- The Fitness Facility is not responsible for submitting documentation for reimbursement and no longer will be receiving direct payments for their members under the USNH Fitness Reimbursement Program.

- KSC employees can purchase the full Recreation Center membership of $500 as of January 1, 2022 – membership year goes until December 31, 2022.

- Several options are available however:
  - **Purchase the semester membership of $200 to be reimbursed for 2022**

    - One-time reimbursement submission regardless of the method of payment

- A USNH fitness reimbursement program form will be required as well as a KSC payroll deduction form if that method of payment is utilized by the employee.

- The membership rate will be prorated if individuals choose to join at a later time.

- Individuals interested in purchasing the Recreation Center membership online, can go to the Recreational Sports Membership web page: https://www.keene.edu/life/recsports/memberships/

- Individuals will then have to submit their payment receipt to Cigna and will be reimbursed through payroll (the fitness reimbursement is considered a taxable benefit per IRS regulations).

- If the employee’s spouse uses the benefit, the reimbursement will still come via the employee’s paycheck once the reimbursement form and payment receipt has been submitted to Cigna.

- KSC employees will be able to utilize the fitness reimbursement for the Walking Track/Group Fitness membership as well – for example, the employee can pay $125 in the spring and $125 in the fall and then submit the reimbursement form and payment receipt at that time. The one-time reimbursement submission still applies and the reimbursement would come through the employee’s payroll.
