## Introduction

---

### **Factbook Introduction**

Keene State College collects and shares important data about our community, which you can find in this annual reference guide.

Factbook provides a snapshot of timely information that serves as a resource to learn more about the College and the students we serve, as well as data pertaining specifically to admissions, and to student enrollment, student demographics, programs, and retention and graduation rates.

In certain instances, multiple years of data are shared to offer important historical context and comparison.

Updated each year, Factbook is released in the fall.

### **About Keene State College**

Part of the University System of New Hampshire, Keene State is New Hampshire's public liberal arts college. It offers more than 40 areas of undergraduate study in the liberal arts, social sciences, sciences, and professional programs, as well as graduate degree and certificate programs.

Moreover, our distinctive educational experience provides students with learning experiences that stretch their boundaries: hands-on, in-the-field, and service-based opportunities that foster critical thinking, innovative thinking, and collaborative approaches alongside professionals. The culture is one of exploration; students are encouraged to reach across academic disciplines not only to broaden their education and job readiness but tap into diverse interests.

A vibrant student-life experience on an idyllic campus, dozens of clubs and organizations, and a ranging NCAA athletics program that now includes men's and women's ice hockey and eSports serve to enhance personal growth opportunities.

In sum the Keene State commitment is this: Help students pursue their dreams, discover their purpose, and get to know who they will become - not just tomorrow but for a lifetime.

### **Recognition and Accreditation**

The College is proud to note that the quality of our academic offerings and centers is acknowledged by nationally recognized accrediting associations.

Keene State is also an active member of the American Democracy Project, an initiative of the American Association of State Colleges and Universities dedicated to producing graduates with the knowledge, skills, attitudes, and experiences they need to be knowledgeable and engaged members of their communities.

### Definitions

**First-Time, First-Year Students** are those incoming students who have been admitted for the first time with no credits (other than those earned in advanced classes taken in high school or in the summer after high school graduation).

**Transfer Students** are those incoming students who enter Keene State College with credits from another college.

**Residency** is determined by the legal home state of the student. The legal home state of "Residents" is New Hampshire. The legal home state of "Non-residents" are states, territories, or countries other than New Hampshire or the United States.

*Continue on following page*

## Admissions

---

### Definitions continued

**Race/Ethnicity** is gathered from all students at the point of entry according to federal guidelines. Students who are not US citizens or permanent residents are counted as non-resident aliens and are not included in race/ethnicity data.

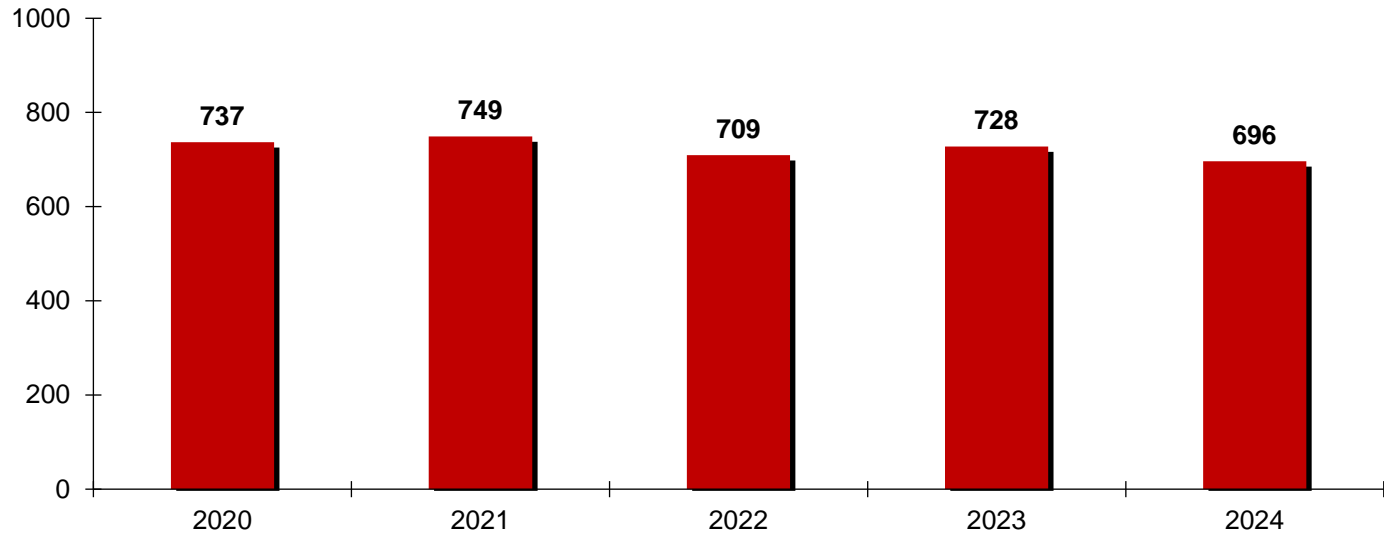

**First-Generation Students** - Students report parental education on their admission application. First-generation students are those for whom neither parent possesses a four-year college degree.

**Pell Grant Recipients** – Pell-grant recipients are used as a proxy for low-income status. Some students who receive Federal Pell grants may not actually be from low-income families (for example, if there are many students from that family enrolled in college at once).

## Enrollment

---

**All data are taken from KSC's official census date of R+30, which is 30 days after the first day of classes**

### Definitions continued

**Continuing Education** students are those taking credit-bearing courses but not formally enrolled as degree- or certificate-seeking students.

**Full-Time** equals a minimum credit load of 12 for an undergraduate or a minimum of 9 for graduate students.

**Part-Time** equals less than the minimum full-time credit loads for undergraduate or graduate students.

**Headcount** is the number of individual students enrolled, regardless of their credit load.

**FTE** is full-time equivalent students. Each full-time student is counted as one, regardless of how many credits he or she is taking. The credits taken by all part-time students are totaled and divided by the minimum full-time credit load.

**FFTE** is financial full-time equivalent students. This is total annual tuition and fee revenues divided by the annual tuition rate based on each KSC tuition rate category.

**Residency** is determined by the legal home state of the student. The legal home state of "Residents" is New Hampshire. The legal home state of "Non-residents" are states, territories, or countries other than New Hampshire.

**Class Levels** are based on the number of credits a student has completed - freshmen/first-year students have completed 0-29 credits, sophomores have 30-59, juniors have 60-89, and seniors have 90 or more credits.

**Race/Ethnicity** is gathered from all students at the point of entry according to federal guidelines. Students who are not US citizens or permanent residents are counted as non-resident aliens and are not included in race/ethnicity data.

**First-Generation Students** - Students report parental education on their admission application. First-generation students are those for whom neither parent possesses a four-year college degree.

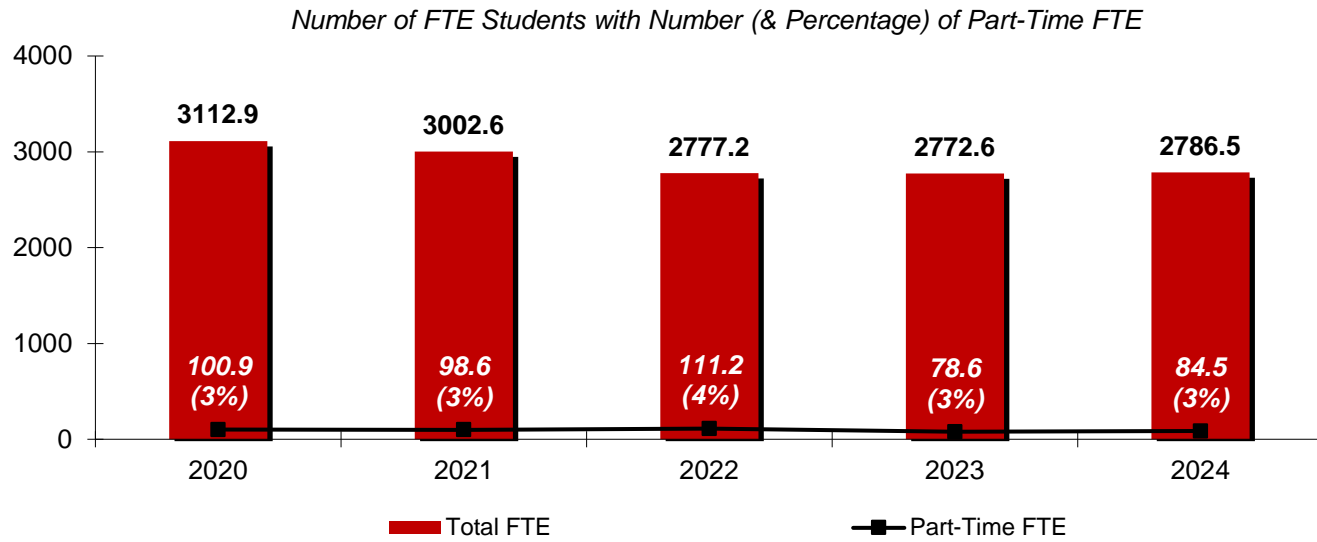

**Pell Grant Recipients** – Pell-grant recipients are used as a proxy for low-income status. Some students who receive Federal Pell grants may not actually be from low-income families (for example, if there are many students from that family enrolled in college at once).

### Class Size

Fall trend of average undergraduate class sizes, fall class size by enrollments, lower and upper course level, and student to faculty ratio.

### Fall Enrollment and Credit Hours by School and Department/Program

Student enrollment in courses by department, lower/upper course levels and the credit hours generated by those enrollments.

### Declared Majors

Trend of declared majors for all enrolled degree-seeking students. First-time, first-year students are included in these figures as most are moved directly to majors upon entrance to the school.

### Declared Minors

Trend of all declared minors.

### Definitions

**Lower Level** classes are numbered between 100 & 299

**Upper Level** classes are numbered between 300 & 499

**Graduate level** classes are numbered between 500 & 699

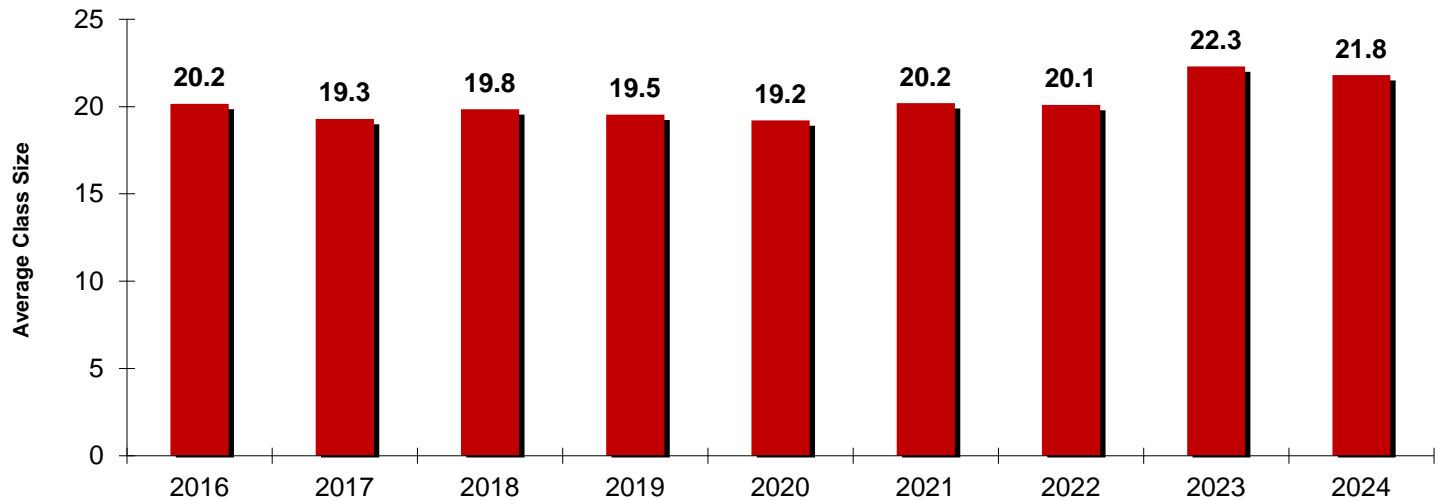

**Post-Baccalaureates** are students with a bachelor's degree returning for teaching certification - counted as undergraduate level students.

**Post-Masters** are students with a master's degree returning for school leadership certification - counted as graduate level students.

**2nd Major** describes when a student pursues a dual major, they complete only one degree but must complete all courses required by two majors.

Data reported here for student to faculty ratio reflect IPEDS definitions.

Student to faculty ratio for Fall 2024 was not available at time of publication due to IPEDS scheduling.

Any courses with enrollment of one, such as Independent Study and Applied Music, have been excluded from class size calculations.

Experiential learning courses, such as internships, cooperative education, and practicums, have been excluded from class size calculations.

Lower Levels are classes with course numbers between 100 & 299.

Upper Levels are classes with course numbers between 300 & 499.

## Retention and Graduation

---

### **Retention Rates by Cohort**

Trend of retention rates for first-time, first-year students.

### **Retention Rates for Demographic Groups**

Trend of retention rates for first-generation students.  
Trend of retention rates for racial & ethnic students.  
Trend of retention rates for Pell Grant recipients.  
Trend of retention rates by gender of students.  
Trend of retention rates by residency of students.

### **Graduation Rates by Cohort**

Trend of four-, five-, six-, seven-, & eight-year graduation rates for first-time, first-year students.

### **Graduation Rates for Demographic Groups**

Trend of graduation rates for first-generation students.  
Trend of graduation rates for racial & ethnic students.  
Trend of graduation rates for Pell Grant recipients.  
Trend of graduation rates by gender of students.  
Trend of graduation rates by residency of students.

### **Degrees Awarded**

Trend of total degrees awarded during each fiscal year. Degrees awarded at summer, winter, and spring commencements are counted.

### **Graduated Students by Gender**

Trend of unduplicated headcounts of all students who were awarded a degree during each fiscal year by gender.

### **Graduated Students by Race/Ethnicity**

Trend of unduplicated headcounts of all students who were awarded a degree during each fiscal year by race/ethnicity.

### **Majors At Graduation**

Trend of majors of those who graduated in each fiscal year.  
Because this number includes second majors, it exceeds the number of degrees conferred.

### **Minors At Graduation**

Trend of minors of those who graduated in each fiscal year.

## Retention and Graduation

---

### Definitions

**Post-Baccalaureates** are students with a bachelor's degree returning for teaching certification - counted as undergraduate level students.

**Post-Masters** are students with a master's degree returning for school leadership certification - counted as graduate level students.

**First-Generation Students** - Students report parental education on their admission application. First-generation students are those for whom neither parent possesses a four-year college degree.

**Race/Ethnicity** is gathered from all students at the point of entry according to federal guidelines. Students who are not US citizens or permanent residents are counted as non-resident aliens and are not included in race/ethnicity data.

**Pell Grant Recipients** – Pell-grant recipients are used as a proxy for low-income status. Some students who receive Federal Pell grants may not actually be from low-income families (for example, if there are many students from that family enrolled in college at once).

**Residency** is determined by the legal home state of the student. The legal home state of "Residents" is New Hampshire. The legal home state of "Non-residents" are states, territories, or countries other than New Hampshire.

**2nd Major** describes when a student pursues a dual major, they complete only one degree but must complete all courses required by two majors.

## Retention Rates by Cohort

2020	736	74.7	64.4	59.8	5.6	
2021	746	76.8	70.5	66.6		
2022	707	78.5	70.1			
2023	727	78.7				

*Note: Retention rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year. For Factbooks published prior to fall 2006 these rates were calculated using all first-time, first-year undergraduate degree seeking students regardless of full- or part-time status. Historical data presented here have been recalculated based on full-time students only so that figures in these tables are consistently derived.*

*The data reported here differ slightly from retention rates reported in previous Keene State College Factbooks because IPEDS rules have been applied retroactively to cohort years 2006-2009. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis. Future Factbooks will report retention data consistent with this methodology.*

*\*Consistent with IPEDS rules, for 2015 enrollment and retention calculations, students who were on a Study Away semester were not included in the analysis of retained students. This IPEDS rule was changed after one year. Starting with 2016 enrollment and retention calculations, Study Away students were included in the analysis.*

*Retention rates for Cohort 2007 & 2008 have been modified from some previous Factbooks to exclude Military LOA students not previously accounted for.*

Retention rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year.

IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.

Readers should interpret retention rates with caution when they are computed for small groups. A change of a small number of students from year to year will result in a large percentage change.

\*Consistent with IPEDS rules, for 2015 enrollment and retention calculations, students who were on a Study Away semester were not included in the analysis of retained students. This IPEDS rule was changed after one year. Starting with 2016 enrollment and retention calculations, Study Away students were included in the analysis.

*Note: Graduation rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year. For Factbooks published prior to fall 2006 these rates were calculated using all first-time, first-year undergraduate degree seeking students regardless of full- or part-time status. Historical data presented here have been recalculated based on full-time students only so that figures in these tables are consistently derived.*

*The data reported here differ slightly from graduation rates reported in previous Keene State College Factbooks because IPEDS rules have been applied retroactively to cohort years 2005-2009. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis. Future Factbooks will report retention data consistent with this methodology.*

*IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.*

*\*Graduation rates for Cohort 2007 & 2008 have been modified from previous Factbooks to exclude a Military LOA student not previously accounted for.*

*Starting with the 2006 cohort, IPEDS requested outcome measures for 8-year graduation rates.*

Graduation rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year.

IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.

Readers should interpret graduation rates with caution when they are computed for small groups. A change of a small number of students from year to year will result in a large percentage change.
