Driver Education Instructor Preparation Program

***Zone Control Schedule Change***

Dear Driver Education Instructors and Driving School Owners,

I hope this finds you, your family, students and colleagues well. I’m writing to let you know that beginning this summer, the Keene State ZONE CONTROL course will be shifted to the summer session. The course will still be offered once a year, but in the summer instead of the fall. If you or a colleague still need Zone Control to complete your certification, this summer will be the only time it’s available for the next year. Note also that under the current national health conditions, this year the course will be offered FULLY ONLINE. Details follow:

**DATES:** July 13 to August 21, 2020 (course requirements may be completed sooner for New Hampshire residents taking it for 2 credits)

**DAYS:** Mondays, 6:00 pm to 8:00 pm, this course will be held fully online, using weekly synchronous ZOOM sessions. Participants must have access to an internet browser and digital web camera with microphone. Additional online work will be required between ZOOM sessions. All work will need to be completed by Friday, August 21.

**INSTRUCTOR:** Rod Hull

**COST:** Tuition for New Hampshire residents completing the course for 2 credits is $1,056.00. Vermont residents completing the course for 3 credits should contact the VT driver education coordinator, Lindsay Townsend, at lindsaytownsend@earthlink.net, to make payment arrangements.

**REGISTRATION:** Please use the enclosed registration form and return with check made payable to Keene State College, or VISA or MasterCard payment: email to cbrennan2@keene.edu, or fax to 603-358-2569, or mail to Continuing Education, Keene State College, 229 Main St., Keene NH 03435-2605.

**COURSE TITLE:** Zone Control

**COURSE DEPARTMENT:** SAFE

**COURSE NUMBER:** 490

**COURSE SECTION:** New Hampshire residents use 01C, Vermont residents use 02C

**CREDITS:** 2 undergraduate (for NH Residents), 3 undergraduate (for VT Residents)

**COURSE DESCRIPTION:** New Hampshire residents complete the course for 2 credits to meet NH Standard Certification requirements. Vermont residents complete the course for 3 credits to meet VT Certification requirements. Participants will be informed and equipped with the tools to effectively use the Zone Control system for their own driving, to translate that knowledge to teaching their students, and to understand how the Zone Control system is integrated throughout their State’s Driver Education Curriculum. Objectives include: learning to manage space around the vehicle, searching to target area, and using Zone Control to find, solve, and control line of sight (LOS) and path of travel (POT) problems. Note: Under the current national health conditions, this course will be held completely online, with real time conferencing using Zoom, and additional coursework between online meetings.

Best,

Bob Baker
