Unloading/Loading

Designated loading/unloading zones on campus permit vehicles to park for a maximum of 15 minutes while actively loading/unloading with the flashers activated. Vehicles left longer than 15 minutes may be ticketed and towed/immobilized.
Vehicles that are unregistered or have no license plate will be considered abandoned after 72 hours and may be towed; all costs associated with the tow including storage fees are the responsibility of the vehicle owner. Campus Safety Officer will inspect the exterior of towed vehicles and will document deficiencies. Officers are not authorized to conduct motor vehicle inventories.

Replacement or New Vehicles

If the registered vehicle is sold, disposed of, or temporarily disabled, and another vehicle is to be used, the replacement vehicle information must be updated at www.keene.thepermitstore.com prior to returning to campus with the new or replacement vehicle.

Replacement Permits (Lost, Stolen, or Destroyed)

Replacement permits for destroyed decals, which no longer adhere to the vehicle window will be issued free of charge upon submission of one of the following documents:

- Previous valid permit (whole or in pieces)
- Copy of the bill of sale for the previous vehicle, noting make and model
- Copy of receipt for window replacement
- Copy of police report of motor vehicle accident or theft

Lost or stolen permits should be reported to Campus Safety as soon as possible to file a report. The permit registrant assumes responsibility for all fees associated with replacement of lost or stolen permits and parking violations issued and associated with that permit prior to the loss/theft report.

Parking Availability & Notice

Purchase and possession of a permit does not guarantee parking will be available at all times; however, the Winchester St. Lot is designated as the overflow lot for all permits. Vehicle owners are encouraged to pay attention to MyKSC and faculty/staff email for event postings and parking limitations. Owners of vehicles parked on Keene State College property do so at their own risk. Keene State College is not responsible or liable for theft, fire, water damage, vandalism, or any other damages that might occur while parked on College property. Vehicle owners are strongly encouraged to regularly monitor their vehicles parked in College lots, especially during adverse weather conditions such as heavy rain, which may cause flooding of flat spaces such as parking lots.
