Introduction

Factbook Introduction

Keene State College collects and shares important data about our community, which you can find in this annual reference guide.

Factbook provides a snapshot of timely information that serves as a resource to learn more about the College and the students we serve, as well as data pertaining specifically to admissions, and to student enrollment, student demographics, programs, and retention and graduation rates.

In certain instances, multiple years of data are shared to offer important historical context and comparison.

Updated each year, Factbook is released in the fall.

About Keene State College

Part of the University System of New Hampshire, Keene State is New Hampshire's public liberal arts college. It offers more than 40 areas of undergraduate study in the liberal arts, social sciences, sciences, and professional programs, as well as graduate degree and certificate programs.

Moreover, our distinctive educational experience provides students with learning experiences that stretch their boundaries: hands-on, in-the-field, and service-based opportunities that foster critical thinking, innovative thinking, and collaborative approaches alongside professionals. The culture is one of exploration; students are encouraged to reach across academic disciplines not only to broaden their education and job readiness but also to tap into diverse interests.

A vibrant student-life experience on an idyllic campus, dozens of clubs and organizations, and a wide-ranging NCAA athletics program that now includes men's and women's ice hockey and eSports serve to enhance personal growth opportunities.

Added up, the Keene State commitment is this: Help students pursue their dreams, discover their purpose, and get to know who they will become - not just tomorrow but for a lifetime.

Recognition and Accreditation

The College is proud to note that the quality of our academic offerings and centers is acknowledged by nationally recognized accrediting associations.

Keene State is also an active member of the American Democracy Project, an initiative of the American Association of State Colleges and Universities dedicated to producing graduates with the knowledge, skills, attitudes, and experiences they need to be knowledgeable and engaged members of their communities.

Mission, Vision & Values

Keene State College prepares promising students to think critically and creatively, to engage in active citizenship, and to pursue meaningful work. As the public liberal arts college of New Hampshire, we offer an enriching campus community and achieve academic excellence through the integration of teaching, learning, scholarship, and service.

Mission

Keene State College, as the public liberal arts college in New Hampshire, offers an accessible, high-quality education in an inclusive campus community dedicated to academic excellence. Through the integration of teaching, learning, scholarship, and service, we prepare students to think critically and creatively, engage in their communities, and pursue meaningful work in a global society.

Vision

Keene State College will be a nationally recognized, diverse, student-centered college that transforms lives, and is known for distinctive academic programs that anticipate the needs of our regional and global communities.

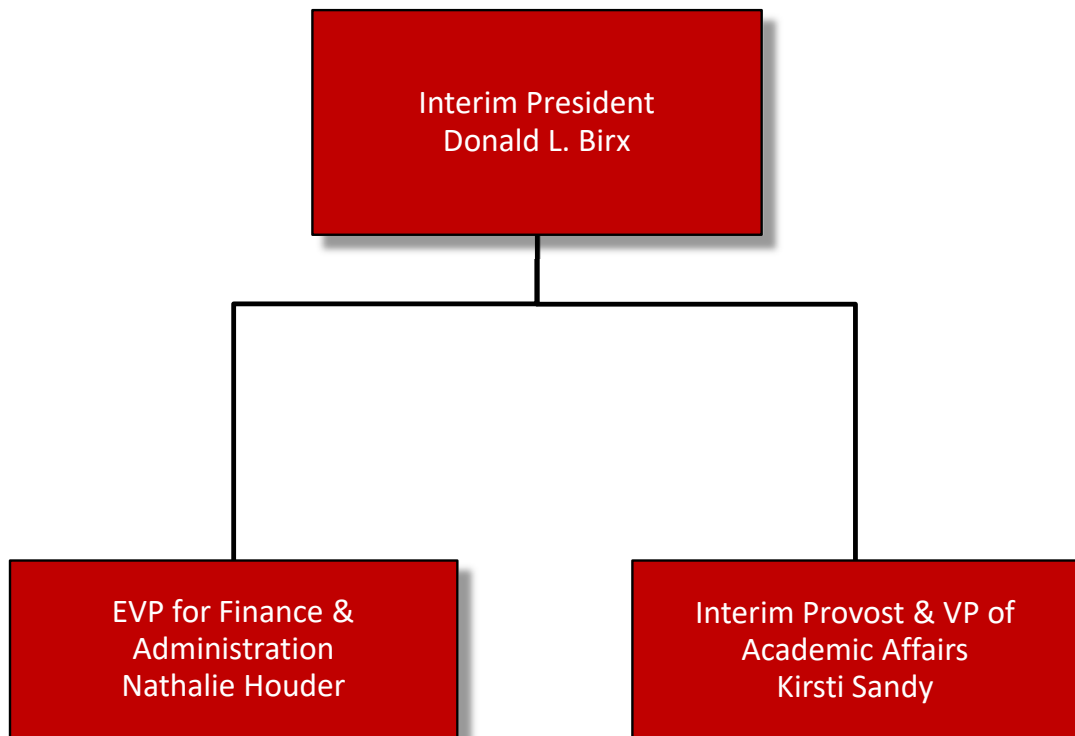

Values

At Keene State, we will...

- **Respect** all individuals and foster a supportive community.
- **Commit** ourselves to life-long learning.
- **Strive** to build a just society.
- **Work** towards a sustainable and equitable world.
- **Take action** to benefit others.

Definitions

First-Time, First-Year Students are those incoming students who have been admitted for the first time with no credits (other than those earned in advanced classes taken in high school or in the summer after high school graduation).

Transfer Students are those incoming students who enter Keene State College with credits from another college.

Residency is determined by the legal home state of the student.
The legal home state of "Residents" is New Hampshire.
The legal home state of "Non-residents" are states, territories, or countries other than New Hampshire or the United States.

Admissions

Definitions continued

Race/Ethnicity is gathered from all students at the point of entry according to federal guidelines. Students who are not US citizens or permanent residents are counted as non-resident aliens and are not included in race/ethnicity data.

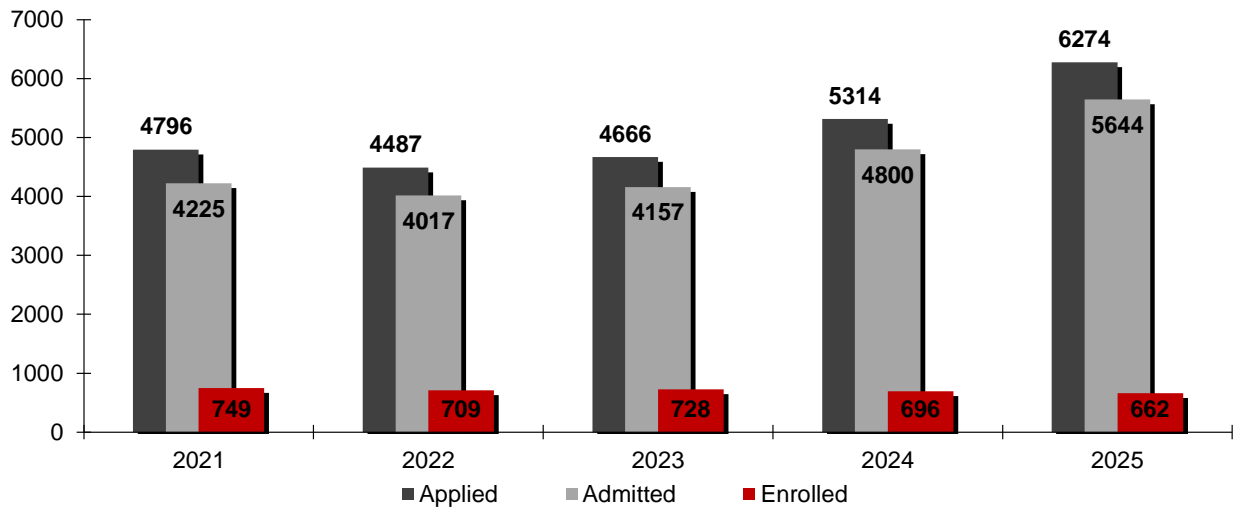

First-Generation Students - Students report parental education on their admission application. First-generation students are those for whom neither parent possesses a four-year college degree.

Pell Grant Recipients – Pell-grant recipients are used as a proxy for low-income status. Some students who receive Federal Pell grants may not actually be from low-income families (for example, if there are many students from that family enrolled in college at once).

Definitions continued

Continuing Education students are those taking credit-bearing courses but not formally enrolled as degree- or certificate-seeking students.

Full-Time equals a minimum credit load of 12 for an undergraduate or a minimum of 9 for graduate students.

Part-Time equals less than the minimum full-time credit loads for undergraduate or graduate students.

Headcount is the number of individual students enrolled, regardless of their credit load.

FTE is full-time equivalent students. Each full-time student is counted as one, regardless of how many credits he or she is taking. The credits taken by all part-time students are totaled and divided by the minimum full-time credit load.

FFTE is financial full-time equivalent students. This is total annual tuition and fee revenues divided by the annual tuition rate based on each KSC tuition rate category.

Residency is determined by the legal home state of the student. The legal home state of "Residents" is New Hampshire. The legal home state of "Non-residents" are states, territories, or countries other than New Hampshire.

Class Levels are based on the number of credits a student has completed - freshmen/first-year students have completed 0-29 credits, sophomores have 30-59, juniors have 60-89, and seniors have 90 or more credits.

Race/Ethnicity is gathered from all students at the point of entry according to federal guidelines. Students who are not US citizens or permanent residents are counted as non-resident aliens and are not included in race/ethnicity data.

First-Generation Students - Students report parental education on their admission application. First-generation students are those for whom neither parent possesses a four-year college degree.

Pell Grant Recipients – Pell-grant recipients are used as a proxy for low-income status. Some students who receive Federal Pell grants may not actually be from low-income families (for example, if there are many students from that family enrolled in college at once).

Headcount is an unduplicated count of all enrolled students.

FTE - Full-time equivalent. Full-time students are each counted as one FTE. Part-time student FTE is calculated by totaling all credits taken by part-time students and dividing by the minimum full-time credit load.

FFTE - Financial full-time equivalent. This is calculated by totaling annual tuition and fee revenues and dividing that by the annual tuition rate based on each KSC tuition rate category. Data supplied by the KSC Business Office.

Class Size

Fall trend of average undergraduate class sizes, fall class size by enrollments, lower and upper course level, and student to faculty ratio.

Fall Enrollment and Credit Hours by School and Department/Program

Student enrollment in courses by department, lower/upper course levels and the credit hours generated by those enrollments.

Declared Majors

Trend of declared majors for all enrolled degree-seeking students. First-time, first-year students are included in these figures as most are moved directly to majors upon entrance to the school.

Declared Minors

Trend of all declared minors.

Definitions

Lower Level classes are numbered between 100 & 299

Upper Level classes are numbered between 300 & 499

Graduate level classes are numbered between 500 & 699

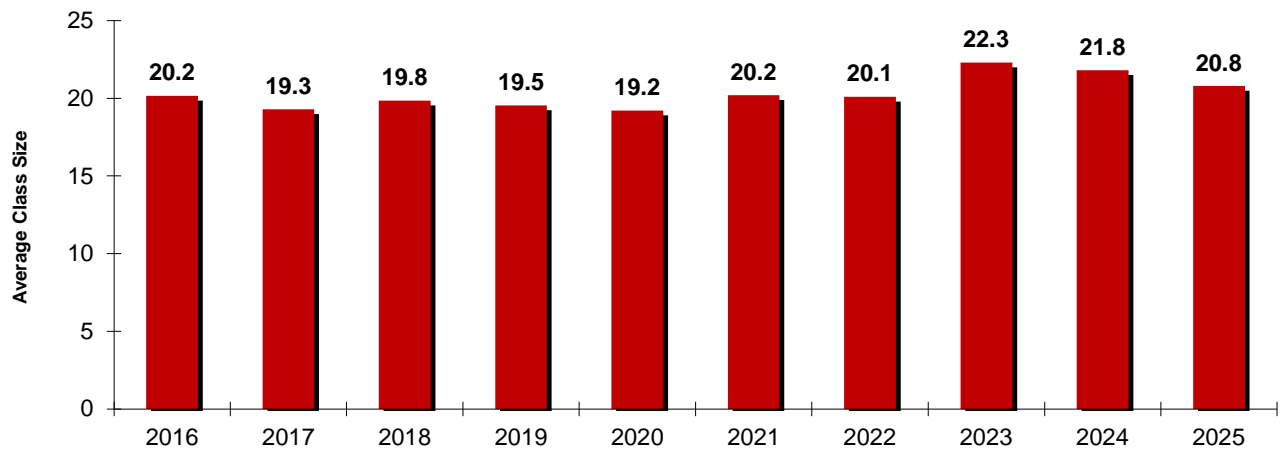

Post-Baccalaureates are students with a bachelor's degree returning for teaching certification - counted as undergraduate level students.

Post-Masters are students with a master's degree returning for school leadership certification - counted as graduate level students.

2nd Major describes when a student pursues a dual major, they complete only one degree but must complete all courses required by two majors.

Retention and Graduation

Definitions

Post-Baccalaureates are students with a bachelor's degree returning for teaching certification - counted as undergraduate level students.

Post-Masters are students with a master's degree returning for school leadership certification - counted as graduate level students.

First-Generation Students - Students report parental education on their admission application. First-generation students are those for whom neither parent possesses a four-year college degree.

Race/Ethnicity is gathered from all students at the point of entry according to federal guidelines. Students who are not US citizens or permanent residents are counted as non-resident aliens and are not included in race/ethnicity data.

Pell Grant Recipients – Pell-grant recipients are used as a proxy for low-income status. Some students who receive Federal Pell grants may not actually be from low-income families (for example, if there are many students from that family enrolled in college at once).

Residency is determined by the legal home state of the student. The legal home state of "Residents" is New Hampshire. The legal home state of "Non-residents" are states, territories, or countries other than New Hampshire.

2nd Major describes when a student pursues a dual major, they complete only one degree but must complete all courses required by two majors.

2023	727	78.7	69.7			
2024	694	79.2				

Note: Retention rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year. For Factbooks published prior to fall 2006 these rates were calculated using all first-time, first-year undergraduate degree seeking students regardless of full- or part-time status. Historical data presented here have been recalculated based on full-time students only so that figures in these tables are consistently derived.

The data reported here differ slightly from retention rates reported in previous Keene State College Factbooks because IPEDS rules have been applied retroactively to cohort years 2006-2009. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis. Future Factbooks will report retention data consistent with this methodology.

**Consistent with IPEDS rules, for 2015 enrollment and retention calculations, students who were on a Study Away semester were not included in the analysis of retained students. This IPEDS rule was changed after one year. Starting with 2016 enrollment and retention calculations, Study Away students were included in the analysis.*

Retention rates for Cohort 2007 & 2008 have been modified from some previous Factbooks to exclude Military LOA students not previously accounted for.

Retention Rates by Cohort for Demographic Groups

2023	252	73.4	62.5			
2024	263	73.8				

Retention rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year.

IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.

Readers should interpret retention rates with caution when they are computed for small groups. A change of a small number of students from year to year will result in a large percentage change.

*Consistent with IPEDS rules, for 2015 enrollment and retention calculations, students who were on a Study Away semester were not included in the analysis of retained students. This IPEDS rule was changed after one year. Starting with 2016 enrollment and retention calculations, Study Away students were included in the analysis.

Retention rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year.

IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.

Readers should interpret retention rates with caution when they are computed for small groups. A change of a small number of students from year to year will result in a large percentage change.

*Consistent with IPEDS rules, for 2015 enrollment and retention calculations, students who were on a Study Away semester were not included in the analysis of retained students. This IPEDS rule was changed after one year. Starting with 2016 enrollment and retention calculations, Study Away students were included in the analysis.

Note: Graduation rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year. For Factbooks published prior to fall 2006 these rates were calculated using all first-time, first-year undergraduate degree seeking students regardless of full- or part-time status. Historical data presented here have been recalculated based on full-time students only so that figures in these tables are consistently derived.

The data reported here differ slightly from graduation rates reported in previous Keene State College Factbooks because IPEDS rules have been applied retroactively to cohort years 2005-2009. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis. Future Factbooks will report retention data consistent with this methodology.

IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.

**Graduation rates for Cohort 2007 & 2008 have been modified from previous Factbooks to exclude a Military LOA student not previously accounted for.*

Starting with the 2006 cohort, IPEDS requested outcome measures for 8-year graduation rates.

Graduation rates are calculated based on all full-time, first-time, bachelor degree seeking students entering in fall of a given year.

IPEDS rules have been applied to these calculations. These rules require that students who are deceased or who are away for activities such as military deployment or church missions be removed from the analysis.

Readers should interpret graduation rates with caution when they are computed for small groups. A change of a small number of students from year to year will result in a large percentage change.

Definitions

Mandatory Fees are charged to students enrolled for credit. These fees include a Registration Fee, Student Center Fee, Activity Fee, Educational and Technical Fee, Athletics and Recreational Sports Fee, Health and Counseling Services Fee and Class Dues.
For further information regarding mandatory fees please see the Mandatory Fees page of the KSC website:
<http://www.keene.edu/life/services/accounts/costs/mandatory/>

Per-Credit costs are charged to those students enrolled part-time.

FFTE is Financial full-time equivalent students.
This is total annual tuition and fee revenues divided by the annual tuition rate based on each KSC tuition rate category.

Residency is determined by the legal home state of the student. The legal home state of "Residents" is New Hampshire. The legal home state of "Non-residents" are states, territories, or countries other than New Hampshire.

* At any time since graduation from KSC.

** At time of the survey.

As of the Class of 2021, a new survey, the First Destination Survey, was administered to alumni. Due to changes in survey methodology, results may largely differ from previous years.

** Previous to the Class of 2021, these results included alumni who were employed **and/or** pursued further education.

As of the Class of 2021, the responses include only alumni who were employed **or** pursued further education.

Data gathered from KSC Alumni Surveys (pre-2021) & First Destination Surveys (since 2021).

Surveys are administered post-graduation. For more detailed information go to https://www.keene.edu/office/ir/publications/#first_destination_survey
