the Student Center.

Political, Social, and Commercial Activities

Solicitation and distribution of literature in public areas of campus

Literature may be distributed on College property subject to the following provisions:

On College grounds, individuals and Keene State College community members may distribute literature provided that:

- The free flow of traffic (pedestrian or vehicular) at any point is not obstructed
- Distribution of literature activities shall be passive in nature and conducted between 8 a.m. and 10 p.m.
- Literature is not placed on vehicles parked on campus
- Tables or displays used to facilitate distribution do not block walkways or entrances to buildings. Tables or displays must be attended to at all times by the individual or group sponsoring the distribution
- All individuals/organizations shall refrain from littering in the area
- The distribution of literature does not interrupt or interfere with educational or instructional activities or individuals who are engaged in the daily conduct of College business
- Areas on campus not open to the activities described above shall include, but not be limited to, classroom and laboratory buildings, libraries, conference rooms, the residence halls, the gymnasium, and faculty, staff, or student offices.
- Free speech, solicitation, and distribution of literature shall not be permitted if it is determined that they threaten public safety or public property, or if they disrupt or threaten to disrupt vehicular traffic, pedestrian traffic, or any educational, administrative, or outreach activity.

Freedom of Expression and Assembly

Students enjoy the same rights that are guaranteed to every citizen of the United States and the State of New Hampshire. Among these rights are the freedoms of expression and peaceful assembly. Students are encouraged to freely examine, exchange, and debate diverse ideas, both inside and outside of the classroom. In doing so, however, students and others must comply with other, generally applicable, College policies.

Speech Activities

To facilitate robust debate and the free exchange of ideas, students and non-students shall be permitted to engage in free speech activities and distribute literature on Oya Hill on a space available basis. This use may be without permission from the College so long as the area has not been previously reserved or scheduled for a particular function, no sound amplification is used, activities do not interrupt or interfere with educational or instructional activities or the normal conduct of College business, and the participants do not violate other College policies.

Although it is not necessary for a person using Oya Hill to obtain prior permission from the College, the College encourages such persons to contact the Office of Student Involvement and/or Scheduling Office to minimize possible scheduling conflicts.

Nothing in this section shall be interpreted as limiting the right of student expression elsewhere on the campus so long as the expressive activities or related student conduct, including the distribution of literature, does not violate any other applicable College policies.

Organized Student Demonstrations

If a student or student organization intends to initiate, sponsor, or host a demonstration or event that may draw a large crowd, require security, impede pedestrian or vehicular traffic, including a parade, march, or other similar activity, or poses a substantial risk of disrupting the functioning of the College or of violating any other College policy, the College requires that the student or student organization contact the Scheduling Office in advance of the activity. The Scheduling Office will work with the requesting student or student organization either to evaluate the request and find a suitable time and location that balances the rights of the requesting student or student organization with the rights of others and the College’s educational mission.

The purpose of this policy is not to designate common areas as a public forum or to accommodate demonstrations or protests by those who are not part of the College community (i.e., non-students and other campus guests). Rather, the purpose of this policy is to promote and facilitate student expression while allowing the College to make any necessary adjustments (such as rearranging a parade route or providing security) to assure that such activities do not interfere with the College’s mission and operations or with the rights of others. Should an outside group wish to conduct an organized demonstration or to demonstrate in areas other than Oya Hill, the group should seek the sponsorship of a student organization.

Political Events

Keene State College welcomes opportunities to bring candidates and elected representatives to our campus, and to provide forums for discussing political issues. In order to
provide appropriate levels of support to these events, the following procedure will be followed:

- All requests for political party affiliated events (candidate visits, forums on political issues, etc.) will be directed to the American Democracy Project (ADP) campus coordinator, Kim Schmid-Gagne (kgagne@keene.edu, 603-358-2768).
- The ADP Coordinator will determine appropriate and available venues for the event, and coordinate the event with the appropriate on and off-campus offices (facility director, Physical Plant, Campus Safety, Keene Police, etc.).
- The ADP Coordinator will ensure that all candidates / political events are treated equitably to protect the integrity and resources of Keene State College.
- Costs over and above customary costs of standard and usual set-up must be borne by the organization scheduling the event.

These rooms must be scheduled in accordance with guidelines established by the Scheduling Office. Any use of the L. P. Young Student Center rooms for commercial purposes shall be done in accordance with Commercial Activities on Campus.

**Commercial activities on campus**

The College shall permit, within the guidelines set forth in this policy, commercial activities on the campus that, in the judgment of the Vice President for Student Affairs or his/her designee, will not disrupt or negatively impact the academic environment and the safety and security of the campus community, and that are in keeping with the stated goals and mission of the College.

- Commercial activities are passive in nature and conducted between 8 a.m. and 7 p.m.
- The space to be used is properly reserved through the Scheduling Office.
- Upon request, a summary of all sales, contracts, and moneys collected would be filed with the Scheduling Office.
- Upon request, the vendor shall submit proof of authority to conduct business in the State of New Hampshire.

The conduct of any commercial activities outside of the L. P. Young Student Center for the profit of any person or business is not permitted on the campus, with the following conditions and exceptions: The sale of merchandise and other items shall be permitted, provided that all materials offered for sale is directly related to a person or group performing and has been approved by contract.

Nothing in this policy shall prohibit a person or business engaged in commercial activities from:

- Advertising in student and local newspapers (all advertisements must be in good taste and in keeping with College policies, standards and mission.)
- Posting of information must comply with posting policies.

**Student Center Commercial Activities (vendors)**

Vendors in the Student Center are subject to all regulations that apply to “commercial activities” as well as the following:

1. Commercial activities are passive in nature (e.g. remain at vendor table/location and allow patrons to approach you).
2. There is a daily vendor fee. Payment is due prior to the event to guarantee the space. Payment is not refundable within ten days of the event. Keene State College is not responsible for returned checks due to insufficient funds.

4. The vendor space will provide one medium-size table and one chair. Absolutely no taping, gluing, tacking, or hanging any items from the walls or ceiling for vendor advertising is permitted without prior approval. All advertising must be limited to the immediate area of the table.
5. The Scheduling Office will send the vendor a confirmed copy of the scheduling form. Vendors must bring their copy of the scheduling form with them on the day(s) of the event.
6. Vendors must report to the Information Desk in the Student Center on the day(s) of the event. The vendor will provide a confirmed copy of the scheduling form in order to receive a parking permit from Campus Safety.
7. All sales must be in accordance with applicable laws. When necessary, permits must be obtained from city and state agencies.

**Scheduling**

1. Scheduling of most KSC facilities is done through the Scheduling Office in the Student Center. To schedule the Arts Center facilities (358-2167) or Spaulding Gymnasium, (358-2789) call the offices at the respective facility. For other facilities on campus call the Scheduling Office, 358-2323.
2. All on-campus and off-campus organizations wishing to schedule a facility at KSC must complete a Scheduling Form and additional forms when appropriate.
3. All organizations requesting facilities for activities are required to complete a scheduling form at least 7 days in advance. REMINDER - Campus organizations will need a signature(s) from their advisor on the Scheduling and Alcohol Function Agreement Form(s). The Scheduling Office will process the scheduling form and provide confirmation to the person requesting the use of a facility before the event. All organizations must carry the confirmation copy to the event.
   - Requesters are not authorized to publicize details of the proposed event until receiving a confirming copy of the scheduling form.
   - Changes or cancellations must be given to the Scheduling Office immediately. Continued failure to formally cancel the request may result in revocation of scheduling privileges.
   - Charges: Although some organizations will not be charged for the facility, they may be liable for any of the following fees which may be necessary as determined by the College (e.g., police, campus security, maintenance overtime, technical support, building monitors, repairs for damages, and cleaning fees.) All fees charged for an event must be received prior to the event or the event will be subject to cancellation.

**Speakers**

In accordance with USNH Board of Trustees policy, the basic guidelines for the College Speakers Policy are the Bill of Rights of the U.S. Constitution. This policy resulted in their being the first recipient of the American Association of University Professors’ (AAUP) prestigious Alexander Meiklejohn award for the defense of academic freedom in 1958. The rights of freedom of speech and peaceable assembly are fully protected.

Any College organization or College group may invite any speaker it desires; however, the following procedures will provide effective advanced information to the College to
avoid scheduling conflicts and to assure notification about special requirements.

1. Event and facility use must comply with campus scheduling policies and procedures.
2. No organization or group may preclude the right of reply through disallowing questions or comments following the speech; methods of which may be determined by the College. The College organization or group must clearly state in the invitation and in its attendant publicity that the speaker is a guest of the sponsoring group.
3. The Vice President for Student Affairs or designee shall specify conditions prerequisite for maintaining order at campus meetings which shall be applicable to all College organizations and groups. The College may, within the reasonable interpretation of the mission of the College, limit the time, place, and manner of the presentation.
4. The College group or organization assumes the responsibility for maintaining order and for injuries and/or damages which occur in the event of disorder.

Limitation or Denial of Use of College Property

The Use of College properties may be limited or denied to authorized users if the proposed activity:

- Is contrary to express College policy or campus guidelines and procedures concerning the general use of specific properties; or the statutes, rules and regulations of the State of New Hampshire; or
- Constitutes a clear and present danger to the safety of welfare of persons or property.

Appeals

Written notice of appeal from the denial or limitation of the use of College property must be received by the Vice President for Student Affairs and Enrollment Management within ten (10) days of the receipt of notice of the denial or limitation. Failure to file a timely notice of appeal may be waived by the Vice President upon a showing of good cause.

The notice of appeal must include the name, address, and phone number of the authorized representative of the group responsible for the appeal and the grounds for the appeal.

The Vice President for Student Affairs and Enrollment Management shall review the appeal. This review shall consist of an examination of:

- The request for use of College property
- The written denial or limitation as outlined by the appropriate College authority
- The written notice of appeal
- Any other information or evidence (s)he deems necessary

The decision of the Vice President shall be based upon whether good cause existed for the limitation or denial of the space requested. This decision shall be final and will be delivered within ten (10) days of receipt of the appeal.

Any program, activity, or event related to an appeal shall not be held pending a decision on appeal.
