Steelcase “Kick” Systems Solutions: Panel-based

### **Narrative:**

Keene State College is looking to create two adjacent office spaces in the Mason library using Steelcase’s “Kick” systems solutions: panel-based with paint price group 1 and Kick standard fabric price group A. Each office will be approximately 12' x 10' and adjacent to each other sharing one of the 10' long partitions between each office.

### **Key features of each office:**

**Partitions:** all partitions (interior, three sides) will measure 78" in height with the exception of the (exterior) 12' long partition facing the building's exterior. The (exterior) 12' long partition facing the building's exterior will measure 42" in height allowing for views out the window. Worksurfaces will wrap around three sides of the office, the two 10' long partitions, one of the 12' long partitions (exterior) and be panel mounted.

- All (interior) 10' long and 12' long partitions
  - Monolithic Tackable Acoustic Panels with factory installed powerway and cable routing.
